Instructions to Join Clinical Research Mailing List

In an effort to maintain consistent communication with our clinical research community, we have developed two email lists— one for faculty members and another for non-faculty members – who are conducting or have an interest in conducting clinical research in the FoMD.

Want to join? Please email Jill Byrne (jill.byrne@ualberta.ca) to confirm subscription or follow the simple instructions below.

- Login to FARM (Faculty Administration Resource Manager) using your CCID and password
- Go to the 'Lists' tab
- On page 7, click on the check mark (right hand side), which indicates ‘subscribe’ for either ‘Pillars 2 – 4 Faculty’ OR ‘Pillars 2 – 4 Non-Faculty’, depending on which category applies to you
- Please note that if the Status states 'subscribed', you have already been added to this list
