

You can take a maximum of 5 courses per term in Fall/Winter:

- BSc General students - You have the flexibility to take 3-5 courses per term.
- BSc Specialization/Honors - Be aware of your program requirements, your degree requires you to take a certain number of credits per year. •

To prepare, write down the classes you plan to take this year. The first line gives an example:

- Course Name (ie. BIOL 108)
- Number (ie. 93816)
- Component (ie. LEC/LAB/SEM)
- Section (ie. A1, B1)

Hints:

- You can use the timetable planner on the back to manually build a conflict-free schedule. Or, as you build your timetable in Beartracks, take a photo so you can refer back to it when searching for other classes.
- Be aware of pre-requisites and take classes in the appropriate order.
- General Chemistry courses: CHEM 101, CHEM 102 (CHEM 101 is a pre-requisite for CHEM 102)
- Organic Chemistry courses: CHEM 261, CHEM 263 (CHEM 101 is a pre-requisite for CHEM 261)
- BIOL 107 is not a pre-requisite for BIOL 108. You can take them in any order.
- For courses with labs; lab reports are due 2 days after the lab. (ie. if you have a lab on Monday, the lab report will be due Wednesday)
