

Research Interests

Please complete the following form.

1. In what area of Resource Economics and Environmental Sociology (REES) are you interested in (select one)?

***If you chose Agricultural & Resource Economics, please select your 1st and 2nd specialization choice:*

2. Please write a one-page summary describing your research interests. You may wish to explain how the proposed graduate program relates to your career goals, list your academic, research and professional plans, and how your background (scholastic/academic training and work experience) make you a suitable candidate to complete research in this field.
