ETP SPECIAL ISSUE STYLE GUIDELINES

General
12 point Times Roman font.
1” margins on all sides.
use 8.5” x 11” paper size.
when in doubt, follow style guidelines of Entrepreneurship Theory and Practice.

Page Limits
Papers: 40 pages plus title page. Note: It is okay to deviate from the page limit on early drafts but the final version must conform to these guidelines.

Abstract
Single space. Approximately 100 words.

Body of Paper
Should follow abstract on same page. Double space between abstract and body. Use heading “Introduction” to denote beginning of paper.

Double space throughout. However, hypotheses, propositions, and offset quotations can be single spaced; double space before and after.

Headings should be used as follows (double space before and after):

FIRST LEVEL HEADING

Second Level Heading
Third Level Heading. Start paragraph directly after heading.

Appendices
Should be on the next page following the text.
Can be single spaced (please keep length and number of appendices within reason).
Double space between paragraphs.

References
Use ETP style.
Should be on the next page following appendices.
Single space references, double space between references.

Tables and Figures
Camera-ready.
Should be on the next page following references.
Should use 2nd level heading style for headings (see above).
The place where tables and figures should be inserted should be mentioned in text.
Can be single-spaced.
