**Apply to Join Health Savvy Seniors**

**When:** Deadline at 23:59, Monday, October 10, 2016  
**Where:** Online form

Health Savvy Seniors (HSS) is a community-based health initiative for Edmonton seniors led by two internal medicine residents. We provide a number of health promotion workshops to seniors living in the community. We're looking for medical students who are passionate about health promotion, seniors' health, and/or internal medicine. This is a wonderful opportunity to develop your skills as a patient educator, as a community advocate, and as a leader within the medical community. The deadline to apply is Monday, October 10, 2016 at 11:59pm via this [form](#).

Please contact Caitlin Lee (Year 2 rep) at cmlee@ualberta.ca.

Student-led Sexual Harassment Survey

**When:** ASAP
**Where:** Online

We are a group of undergraduate medical students and faculty members surveying med students of all genders at all 17 Medical Schools in Canada to evaluate the prevalence and nature of sexual harassment during medical training. We will use the findings to inform medical schools about the extent of the problem and suggest approaches to addressing it. The anonymous survey should take <15 minutes.

To take the survey, click [here](#).

Contact jwebber@nosm.ca for more information.

William Carlos Williams Poetry Competition

The William Carlos Williams Poetry Competition, sponsored by the Department of Family and Community Medicine at Northeast Ohio Medical University (NEOMED), is open to students attending allopathic or osteopathic schools of medicine in the United States and Canada.

The first-, second-, and third-place winners will be invited to read their poetry at an awards ceremony at NEOMED. In addition, the editors of the Journal of Medical Humanities review the winning poems and consider them for possible publication in that journal.

Find the details [here](#). Contact awwillia@neomed.edu for more information.

Advice on Using Non-AH/AHS Information Systems

The use of technology in healthcare is a rapidly emerging field. Many of us already use information systems provided by Alberta Health (AH) or Alberta Health Services (AHS) such as Netcare, eClinician, and IMPAX, to assist with patient care. However, many other healthcare software products (hereafter referred to as information systems), web based and/or apps for personal devices, are also available for use in inpatient and ambulatory care settings. Before using a non-AH/AHS hosted information system that would contain confidential health information, you MUST be aware of important privacy policies and procedures and your responsibility to comply with the Health Information Act and other privacy laws.
