Join the Angus Watt Advisory Group and National Bank Financial in supporting the 6th Annual Women Fore Pandas Golf Tournament and help our Panda student-athletes strive for excellence now and in the future as they continue to be a source of pride for the University of Alberta.

Whether it’s through sponsorship, a silent auction donation, participating as a golfer or a combination of all three, you are helping elevate University of Alberta Pandas student-athletes and shaping our leaders of tomorrow.

Empowering women in the classroom and in sport helps build tomorrow’s leaders. This is why the Angus Watt Advisory Group and National Bank Financial proudly support the Women Fore Pandas Golf Tournament, and have since day one.

Since 2013, this women’s-only golf tournament has raised over $325,000, which has funded over 170 Pandas student-athlete scholarships. These scholarships allow Pandas student-athletes to focus on their studies and athletic aspirations, as they embark on a journey that will shape their futures.

The Women Fore Pandas Golf Tournament is all about women empowering women. At National Bank Financial, we strongly believe, through our support of University of Alberta Athletics and Pandas student-athletes, that we are empowering future community leaders. This will help student athletes excel in academics and sport, reducing the stress of financial burden.

Support of the Women Fore Pandas Golf Tournament allows the University of Alberta to attract the best and brightest talent across Canada and beyond, enabling them to remain a dominant force in Canadian female varsity programs.

These women are future CEOs, presidents, doctors, nurses, medical professionals, teachers, community leaders, entrepreneurs, coaches and successful business owners. All of which will enrich our community. This is why the Angus Watt Advisory Group and National Bank Financial encourage you to support the 6th Annual Women Fore Pandas Golf Tournament.

“Finding a healthy life balance is intensely important for student-athletes and a challenge that we all face. Thanks to the immense support and financial assistance from our community, the challenge is much more surmountable for student-athletes like myself. The Women Fore Pandas scholarship has allowed us Pandas to fearlessly pursue our academic and athletic goals at full force. I will be forever grateful for all of the support and opportunities that surely would not have been achievable otherwise.”

“As a second-year Faculty of Business student, I fully appreciate the support from the community and alumni in creating and sustaining this scholarship. It has been instrumental in fostering both my academic and athletic journey. Balancing an academic workload with the schedule of a student-athlete can be very demanding, but has rewarded me in return by enhancing my university experience as well as my personal growth. The Women Fore Pandas Scholarship has lessened the financial burden for me and has allowed more time to focus on my academic and athletic pursuits, and for that I am truly grateful.”

Fun Facts
Of the 199 Pandas student-athletes, 12 are working on their undergraduate degrees in Agriculture, Life & Environmental Sciences, 34 in Arts, 12 in Business, 15 in Education, eight in Engineering, six in Faculte Saint-Jean, five in Native Studies, eight in Graduate Studies and Research, five in Medicine and Dentistry, five in nursing, two in open studies, one in Pharmacy, 60 in Kinesiology, Sport, and Recreation, and 26 in Science.

Varsity Pandas teams have been proudly representing the University of Alberta, the province of Alberta, and the city of Edmonton for over 100 years. Panda teams have won a combined 65 Canada West Championships, 23 Western Canadian/Regional Championships, 36 U SPORTS Championships, and two national championships (tennis).

The University of Alberta has also developed a reputation as not only a leader athletically, but also academically. The U of A has produced the most Academic All-Canadians (AAC) in Canada, with 2,750 Golden Bears and Pandas being named an AAC since 1990. A total of 85 Pandas student-athletes earned Academic All-Canadian status in 2016-17, which set a new University of Alberta record. These exceptional student-athletes achieved an academic average equivalent to 80% or higher in their full-time studies, while competing and training full time with their varsity program.
