**Slowpoke Committee**

**Purpose**
This Committee advises and helps the Director in the secure operation of the SLOWPOKE II Nuclear Reactor Facility in accordance with Canadian Nuclear Safety Commission policy.

**Meetings**
The Chair calls the meetings. In addition to the supervisory SLOWPOKE Committee meetings, the SLOWPOKE Licensed Operators’ Group meets, on average, once per quarter.

**Membership**
The Vice-President (Research) appoints members on the advice of the Chair. Members are chosen from representatives of the academic staff associated directly with reactor use.

**Current Members**

Chairman members:

- J.R. Mercer, Professor Emeritus, University of Alberta
- S.A. McQuarrie, Professor Emeritus, University of Alberta
- M. Doschak, Pharmacy and Pharmaceutical Sciences, University of Alberta

Ex-officio members:

- Appointed representative of the Vice-President (Research): vacant
- SLOWPOKE Reactor director: M. John M. Duke (Director UASF)
- Radiation Protection Officer: D. Chaulk

**Reports**
Two copies of the annual report are required: one for the Canadian Nuclear Safety Commission and one for the Office of the Vice-President (Research).
