Having a baby is one of the most special times in a person’s life. For both moms and dads, looking after that precious miracle of life is incredibly rewarding…and a little daunting. Most of us don’t receive any formal training when it comes to parenting a newborn, but with some education and support, you can be confident that you are doing all the right things.

Be assured your baby’s needs are being met!

- **Feeling a little blue?** Many women experience mood swings after giving birth. If you have the baby or postpartum blues, talking it over with a professional can be helpful.
- **New to fatherhood?** Because babies don’t come into the world with a set of instructions, information and support can help new dads handle their new role with confidence.
- **Transitioning back to work?** Making a successful transition after maternity or parental leave is critical for parents. We can help make it a little easier for everyone.
