POSTDOCTORAL POSITION IN PUBLIC HEALTH MICROBIOLOGY

Lab of Dr. Greg Tyrrell and Dr. Tanis Dingle

The Tyrrell/Dingle lab is looking for a highly motivated and skilled Post-doctoral Fellow (PDF) to take a leading role on two projects. The first analyzing TB lineages in Alberta with a focus on drug resistance and the second developing a provincial antibiogram to analyze antibiotic resistance in bacteria isolated from human infections in Alberta.

The successful candidate must have the following qualifications:

- A Ph.D. in microbiology or related discipline.
- Strong English oral and written communication skills.
- A background in studying antibiotic resistance.
- Proficiency in data analysis.
- Expertise in database development.
- A demonstrated record of research.

To Apply:
Please forward a cover letter, your CV and contact information for three academic references to:
