

Admission Based on IB Predicted Total Grades

Applicants completing the full IB Diploma program may qualify for admission to the University of Alberta based on predicted results. To be considered, you must have this form completed and authenticated by your IB coordinator with predicted grades issued **after March 1**.

In addition to the competitive predicted IB points for your faculty, you also need to have the required courses for the specific program to which you are applying. We also require an official final IB transcript to be submitted by August 1 for Fall admission.
