1. **INTRODUCTION**
This document sets out formal regulations for reappraisal of assignments and final exams, and appeal of decisions regarding final grades, academic standing, and practicum intervention related to graduate students.

The Faculty of Physical Education and Recreation advocates early and informal resolution of issues of academic standing. To that end, this document also sets out informal procedures for students and faculty members to assist with resolution of problems without formal appeal proceedings. The Faculty of Physical Education and Recreation recommends that students consult with the University of Alberta Student OmbudService for advice in approaches to informal issue resolution or formulation of appeals, and to act as advisors at appeal hearings (780-492-4689, ombuds@ualberta.ca, 5-02 SUB).

2. **DEFINITIONS**

3. PRELIMINARY PROCEDURES FOR INFORMAL RESOLUTION OF ISSUES

3.1. Grounds for requests for informal resolution of reappraisals, reviews, and appeals shall include, but not be restricted to the following:

3.1.1. Errors in calculation;

3.1.2. Procedural errors on the part of the Faculty of Physical Education and Recreation;

3.1.3. Failure of the Faculty of Physical Education and Recreation to consider all factors relevant to the decision being appealed;

3.1.4. Bias or discrimination expressed against the Appellant on the part of the Faculty of Physical Education and Recreation.

3.2. Before launching a formal appeal, students should attempt to resolve the issue by working directly with the party involved through the sequential escalation process outlined below.

3.2.1. Issues regarding the student’s status (including marks on assignments, exams, skill performance, and grades) in an individual course should first be directed to the instructor or practicum supervisor concerned.

3.2.2. If the matter is not resolved with the instructor or practicum supervisor, students may initiate a formal appeal, in writing, to the Associate Dean (Graduate Programs). A formal written appeal to the Associate Dean must be received no later than February 1 for Fall Term courses, June 25 for Winter Term courses, and within 21 working days of posting of the results for Spring/Summer Term courses.

4. PRELIMINARY PROCEDURES FOR FORMAL REAPPRAISALS, REVIEWS AND APPEALS

4.1. Grounds for requests for formal resolution of reappraisals, reviews and appeals shall include, but not be restricted to the following:

4.1.1. Procedural errors on the part of the Faculty of Physical Education and Recreation;

4.1.2. Failure of the Faculty of Physical Education and Recreation to consider all factors relevant to the decision being appealed;
4.1.3. Bias or discrimination expressed against the appellant on the part of the Faculty of Physical Education and Recreation.

4.2. Grade Appeals (including Practicum Credit/No Credit)

4.2.1. Failing resolution of a grade appeal through the Informal Procedures described in Section 3, students may appeal, in writing, to the Associate Dean (Graduate Programs) using the form provided in Appendix B: Request for Review of a Grade or Practicum Credit/No Credit.

4.2.2. The written request must be received no later than February 1 for Fall Term courses, June 25 for Winter Term courses, and within 21 working days of posting of the results for Spring/Summer Term courses. Grade appeals will not be considered in cases where a deferred examination or reexamination was granted but not written.

4.2.3. As part of the grade appeal process, the student may be advised to apply for a re-appraisal of the final examination paper before any further action will be considered (see Appendix A).

4.2.4. Upon receipt of the written notification of the ruling by the Associate Dean (Graduate Programs), students may appeal to the Faculty of Physical Education and Recreation Academic Appeals Committee, using the procedure outlined in Section 4.5.

4.2.5. Decisions of the Faculty of Physical Education and Recreation Academic Appeals Committee concerning grade appeals are final and binding. There is no further appeal to the FGSR AAC or the GFC AAC. [Refer to Section 1.3.4.4.(a) of the Academic Appeals Policy].

4.2.6. In the case of practicum intervention, the ruling of the Associate Dean (Graduate Programs) concerning practicum credit/no credit is final and cannot be appealed to the Faculty of Physical Education and Recreation Academic Appeals Committee. Students wishing to appeal a decision on practicum intervention should refer to Section 4.5.

4.3. Practicum Intervention Appeals

4.3.1. Students may appeal decisions by the Dean (or designate) to intervene in his/her practicum to the Faculty of Physical Education and Recreation Practice Review Board. (The Practicum Intervention Policy provides the means by which, because of public interest, public safety, or public health considerations, a student can be denied placement in a practicum; be withdrawn from participation in a practicum; or have participation in a practicum suspended or varied through the imposition of conditions which must be met prior to or as part of the student taking up, continuing, or returning to a practicum. Refer to Section 87 of the GFC Practicum Intervention Policy.)

4.3.2. Students must appeal using the process outlined in Section 4.5.

4.5. Procedure for Formal Appeals to the Faculty of Physical Education and Recreation Appeals Committee

In doing so, it will examine the appellant’s original written grounds for appeal as submitted to the Associate Dean (Undergraduate or Graduate Programs), and the response denying the appeal. In acknowledging receipt of the student’s appeal, the Chairperson will ask the Associate Dean (Undergraduate or Graduate Programs) to confirm whether there is any new information included in the appeal that is worthy of reconsideration.

6.1.1. In the case that the appellant produces new information prior to the Academic Appeals Committee hearing that was not previously available to the Associate Dean (Undergraduate or Graduate Programs), the Associate Dean (Undergraduate Programs) can request to hear this information first. The request by the Associate Dean must be made prior to the start of the Academic Appeals Committee hearing.

6.1.2. In the case that new information is introduced during a hearing, it will be at the discretion of the Chairperson of the Academic Appeals Committee to decide, after consultation with the respondent, whether the information should first be heard by the Associate Dean (Undergraduate Programs) or whether the hearing should proceed.

6.2. Composition of the Academic Appeals Committee
6.2.1. The Academic Appeals Committee shall be constituted from among members of the Appeals Board. For each appeal, the Chairperson of the Appeals Board shall select from the members from the Appeals Board to serve on an Academic Appeals Committee. 6.2.4. A student and faculty member who has been called to serve on the Academic Appeals Committee for a particular case may complete his/her service on that case even if his/her term on a committee expires or, in the case of a student, the student graduates or changes status from undergraduate to graduate.

6.3.3. The standards of student academic performance required for promotion and graduation, as described in the academic standings regulations, are not subject to appeal.

6.3.4. The Academic Appeals Committee shall have no jurisdiction to hear an appeal where:
   a. the student was granted relief by the Faculty with written conditions and specified consequences should the conditions not be met and;
   b. the student was both informed of the right of appeal at the time the conditions were set and that, by not appealing the conditions and specified consequences, any further appeal rights were waived.

6.3.5. The Academic Appeals Committee shall have no jurisdiction to hear an appeal with respect to:
   a. a decision to refuse admission or re-admission to the Faculty of Physical Education and Recreation;
   b. decisions relating to the granting of credit for courses taken or to be taken outside the University of Alberta, outside of the Faculty of Physical Education and Recreation, or from another degree program within the Faculty of Physical Education and Recreation;
   c. a discipline matter or a decision on academic standing arising from a discipline matter (refer to GFC Policy Section 30.5 of the Code of Student Behaviour for policy related to appeal of a disciplinary matter).
   d. other matters deemed by the Committee to be outside its jurisdiction.

6.3.6. The Academic Appeals Committee shall hear an appeal by a student against the same decision only once. The Chairperson of the original appeal committee will decide if an issue has already been heard. However, students who appeal to General Faculties Council Academic Appeals Committee (GFC AAC) following a decision made by the Faculty of Physical Education and Recreation Academic Appeals Committee, may come before the Faculty of Physical Education and Recreation Academic Appeals Committee a second time if this is specifically requested in writing by the GFC AAC. For example, such a request may occur if new information has been produced.

6.4. Powers of the Academic Appeals Committee

6.4.1. The Academic Appeals Committee of the Faculty of Physical Education and Recreation represents the final appeal step for grade appeals.

6.4.2. The Academic Appeals Committee has the authority to either deny or uphold an appeal by a student.

6.4.3. The Academic Appeals Committee is empowered to grant relief.
a. The Committee may direct the Associate Dean (Undergraduate or Graduate Programs) to provide a student with an additional opportunity to demonstrate a satisfactory level of knowledge or performance.

b. The Academic Appeals Committee may determine, and may require the implementation of some other form of evaluation(s) of a student’s performance more appropriate to the individual case, if that action appears justified.

c. The Academic Appeals Committee may require appropriate remedial training to be satisfactorily completed before re-examination, promotion, or graduation.

d. The Academic Appeals Committee may make other rulings, as appropriate in an individual case, and communicate these to the Dean and Associate Dean (Undergraduate or Graduate Programs).

7. **PRACTICE REVIEW COMMITTEE TERMS OF REFERENCE**

7.1. **Composition of the Faculty Practice Review Committee**

7.1.1. The Practice Review Committee shall be constituted from among members of the Appeals Board. For each appeal, the Chairperson of the Academic Appeals Board shall select members from the Appeals Board to serve on a Practice Review Committee. The Practice Review Committee shall consist of only individuals who have not been involved in the matter in question and have no apparent conflict of interest.

7.1.2. Composition of the Faculty Practice Review Committee (FPRC) shall be as follows:

a. Chair: (The Chairperson of the Academic Appeals Board shall normally act as the Chair of the FPRC, however, the Dean may appoint another faculty member of the Board (or from outside the Board) to chair an individual appeal, if the circumstances warrant.)

b. one (1) full-time continuing academic staff;

c. one (1) undergraduate student or one (1) graduate student, depending on the program of the appellant. (In a case where there are no undergraduate student members of the Appeals Board available to attend a hearing, a second full-time continuing academic staff can be selected).

7.1.3. The Dean or designate has discretion to appoint a faculty or student member for a hearing.

7.1.4. A student or faculty member who has been called to serve on the FPRC for a particular case may complete his/her service on that case even if his/her term on a panel expires or, in the case of a student, the student graduates or changes status from undergraduate to graduate.

7.2. **Jurisdiction of the FPRC**
7.2.1. The FPRC shall hear appeals from a matter relating to a decision by the Associate Dean (Undergraduate or Graduate Programs) with respect to students who have been denied a practicum placement, or have had the nature, terms, conditions, or site of the placement varied as a direct result of the Faculty's efforts to protect the Public Interest; or who have been charged with offences under the Code of Student Behaviour which relate to a practicum placement (refer to Section 30.3.3 of the Code of Student Behaviour and Section 87.1b of the Practicum Intervention Policy for policy related to professional misconduct, appeals to the GFC Practice Review Board, and Practicum Intervention Policy).

7.2.2. The FPRC shall have no jurisdiction to hear an appeal related to:

a. Any matter under the jurisdiction of the Academic Appeals Committee;

b. A discipline matter or a decision on academic standing arising from a discipline matter (refer to GFC Policy Section 30.5 of the Code of Student Behaviour for policy related to appeal of a disciplinary matter).

7.2.3. The FPRC shall hear an appeal by a student against the same decision only once. The Chairperson of the original FPRC will decide if an issue has already been heard.

7.3. Powers of the FPRC

7.3.1. The FPRC has the authority to confirm, reverse or vary the decision under appeal, including establishing conditions for entry, continuation or re-entry to the practicum; vary any terms or conditions previously imposed by the Associate Dean (Undergraduate or Graduate Programs).

7.3.2. The FPRC shall give all parties to the appeal an opportunity to be heard and to present evidence.

7.3.3. A defect in procedure shall not warrant the quashing of the decision being appealed unless the defect complained of can reasonably be said to have deprived the student of a fair hearing.

7.3.4. In determining whether and what actions are necessary to protect the public interest in specific cases, the FPRC may seek and rely upon expert advice and third party assessment. In addition, the FPRC may hear from expert witnesses, and may have a resource person(s) attend any or all portions of a hearing.

8. COMMITTEE PROCEDURES PRIOR TO THE HEARING

8.1. Executive Assistant to the Dean in the Faculty of Physical Education and Recreation, as soon as possible after receipt of an appeal, shall deliver the same to the Chair.

8.2. When the Chair of the Appeals Board receives a request for a formal appeal from the Executive Assistant in the Faculty of Physical Education and Recreation, s/he shall:
8.2.1. Confirm that the appeal falls within either the Academic Appeals Committee or Practice Review Committee (referred to as the “Committee”) jurisdiction;

8.2.2. Ask Appeal Board members to declare any possible bias and select members from the Appeals Board who are free of bias or other conflicts of interest to serve on the Committee. No member of the Board shall be called upon if the Chair is aware of any reason why a particular member is unable to effectively serve on the Committee.

8.2.3. Set a time and a place for the hearing of the appeal. Appeals are intended to proceed in a timely manner and the hearing date will normally be set to occur within thirty (30) working days of the receipt of the appeal. The normal timeframes may not apply if there are also Code of Student Behaviour (COSB) charges.

8.2.4. Appoint members of the Appeals Board to a Committee to hear the appeal.

8.2.5. Inform the Appellant and Respondent of the hearing dates. Both parties shall be provided with reasonable notice of the hearing date.

8.2.6. Inform the Appellant and the Respondent of their right to bring advisors or witnesses to the hearing.

8.2.7. Inform the Appellant and Respondent of the Committee membership.

8.3. The Appellant and Respondent will have five (5) working days after receipt of the names of the anticipated panel members to lodge any challenge requesting that a Chair or a committee member not serve on the appeal.

8.3.1. Challenges must be made to the Appeals Chair or, in the event the Chair is challenged, the Dean or designate.

8.3.2. Challenges may only be made on the grounds that the Chair or committee members may have a bias that would prevent a fair hearing.

8.3.3. The challenge must include written reasons to support the challenge.

8.3.4. The Chair shall consider and rule upon the challenge. The decision of the Chair may be made without a hearing and shall be final and binding. In the event the Chair is challenged, the Dean or designate will adjudicate.

8.4. For appeals regarding practicum intervention, subject to any imposed conditions, students may continue to attend non-practicum classes that they are entitled to attend. However, no temporary registration or continued attendance in practicum classes will be permitted if, in the opinion of the Associate Dean (Graduate Programs), there is an issue of public safety or public health.

8.5. The Appellant and Respondent must notify the Appeals Committee Chair immediately upon selecting an Advisor for purposes of representation at the hearing.

8.6. A witness list must be provided to the Appeals Committee Chair by both the Appellant and Respondent prior to the hearing date. The Chair shall inform the other party and the Committee of the identity of the witnesses.
8.7. Each party is responsible for securing the attendance of their witnesses at the hearing.

8.8. Either the Appellant or Respondent may request, in writing, an extension of any time limits. The Chair may extend any of the time limits where the Chair is of the opinion that the applicant has a reasonable ground for requesting such extension. The decision of the Chair may be made without a hearing and shall be final and binding.

8.9. All other procedural matters or questions that arise before the hearing will be decided by the Chair and his/her decisions shall be final and binding.

9. **PROCEDURES AT THE HEARING**

9.1. Quorum for the Committee shall be no less than three (3) members as follows: The Academic Appeals Committee must include the Chair and either one (1) faculty member and one (1) student, or two (2) faculty members; and, the FPRC must include the Chair, and either one (1) faculty member and one (1) student, or two (2) faculty members.

9.2. Functions of the Chair shall be to ensure impartiality of the Committee, ensure proper procedures are maintained and due process followed throughout the appeal hearing, and ensure both the Appellant and the Respondent have sufficient time to present their case. The Chair chairs the appeal hearing.

9.3. If the Appellant or the Respondent does not appear on the date set for the hearing of the appeal, then upon proof that the missing party had reasonable notice of the date and time of the appeal, the Committee may, at its discretion, reschedule the hearing or proceed with the hearing in the absence of the Appellant or the Respondent.

9.4. The two parties concerned (with, as the case may be, their respective advisors and witnesses) and the members of the Committee shall be the only persons present at any time during the hearing, unless the consent of all individuals involved in the hearing is attained for the presence of an outside party.

9.5. The appeal will be heard *in camera* with no minutes recorded, except for the decision of the Committee, the basis upon which the decision was made, and supplementary notes taken by the Chair. Existing University policies and procedures on confidentiality shall be observed.

9.6. The Chair shall confirm that the Appellant and the Respondent have had the right to challenge the membership of the Committee, and shall confirm that there are no concerns. The Chair shall ask the Appellant and Respondent whether they have any questions or objections to the procedures to that point in time.

9.7. All documents relative to the appeal will be made available to all parties.

9.8. New evidence introduced at the hearing must be relevant to the issues before the Committee. The decision as to whether such new evidence will be accepted or considered shall be made by the Chair of the Committee and shall be final.
