

Registering for the Play Around the World (PAW) Program

There are a number of different ways to register for the PAW Program depending on your degree program and how you want to receive credits. You will need to establish which of the following options suits your situation, keeping in mind what is best for your degree program and career plans. The academic requirements are all the same regardless of how you register.

You should always consult with an advisor in your own faculty. If you do not have space for electives, please consult with your Faculty advisor to discuss your options.
