Why Augustana?
Augustana Campus, University of Alberta provides an excellent environment in which to prepare for careers or graduate studies. Dedicated to the pursuit of the liberal arts and sciences, Augustana provides an education in which the acquisition of advanced academic knowledge is coupled with the skills required for success: critical thinking, clear writing and confident presentations. Augustana’s small class sizes provide more interaction with the professor and enable more student-led learning.

Augustana’s small city setting and excellent residence life program also encourage participation in community service and provide an opportunity for students to develop skills in service and leadership.

Management at Augustana
The successful business leaders of tomorrow will have the skills to anticipate, adapt and influence. Augustana’s Bachelor of Management in Business Economics can help you prepare for success by giving you these skills through a broad-based, interdisciplinary approach so that you can take advantage of opportunities in the marketplace.

At Augustana, combine the best of both worlds...

a world-class business management degree
- Strategic planning and organizational expertise
- Tools to navigate the economy of the 21st century
- Foundation of business management, finance, accounting, and marketing

with...

the breadth of the liberal arts
- Critical thinking and analytical skills
- Interpersonal and networking development
- Skills in speaking, research, reading, and writing

I have a deep understanding of how to apply my knowledge to managerial positions or to other initiative seeking positions. The greatest strength of the BMgt program is the knowledgeable professors who are able to apply real world knowledge to the classroom. Having many CSL courses is also a strength as it allows students to develop working relationships with community members to complete a project, putting their knowledge and skills into practice.

—Myla Large (B.Mgt 2015)

Program Requirements
The four year Bachelor of Management consists of 120 credits in arts, science and professional, including 66 credits in the Business Economics program and the credits required for the liberal arts and sciences core. Because of the possibility of overlap between the credits required for the core and those required for the Business Economics program, a student may also include options or an optional minor.

BMgt in Business Economics
- 15 credits in Economics Foundation AUECO 101, 102, 203, 204 and 480

Admission Requirements
For admission from high school, an average of 70% is required in Grade 12 Academic English, Academic Mathematics, and three other Grade 12 subjects.

Augustana’s BMgt has given me the critical skills and confidence to effectively contribute to the dynamic Canadian business environment. The greatest strength of the program is the small classes and networking opportunities with both instructors and other students.

— Larissa Hepp (B.Mgt, 2015)
