THAT the Board of Governors adopt the Open Session Minutes of its meeting on February 10, 2012. CARRIED

ACTION ITEMS

4. Joint Report of the Finance and Property Committee and Learning and Discovery Committee

4.1 Comprehensive Institutional Plan (CIP)

Materials before members are contained in the official meeting file.

Presenters: Carl Amrhein, Provost and Vice-President (Academic); Lorne Babiuk, Vice-President (Research); Phyllis Clark, Vice-President (Finance and Administration); Don Hickey, Vice-President (Facilities and Operations); and Debra Pozega Osburn, Vice President (University Relations)

Purpose of the Proposal: Under guidelines from Advanced Education and Technology (AET), the University of Alberta has prepared the Comprehensive Institutional Plan (CIP) that incorporates the University’s access plan, research plan, capital plan, and budgets into one comprehensive document. The CIP is for approval by the Board of Governors and is then filed with the appropriate Ministries of the Provincial Government.

The CIP is written in support of the University’s vision and mission as outlined in Dare to Discover and its Academic Plan, Dare to Deliver. The CIP outlines the University’s academic and research priorities as articulated in the Academic Chapter, which in turn drives the University’s capital and resource allocation priorities.

Discussion:
Dr Pozega Osburn introduced the item noting the document is required by the Government of Alberta. She described how it links the University’s priorities to those of the Provincial Government.

Ms Clark outlined the consultation and governance. She also described the changes to changes to the CIP that resulted from the provincial budget announcement on February 9, 2012. She reviewed the proposed consolidated and operating budgets and indicated that the University would work toward eliminating the consolidated deficit for future years. She also reported that Ministerial approval for the consolidated deficit had been sought, noting that an answer has not been received.

Dr Amrhein drew member’s attention to the vignettes appearing throughout the document, noting that they would serve multiple purposes beyond the CIP.

Mr Clanachan reminded members that both the Board Learning and Discovery (BLDC) and the Board Finance and Property Committee (BFPC) had recommended that the Board approve the CIP. He extended thanks to all involved in its development. Mr Minsos added that the document is considered best-in-class and that BLDC members enthusiastically supported it.

The presenters responded to questions and comments from members regarding: how the Government uses the document; whether the Board of Governors would receive updates on progress toward meeting goals; why water research was not included in the priorities; whether funding for resource requests not included in the budget would be sought; and how the document can assist the Board of Governors in articulating to the Provincial Government how the University can help with meeting their priorities.
Administration responded to concerns expressed by Mr Tighe regarding the continuation of the Common Student Space, Sustainability and Services (CoSSS) fee which he believes circumvents the Tuition Fees Regulation. He noted that he had requested a breakdown of expenditures associated with the CoSSS fee in order to determine whether any of that revenue is being directed to services that have an existing dedicated fee, whether the funds were, in fact, directed to common student space, sustainability and services; and whether or not there is a surplus of revenue generated by the fee, adding the reporting he received from Administration had been insufficient. Administration also responded to questions from members regarding whether or not revenue generate from the collection of the fee was being directed to general revenues, and whether the revenues are being applied as intended and in good faith.

Motion: Clanachan/Minsos

Subject to Ministerial approval as per the Post-Secondary Learning Act, Section 78(3), THAT the Board of Governors, on the recommendation of the Board Finance and Property Committee, the Board Learning and Discovery Committee, and the General Faculties Council Academic Planning Committee, approve the University of Alberta’s 2012 Comprehensive Institutional Plan (CIP), as set forth in Attachment 1 to the agenda documentation.

5.3 Balmoral – Supplemental Capitalization Expenditure Authorization Request

Materials before members are contained in the official meeting file.

*Presenter:* Don Hickey, Vice-President, Facilities and Operations

*Purpose of the Proposal:* Amend the current CEAR for the Balmoral project to align with: revised budgets, additional funding sources, and reduction in Institutional commitments.

*Discussion:* Mr Hickey introduced the item and reminded members that in June 2011 the Board approved an expenditure of twenty-one million dollars toward this project. He reported that the original budget posed substantial program and architectural challenges and that this additional funding would allow the project to proceed with the original program, meet architectural guidelines for South Campus, and provide for future fit out space. The proposed total funding would include a two-million dollar internal contingency fund.

Mr Hickey responded to questions from members regarding the process surrounding the request to the Government of Alberta to transfer funds from one project to another, and whether the University would incur any costs related to Alberta Health Services equipment.

*Motion:* Clanachan/Hole

> THAT the Board of Governors, on the recommendation of the Board Finance and Property Committee, approve an additional supplemental expenditure of eight million dollars ($8,000,000) in Canadian funds for a total revised project cost of twenty-nine million dollars ($29,000,000) for the Balmoral Facility.
