** Formerly known as Urgent Services Crisis team
Addiction & Mental Health Access 24/7 offers a point of contact for adults seeking supports with mental health and/or addiction concerns. Clinicians help adults navigate the system of support options available. At Access 24/7, clinicians will conduct triage, screening and assessments in order to best match an individual’s need(s) to services and programs. Their services are provided as walk-in or over the phone.

Access 24/7 continues to provide crisis services over the phone or in person in which a mental health team may go on location (e.g., to your home) to assess and stabilize a crisis situation (e.g. suicide ideation or intention, anxiety, fear, paranoia, schizophrenia, and other unusual behavior). Available to individuals, family members, concerned others and community agencies dealing with emotional or psychiatric crisis.

Access 24/7 works alongside existing mental health support points such as Access Open Minds, Addiction & Mental Health Children, Youth and Family Intake and Walk-in, and Community Geriatric Psychiatry.

In case of life threatening emergencies, please call 911 or process directly to the Emergency Department of the nearest hospital.
