ACTION ITEMS

4. Report of the Finance and Property Committee

4.1 University of Alberta 2011 - 2012 Tuition Fee Proposal

Presenters: Carl Amrhein, Provost and Vice-President (Academic); Phyllis Clark, Vice-President (Finance and Administration); Philip Stack, Associate Vice-President, Risk Management Services; Roy Coulthard, President, Graduate Students’ Union; and Nick Dehod, President, Students’ Union

Agenda documentation is attached to these Minutes as Appendix B.

Mr. Gordon Clanachan, Chair of the Finance and Property Committee, introduced the item and reviewed the proposed motion.

With the aid of a PowerPoint presentation (attached to these minutes as Appendix C), Dr. Amrhein and Ms. Clark outlined the Administration’s tuition fee proposal and provided a thorough review of the consultative process undertaken in development of the proposal, the University’s current budget situation, tuition considerations, and comparisons.

Mr. Coulthard, President, Graduate Students’ Association (GSA), thanked the Board for an opportunity to respond on behalf of the Graduate Students’ Association, and noted that the GSA has worked closely with the Administration, the Students’ Union and the Board of Governors in this regard. Mr. Coulthard advised that although the GSA does not broadly support tuition increases, on a conceptual basis, the CPI increase is reasonable. He expressed GSA’s concern regarding the financial load being carried by graduate students, and the burden of student loans following graduation and emphasized the necessity to convey to the government and citizens of Alberta the requirement for long-term sustainable funding.

Mr. Nick Dehod, President, Students’ Union, expressed his appreciation to the Administration for the thorough consultation process throughout the proposal development. He commented that although this proposal was one of the lowest increases in recent years, he will be voting against the fee increases. He noted that student debt loads was important to consider, noting that increases to the cost of the quality of the experience of the student change the way in which students are able to interact within the University. He emphasized the necessity of long-term sustainable funding for post-secondary education and the commitment of the Students’ Union to working with the Administration to advocate for this goal.
Dr. Amrhein, Ms. Clark, Mr. Coulthard and Mr. Dehod responded to Committee questions regarding options to help with the current University budget scenario and funding strategies, including continued government-lobbying.

**Motion:** Clanachan/Teskey

THAT the Board of Governors, on the recommendation of the Board Finance and Property Committee, approve a proposal from the University Administration for a general tuition fee increase of 0.35% effective September 1, 2011, as illustrated in the table below.

Agenda documentation is attached to these Minutes as Appendix F.

Mr. Gordon Clanachan, Chair of the Finance and Property Committee, introduced the item and reviewed the proposed motion. Mr. Don Hickey informed members that the Meal Plan
commitment levels have not been adjusted for inflation since 2007. He also identified the need to restructure, renovate and expand Lister Centre’s server to meet increased food service requirements and trends. He noted that annual increases for CPI (food in Alberta) each year hereafter, will ensure the sustainability of the Meal Program. Mr. Don Hickey thanked the student associations for their participation in the consultative process leading to the development of the proposal.

Mr. Craig Turner expressed student concern regarding the significant impact an increase to the current Meal Plan cost would have on student residence affordability, and added that the consensus among students was that the proposed Meal Plan Program adjustments would not add value or benefit to student life. As such, Mr. Turner advised that he would not support the motion.

Mr. Nick Dehod voiced similar student concerns over Meal Plan adjustments, and suggested that the proposal would create a negative impact on the quality of overall undergraduate student life. Mr. Dehod indicated to members that he is continuing to work with Mr. Don Hickey and Mr. Doug Dawson, Executive Director, Ancillary Services, on these initiatives.

7. **Report of the Learning and Discovery Committee**

7.1 **Faculty of Pharmacy and Pharmaceutical Sciences’ Proposed New Post-Professional Doctor of Pharmacy (PharmD) Degree Program and Rescission of Motions Regarding the Previously-Approved PharmD Degree Program**

Presenter: Carl Amrhein, Provost and Vice-President (Academic); and Jim Kehrer, Dean, Faculty of Pharmacy and Pharmaceutical Sciences

Agenda documentation is attached to these Minutes as Appendix M.

Mr. Robert Teskey, Chair of the Board Learning and Discovery Committee, introduced this item and Dr. Carl Amrhein reviewed the proposal to provide a new post-professional (ie, post Bachelor of Science (BSc) in Pharmacy) delivery model for the Doctor of Pharmacy (PharmD) degree.

Dean James Kehrer reported that the original proposal approved by the Board of Governors on June 26, 2009 became problematic when the Ministry of Advanced Education and Technology (AET) limited enrolment to 10% of a class and did not allow a gradual increase to 100% of the class. A post-BSc model avoids the logistical problems associated with the previous model when student enrolment is limited, while enhancing academic rigor. In addition, the post-BSc model has the advantage of providing the structure to also engage practicing pharmacists in this degree program.

Dr. Kehrer informed members that Canadian pharmacists have increasingly become part of primary health care, working on teams, and as prescribers of medications. The proposed
program focuses on the background and clinical skills required for the provision of optimal patient-centred care and preparation for pharmacists’ increased scope of practice, additional prescribing authority, and contributions to team-based care.

Dr. Amrhein, Dr. Kehrer, joined by Dr. Terri Schindel, Associate Dean, Undergraduate Program, Faculty of Pharmacy and Pharmaceutical Sciences responded to questions from the members.

**Motion I: Teskey/Naqvi**
