AT THE UNIVERSITY OF ALBERTA, WE ARE EXPLORERS.

We believe that education is an adventure. We know that the pathway to achieving excellence goes beyond the classroom—it’s a journey of exploration.

Exploration is about doing research that inspires you, getting real-world job experience, building lifelong friendships in a new city, and trying new things in your day-to-day life.

UAlberta is the place to take your journey to excellence.
FROM COAST TO coast,

**CANADA** has exciting cities and breathtaking natural beauty that will appeal to your adventurous side. The people are as interesting as the landscape—Canadians come from all over the world and celebrate multiculturalism by sharing their traditions and welcoming the traditions of others.

**ALBERTA** is the perfect place to unleash your inner explorer. Located in Western Canada, the province of Alberta is a great place to study, work, and live. Many major companies and industries call Alberta their home, which means that there are great job opportunities and resources to build your future career.

“Don't be afraid of talking to people and get out of your comfort zone. Try exploring the Canadian environment as well as making local, Canadian friends. I wanted to meet some new people; that's why I actually came to Alberta.”
