

BAA Mentorship Program

The BAA has established an Alumni Mentorship Program to help connect recent graduates with more seasoned alumni. The goals of this program include:

- To connect recent graduates with experienced alumni to strengthen the Alumni family and expand networks.
- To influence future business leaders by providing career guidance and sharing relevant knowledge and experience.
- To assist recent graduates in further developing their communication and networking skills.
- To provide a vehicle for experienced business leaders to “pay it forward” and share their knowledge with more recent graduates.
- To share insight into the local business community.
- To facilitate the exchange of knowledge on new business trends and developments.

About the BAA

The Business Alumni Association (BAA) represents the more than 28,000 graduates from the BCom, Masters, and PhD programs at the Alberta School of Business. The BAA provides a support network for students and graduates through events, student scholarships, and by recognizing outstanding achievements by alumni.

BENEFITS OF BEING PART OF THE BAA MENTORSHIP PROGRAM

WWW.UALBERTA.CA/BUSINESS/ALUMNI/MENTORSHIP

ALUMNI TO ALUMNI

The BAA Mentorship Program is the only program at the Alberta School of Business where both mentors and proteges are alumni that have already entered the workforce.

BUSINESS GRADUATES

This program caters specifically to business graduates, allowing for more meaningful matches where both parties share similar goals and career interests.

GENUINE MEET UPS

The BAA Mentorship Program encourages genuine, in-person conversations compared to the email and text relationships supported by some other on-campus mentorship programs.

ONGOING GUIDANCE

The BAA offers guidance and support to mentors and proteges throughout the program to ensure that both parties get the most out of their experience.

HAND MATCHED

The BAA takes great care in making each match by hand to best complement the personalities, interests, and experiences of participants.

ALUMNI NETWORK

By being a part of the BAA Mentorship Program, you develop new relationships, create new opportunities, and strengthen our Alumni network!
