

Environmental or Biology Student Position

Grande Prairie, AB

Down to Earth Biology

We are searching for a student in biological or environmental studies to join our team of experienced professionals in Grande Prairie, one of the hottest oil and gas areas in Canada, for a 4 month contract starting May 8, 2017. The person selected for the position will assist in the implementation of baseline terrestrial and aquatic studies, wildlife and fisheries inventory, water quality monitoring, environmental impact assessments and environmental monitoring. Responsibilities will be focused on conducting technical work mentored by our senior scientists while assisting with logistics, data management and analysis, quality control, and technical reporting.

Requirements:

Our ideal candidate has specialized expertise that would complement our Aquatics and Terrestrial Ecology groups, in one or more of the following disciplines.

- Fisheries experience
- Watercourse crossing assessment
- Wetland classification
- Avian auditory and visual identification
- Plant identification
- Soil science - Soil classification for land capability and pre-, post-disturbance assessment

The successful candidate will have a strong aptitude to working in a team environment and coordinating with other disciplines. They will have a strong work ethic and a positive attitude with an enthusiasm for the outdoors. Excellent written and interpersonal communications skills are required, as are a class 5 driver's licence and a willingness to travel. This position is a predominantly a field based position. It is preferred if the candidate has a working knowledge of the oil and gas industry and regulatory processes in Alberta.

EDI is currently in our 23rd year of business. We operate on the core principles of quality and innovation, open communication, mutual respect, and safe work environment. If you are ready for new challenges and a rewarding career experience, please email your resume to: employment@edynamics.com, with GPS41 in the subject line. Applications will be considered as soon as they are received until April 7th, 2017.

Applicants will be considered as their resumes are received and may be requested for an interview prior to the closing date. Only candidates requested for personal interviews will be contacted. Should an individual with the required qualifications not be available, applicants with closely related qualifications may be considered. As a result, the position may be reclassified and offered without reposting.
