BUS TRAVEL Between AUGUSTANA CAMPUS and MAIN CAMPUS

Background

When required, MScPT students will travel from the Augustana Campus in Camrose to the Main Campus in Edmonton for lectures and lab sessions. This transportation will be provided by the Department of Physical Therapy using University owned vehicles, with a licensed University of Alberta driver and at no additional cost to the students.

This transportation is necessary to allow students to attend lectures and labs which cannot be recreated or broadcast to the Augustana campus. This also allows for in person faculty/student meetings and collaboration with Edmonton-based MScPT students.

Procedures

1. The bus will depart Augustana campus at a predetermined time on the designated travel dates. Students must be at the bus by predetermined time.

2. The bus will depart from Edmonton at a predetermined time to return to Augustana. Students must be at the bus by predetermined time.

3. The bus will not wait for late students for departure travel to Edmonton. For return travel to Camrose every effort will be made to contact late students, but chronic lateness will not be tolerated.

4. Students are free to travel between Augustana and Main Campus on their own but the Augustana MScPT Coordinator must be notified of this decision a minimum of 12 hours prior to the proposed departure time.

5. On days where the Augustana Cohort travels to Edmonton, video conferencing of classes will not be available on the Augustana campus.

6. In the case of inclement weather, please see Inclement Weather Policy.
