Overview
The Post-Secondary Learning Act of Alberta gives General Faculties Council (GFC) responsibility, subject to the authority of the Board of Governors, over “academic affairs” (Section 26(1)). Faculty councils “may determine the programs of study for which the faculty is established” (Section 29(1)). In addition, “a faculty council may delegate any of its powers, duties and functions under this act as it sees fit and may prescribe conditions governing the exercise or performance of any delegated power, duty or function, including the power of sub-delegation (Section 29(3)).”

Acknowledging the mission and vision of the Faculty of Medicine & Dentistry, Faculty Council and the dean assign the MD Program Committee (MDPC) the responsibility to ensure the coordination of all academic elements of, supports for, and overall direction of the MD Program. The MD Program Committee assigns, with the consent of the dean, the MD Curriculum Committee authority to oversee the overall design, management and evaluation of a coherent and coordinated curriculum.

The Program Evaluation Sub-Committee operates as a standing committee of the MD Curriculum Committee with delegated responsibility for monitoring and reviewing evaluation of the MD program.

Purpose
Reporting to the MD Curriculum Committee, the Program Evaluation Sub-Committee is responsible for monitoring and reviewing evaluation through development of appropriate policy, review of evaluation methodologies and provision of appropriate feedback to faculty and students.

The sub-committee is guided by relevant Committee on Accreditation of Canadian Medical Schools (CACMS) and Liaison Committee on Medical Education (LCME) accreditation standards.

Any definitions listed in the following table apply to this document only with no implied or intended institution-wide use. [▲Top]

| Committee on Accreditation | The Committee on Accreditation of Canadian Medical Schools |
of Canadian Medical Schools (CACMS)

(CACMS), working with the Liaison Committee on Medical Education (LCME) in the U.S., ensures that Canadian medical faculties’ MD programs meet the quality expected when producing tomorrow's doctors. Medical schools demonstrating compliance are afforded accreditation, a necessary condition for a program’s graduates to be licensed as physicians.

**Liaison Committee on Medical Education (LCME)**
The Liaison Committee on Medical Education (LCME) is the nationally recognized accrediting authority for medical education programs leading to the M.D. degree in U.S. and Canadian medical schools. The LCME is sponsored by the Association of American Medical Colleges and the American Medical Association.

**Canadian Graduation Questionnaire (CGQ)**
The Canadian Medical School Graduation Questionnaire (CGQ) is an annual survey administered by the AAMC (Association of American Medical Colleges) to students graduating from participating M.D. degree-granting programs in Canada.
