Faculty of Medicine & Dentistry
Faculty Council Meeting
September 17, 2013
3:00 – 4:30 p.m.
2F1.04 WMC (Classroom D)

Present:
As per attached list  "attendance list may not reflect everyone in attendance"

1. CALL TO ORDER
   Dr. D. Douglas Miller called the meeting to order at 3:04 p.m.

2. APPROVAL OF AGENDA
   MOVED by Dr. D. Douglas Miller and approved by acclamation.

3. APPROVAL OF THE AUGUST 20, 2013 MEETING MINUTES
   MOVED by Dr. D. Douglas Miller and SECONDED by Susan Andrew and Peter Hamilton to accept the Minutes of the August 20, 2013 Faculty Council Meeting as circulated.

4. INTRODUCTION OF NEW FACULTY
   Dr. Miller welcomed new Faculty Members:
   - Dr. Xin-Min Li, Chair of Psychiatry
   - Dr. Jennifer Conway, Department of Pediatrics

5. BUSINESS ARISING
   No items.

6. DEAN’S REPORT
   a. Budget Update
      Dr. Miller reported on the FY14 budget. Beginning in April of FY14/15 we would have to achieve a reduced run rate of 56 million dollars less than the current run rate in the base Campus Alberta grant. In order to accomplish that there would be a series of things the University proposed. One of which was announced fairly shortly after was the Voluntary Severance Program (VSP). This program was offered through a coordinated request for people to obtain information by email through the Provost office to all members of the University essentially all members of the faculty, all APO’s and people were given instructions as to how to proceed. They were given the deadline of September 16, 2013 to submit an application for VSP. The VSP program required the department chair and faculty member have a conversation about the department needs and the individuals desire to go through a severance process. Those applications were forwarded with a copy to the faculty and the Provost office requesting officially consideration for the VSP. We will have a budget meeting with the senior faculty leadership with the Provost office in the latter part of September to go over our budget plan as
they imagine it. A budget letter will come out on or about October 15th from the Provost Office. This is much earlier than last year as we received the budget letter in early May. The Dean’s requested this year that the budget letters come out early and be consistently applied based on what we understand to be the required cuts. This is the current approach to taking the budgets forward and to planning for cuts.

In my view there is a possibility that there will be additional funding available to offset budget reductions and the number may be reduced if the economy in the province approves. If there is money made available to the University centrally to fund over enrolled student programs and other considerations. (Our strategy is to plan for the worst and hope for the best as we have been guided to proceed. There have been meetings between the Dean’s and central administration on a variety of topics as it relates to splitting of indirect costs going forward and international differential fees going forward. We have negotiated some better splits of those revenues going forward that have been agreed to by administration centrally. We feel that is progress towards more revenue generation as well. We will continue to look for ways to grow revenues.)

For those of you who are in ARP departments the process of developing a deficit funded budget created by an unusual split in the conditional grant going for this year and to get that deficit reconciled appropriately by the government, by Alberta Health and AMU is under continuous effort and process. We have no guarantees yet but I think we have made significant progress since the last Faculty Council meeting. So if you are in an ARP department we think we are moving in the right direction there. If you are not in an ARP department we are working on that too.

b. **Strategic Planning Faculty Forums (Sept. 13, 2013)**
We had three forums at the Royal Alexandra MSB Auditorium and had more than 100 faculty members who gave us input in the strategic planning process so far. We had some very good ideas that we will incorporate many of those ideas in the ongoing strategic planning activities. We hope to deliver a more refined plan and document either in October or November at the latest to this group. We will give you an opportunity to review it and give some additional feedback if you were not able to get to one of those sessions.

7. **NEW BUSINESS**

a. **Biosafety Guideline Update from EHS**
Dan Dragon
Our Biosafety division has put together a new set of biosafety guidelines for all our research groups working with biohazards. The Faculty of Medicine contains about 75% of the 600 labs on campus working with biohazards. The new guidelines have been developed by the Biosafety Division in consultation with many of our client bases. It is a major revision and modernization of our existing Biosafety Manual that was last revised in 2003. This autumn we will be posting it on our website. We will also be taking it with us when we do an inspection of your lab and will have copies to distribute to you. The Biosafety Office consists of six individuals who will be available once this comes out to attend your staff meetings and get your researchers on their way with our new system.

b. **Vice Dean of Education**
Dr. F. Brenneis
i. **Accreditation Update**

The Institutional Self Study is done which is the mock survey version. The last of the remaining elements that were in the ED and ER sections that dealt a lot with the financial were recently completed. The data base is almost 95% complete. The team will be here Sunday evening October 6th to Wednesday October 9th. Dr. Cam Peterson
will lead the team who is a graduate from this medical school in 1982. He is currently the Vice Dean of Finance and Administration at the University of North Carolina School of Medicine. He will be assisted by Dr. Reed Fincher, who is the Vice Dean of Academic Affairs with the Georgia Regence Health Systems and Mr. Anthony Lot who is a year 4 medical student here. Anthony is also the Canadian Federation of Medical Students representative on Caukins. The purpose of the accreditation visit is to help us to identify where our concerns may be and to work with us to find ways to correct them.

c. Vice Dean of Faculty Affairs
   Dr. D. Kunimoto
   i. United Way Campaign
      The university is trying to exceed $10 million in contributions over the last three decades. The campus campaign will begin on October 1st. The United Way supports over 50 agencies in the Capital Region. Two agencies affiliated with the U of A are funded by the United Way – Community University Partnership and the Institute for Sexual minority Studies and Services. There will be a campus campaign website for the U of A.

d. Vice Dean of Research
   Dr. D. Evans
   i. The major activity in the Office of Research was managing some recent proposals for the Canada Foundation for Innovation. Five people sent in proposals and we will support all of them going forward to the University. We had CFI dollars that were unmatched and unspent. We are trying to use this as efficiently as possible to support the operation of the core facilities within the Faculty. Karen Robinson is working to get the proposal for how to reallocate this funding. In the long run $300,000.00 per year in operations would be saved. If anyone is thinking about using CFI opportunities contact Dr. Evans or his team.
   ii. Dr. Evans explained they are starting to take a hard look at the proposals coming forward. Requests for the same equipment are happening over and over and they may start refusing to allow them to be purchased. The institutional operating funds need to be considered.
   iii. If you go to the Faculty of Medicine website some of our major cores have websites linked to help you find what kind of imaging infrastructure is available that you can access. This is for equipment that is in the Faculty of Medicine core. We have lists of excel spreadsheets of equipment in the faculty.
   iv. Out of the last 20 applications we received provincial match to 16 of them. Of the remaining four, two of the groups managed to get matching funds elsewhere and two we were not able to find matching dollars.

8. OTHER BUSINESS
   No other business was brought forward

9. ANNOUNCEMENTS
   a. White Coat Ceremony for our first year students is on Tuesday, September 24th 5:00 pm at Bernard Snell Hall.
   b. One of our Alumni reunion events is Saturday, September 28th at 10:00 am at the Oborowsky Auditorium in Li Ka Shing. It is a conversation with four Dean’s with Dr. Miller, Dr. Mary, Dr. Tyrell and Dr. Wilson regarding various interesting aspects of running a medical school over 30 years of history.
   c. The next in the series of Centennial Lectures on October 6th on Opthalmologic topic with a good way to look at transitional science in the area of vision sciences.

10. NEXT MEETING
    Date: 15 Oct 2013

Page 3 of 5  Z:\Common\Faculty Council\2013\3. Sept 17\Minutes jh-FC 17 September 2013.doc
Time: 1500 - 1630 hrs.
Location: Classroom D (2F1.04)

11. ADJOURNMENT
The meeting adjourned at 3:45 pm.
ATTENDANCE LIST – 17 Sept 2013
FACULTY COUNCIL
FACULTY OF MEDICINE AND DENTISTRY
(May not reflect everyone in attendance)

1. Dan Dragon – Guest Biosafety (EHS)
2. Dennis Kunimoto
3. Fraser Brennies
4. Tracey Hillier
5. Joy Hughes
6. Joanne Profetto
7. Cynthia Henderson
8. Suyata Perscd
9. Lawrence Richer
10. Diane Titley
11. Therese Vanden Broek
12. Susan Andrew
13. Lorraine Breault
14. Christi Andrin – Guest Biosafety (EHS)
15. Ashley Davey
16. Lorelei Betke
17. Louanne Keenan
18. Jill Konkin
19. Maury Pinsk
20. Chris de Gara
21. Peggy Sagle
22. Vijay Daniels
23. Peter Hamillen
24. Anna Oswald
25. Sandy Campbell
26. Andrew Simmonds
27. Rachel Weurick
28. Lisa Cameron
29. Richard Camigoli
30. Jack Juamandas
31. David Westaway
32. Godfrey Man
33. Barbara Ballermann
34. Barb Hiscock
35. James Young
36. Michael Mengel
37. Eric Zhang
38. Eddie Mudalial
39. David Eisenstat
40. Lionel Dibden
41. David Zakus
42. Lisa Purdy
