UNIVERSITY OF ALBERTA
FACULTY OF NURSING

BScN Collaborative Program—Year 4 Registration Tip Sheet 2017-2018

Fall Term 2017

SEQUENCE A
(Medicine/Surgery—Fall)

OR

GROUP 1
2-week alternating format, clinical first

NURS 407 "D" Labs
NURS 408 Cln U01*
NURS 409 A01-A03

GROUP 2
2-week alternating format, sem/lab first

NURS 407 "G" Labs
NURS 408 Cln U02*
NURS 409 A01-A03

Registration Deadline: June 30

*You will register in 1 of 2 bulk sections rather than specific small clinical sections. This is because we take into consideration the type of clinical unit (medicine or surgery) and the instructor you had for NURS 308 and place you in a different type of clinical unit and with a different instructor for NURS 408. Students will be placed into individual clinical sections by the Faculty of Nursing.

SEQUENCE B
(Community Nursing—Fall)

OR

NURS 406 Mon/Tues
(odd-numbered sections)

NURS 405
Lab D04-D07
NURS 409 A04/A05

NURS 406 Wed/Thur
(even-numbered sections)

NURS 405
Lab D01-D03
NURS 409 A04/A05

Registration Deadline: June 30

Students are required to have a **Child Intervention Check** dated within 90 days of the start of NURS 406. This check is free and requires a form, available at Faculty of Nursing Undergraduate Services, ECHA 4-141, to be completed. For more information see the Faculty of Nursing website.

Winter Term 2018

NURS 494 Sem Y01 (Bulk section)

NURS 495 Cln Z01 (Bulk section)
Students in NURS 495 do not observe Winter Term Reading Week (see Academic Schedule).

Registration Deadline: April 28

NURS 495 clinical placements will only be requested for those students who have registered in NURS 494 & 495 by April 28.

Note:

- Due to clinical restrictions, it **will not** be possible to switch to a different clinical section.
- Students **may not** go to a unit/area where they have worked or have a relative working on the unit. Please notify us as soon as possible following the posting of clinical groups if you find you are placed where you work or have worked.
- If you have already completed your placement request for NURS 495 and you have serious concerns about your placement, i.e., health concerns, academic concerns or a conflicting UNE position, please contact Karen Peterson, Clinical Placement Coordinator.
- When adding NURS 407/408 to your Schedule Builder, you will see the following warning:

  Time conflicts - These classes overlap one another on your schedule grid.

  This warning means that Bear Tracks cannot display your class schedule in the Schedule Builder, NOT that there is an actual time conflict. As long as you follow the registration instructions in the Bear Tracks Class Notes, you will not have a time conflict that prevents you from registering successfully. Unfortunately, the Schedule Builder is not able to correctly display classes with unusual sequencing like NURS 407/408.

Most importantly, you must have successfully completed ALL your electives and required courses prior to commencing NURS 494.

A transcript of your successfully completed ELECTIVES must be evident in your student file no later than a month prior to starting NURS 494. This means that you need to allow sufficient time for the educational institution to process your transcript (this can take weeks or months).
