Help Us Empower First Nation, Métis and Inuit Students at the University of Alberta.

Director’s Message

The First Peoples’ House supports over 1200 self-identified First Nation, Métis, and Inuit learners across all faculties at the University of Alberta.

First Peoples’ House understands the importance of staying healthy and active, especially when enduring stressful times as a university student. With finances as one of the barriers to the success of First Nation, Metis, and Inuit learners, First Peoples’ House created the Miyopimâtisiwin Golf Tournament as a fundraiser for students to have access to fitness classes through Campus Community and Recreation.

Naming the golf tournament Miyopimâtisiwin, a Cree term that means a good life or a good way of living was simple. As an act of golfing can be viewed as living a good life in a place of freedom and tranquility, our vision for First Nation, Metis and Inuit learners at the University of Alberta, is also one in which they too can live a good life and thrive in the post-secondary environment. At First Peoples’ House, we believe that with your care and support, this vision can continue to be a reality.

I personally invite interested individuals and corporations to join us in our vision to empower University of Alberta First Nation, Métis and Inuit learners on their journey of higher education.
