

Bachelor of Kinesiology/Bachelor of Education (Secondary) – Registration Tip Sheet

Please note the University of Alberta hosts a variety of Registration 101 events, intended to help students learn the process for enrolling in courses through Bear Tracks. It is highly recommended that students participate in one of these events in order to learn more about the registration process (RSVP at uab.ca/reg101)

The date students can register in classes is available in Bear Tracks through the 'Enrollment Dates' link. Prior to this date and time, students should use the 'Schedule Builder' feature within Bear Tracks to build a template schedule. The information below will assist students in completing this process:

How To Build Your Schedule

Step 1 – View your program planning form on the other side of this document to determine which courses are required to complete your degree.

Step 2 – Use the 'Course Catalogue' link within Bear Tracks to research if the courses you need are offered in the Fall or Winter term (and mark this down on your program planning form).

Step 3 – Beginning with the Year 1 courses required, use the 'Schedule Builder' link within Bear Tracks to begin building a template schedule for the Fall and Winter terms.

Step 4 – On or shortly after the date and time indicated under the 'Enrollment Dates' link in Bear Tracks, enroll in each course (You are not registered in the courses in your Schedule Builder until you complete the enrollment process). To enroll in courses, starting with the Fall semester, select each course below your schedule in Schedule Builder and click the 'Enroll' button. Repeat for the Winter semester.
