The faculty and students within the Faculty of Pharmacy and Pharmaceutical Sciences at the University of Alberta are very grateful to our preceptors. It is with great pride that we acknowledge their contributions to the development of future pharmacists in Alberta. In the past year, nearly 500 preceptors participated in the education of UofA Pharmacy students. Students traveled the province, visiting 50 communities, which included 145 community pharmacies and primary care networks. 60 Institutional sites exposed students to acute and long term care experiences, throughout the province. The following is a list of Clinical Placement Sites and Preceptors, August 2015 to August 2016 (*Preceptor of the Year Winners): The sites are listed according to where the placements occurred.
