AT THE UNIVERSITY OF ALBERTA, WE ARE EXPLORERS.

We believe that education is an adventure. We know that the pathway to achieving excellence goes beyond the classroom—it’s a journey of exploration. Exploration is about doing research that inspires you, getting real-world job experience, building lifelong friendships in a new city, and trying new things in your day-to-day life.

UAlberta is the place to take your journey to excellence.
ALBERTA is the perfect place to unleash your inner explorer. Located in Western Canada, the province of Alberta is a great place to study, work, and live. Many major companies and industries call Alberta their home, which means that there are great job opportunities and resources to build your future career.

CANADA has exciting cities and breathtaking natural beauty that will appeal to your adventurous side. The people are as interesting as the landscape—Canadians come from all over the world and celebrate multiculturalism by sharing their traditions and welcoming the traditions of others.

Not only that, you can experience some of the most beautiful and scenic areas of the world.

EDMONTON is a creative city where ideas and innovation come to life. It’s also the perfect place to study. You will get a great education in a modern city environment, and when you need a chance to relax and enjoy nature … just head down to the beautiful river valley, which winds through the heart of the city!

“Don’t be afraid of talking to people and get out of your comfort zone. Try exploring the Canadian environment as well as making local, Canadian friends. I wanted to meet some new people; that’s why I actually came to Alberta.”

Haley Shin
SCHOOL OF BUSINESS | MARKETING
SEOUL, SOUTH KOREA
I got this internship with the Resource Conservation Office of Parks Canada in Jasper, Alberta. It was a life-changing experience where I had the chance to live in the mountains, make friends and be inspired by the wonderful Parks Canada staff.”

Luiz Drummond

More at www.studyincanada.ualberta.ca/programs
Completing an undergraduate program will give you a bachelor’s degree.

An undergraduate program will last four years on average. Some programs may take longer to complete.

UNDERGRADUATE ADMISSIONS

Admission is based on your complete academic history and achievement in three main areas:

1. YOUR ENGLISH PROFICIENCY
Proof of English proficiency is required for all applicants. Students taking CBSE, ISC, and certain international curricula can meet the requirement if they present a certain minimum grade in accepted courses. More at:

www.studyincanada.ualberta.ca/

2. YOUR ACADEMIC HISTORY, SHOWING THAT YOU HAVE FULFILLED THE ACADEMIC SUBJECT REQUIREMENTS
For example, students from high school must show that they have successfully completed five academic subjects. The academic subjects you need to present will vary by program and Faculty. Find out which subjects you will need to present for your program of choice at:

www.studyincanada.ualberta.ca/admissions

Some programs may have post-secondary prerequisites.

3. YOUR GRADES ON THE ACADEMIC SUBJECT REQUIREMENTS (AS SHOWN ON YOUR TRANSCRIPTS)
The minimum admission average to be accepted to UAlberta varies depending on the Faculty and program of your choice. The averages change each year.
