Overview of DiscoverE Summer Camps:
DiscoverE’s summer camps provide an opportunity for youth in Kindergarten to Grade 8 to complete exciting projects and challenges across engineering, science, technology, and math. Participants will develop problem-solving and practical skills required to be successful in engineering and science. Summer camps run during the months of July and August for a total of 8 weeks. DiscoverE not only offers summer camps on campus in Edmonton, but also in rural and remote communities throughout Central and Northern Alberta and the Northwest Territories. Camp hours are from 8:30 am to 4:00 pm with early drop-off occurs from 8:00 am and late pick-up is until 5:00 pm. Successful applicants will be contacted to arrange for work shifts for the Edmonton camps.
