

BScN Collaborative Program — Year 1 Registration Tip Sheet 2019-2020

Register for Fall Term and Winter Term courses. **Registration closes on August 16, 2019.**

Planning Year 1 Course Registration		
COURSE	TITLE	REGISTRATION INSTRUCTIONS
Fall 2019 (16 credits)		
ENGL (★3) or WRS (★3)	English or Writing Studies	Register in a 3-credit 100-level ENGL or WRS course. Register early as space is limited. <i>Students may take ENGL or WRS in Winter Term, but it fits more easily in the Fall Term timetable.</i>
NURS 106 (★6)	Foundations of Anatomy & Physiology for Nursing	LEC A01
MMI 133 (★3)	Medical Microbiology for Health Care Professionals	LEC A1 ↓ OR LEC A2 ↓
NURS 120 (★4)	Foundations for Success in Nursing	LAB D01-D03. <i>Registering in the LAB section will automatically enroll the student in the LEC portion of the course.</i> LAB D04-D07. <i>Registering in the LAB section will automatically enroll the student in the LEC portion of the course.</i>
Winter 2020 (13 credits)		
NURS 116 (★3)	Pathophysiology and Pharmacology I	LEC B01
NURS 124 (★3)	Foundations of Nursing I	LEC B01
NURS 125 (★4)	Nursing Practice—Health Assessment and Nursing Process	CLN N01-N28 <i>Registering in the CLN section will automatically enroll the student in the LEC portion of the course. Student needs to register in a LAB L01-L14.</i>
NURS 200 (★3)	Innovation, Systems Thinking and Leadership in Healthcare	LEC B01
Spring/Summer 2020 (6 credits)		
NURS 122 (★3)	Community Engagement in a Healthcare Context	Spring/Summer course registration will not begin until early 2020.
NURS 222 (★3)	Indigenous Health in Canada	Spring/Summer course registration will not begin until early 2020.
Spring/Summer Registration Deadline: April 24, 2020 <i>Students must register in courses by the registration deadline. Permission from the teaching department will be required to add or drop Spring or Summer 2020 Term courses after April 24.</i>		

Nursing students must register in courses as laid out in the course sequence. Nursing courses are often configured differently than standard classes at UAlberta; many Nursing courses are more than 3 credits and some Nursing courses have non-standard dates.

For complete course sequence, including notes, see the 2019-2020 University Calendar. Course descriptions are available on Bear Tracks.

LEC = Lecture (classroom-style lecture)

LAB = Lab (hands-on nursing skills training)

CLN = Clinical (practical experience in hospitals and other healthcare settings)

Note: Clinical practice preparation is required in addition to direct course hours. Details are included in the course outline.
