1c. Conflict of Interest - Opportunity for Declaration

Presenter(s): Michael Phair

The Chair made note of the following:

- The University of Alberta has policy and procedure in place for Conflict of Interest and Conflict of Commitment, and Board members make annual disclosures.

- In addition, Board members must declare any conflict related to the Board Agenda of each meeting and, in the event of such conflict, absent themselves from the discussion and voting on the item.

- The Post-secondary Learning Act, Section 16(5) states that: The members of the board must act in the best interests of the university.

The Chair invited members to declare conflicts of interest related to the Open Session Agenda of the meeting. Mr James reminded members that he is Chair of the Audit Committee for the Province of Alberta and that the financial statements of the University are approved by this committee.

Seeing no further declarations, the Chair declared the question asked and answered.

1d. Chair’s Remarks

Presenter(s): Michael Phair

The Chair welcomed members and guests and acknowledged all Indigenous peoples and the traditional lands on which the Board was gathered. He acknowledged Dick Wilson for his work as Acting Chair and for his help as Vice-Chair over the last few weeks and thanked those Board members who had completed the Board Evaluation survey, encouraging others to complete it before the deadline.

The Chair welcomed Faiza Billo to her first meeting as the Non-Academic Staff Association (NASA) representative on the Board. He noted that Mike Ross, public member and Chair of the Board Audit Committee,
would be stepping down at the end of April due to other commitments and thanked Mr Ross for his service over the past two years. He informed members that this would also be the last meeting for the student members: Navneet Khinda, Students’ Union (SU) President; Colin More, Graduate Students’ Association (GSA) President; and Azhar Khan, Undergraduate Board of Governors Representative. He thanked them for their service and valuable contributions over the past year, and noted that the Board would have an opportunity to honour all retiring members at the June Recognition dinner.

The Chair welcomed Sarah Ficko, incoming GSA President; and Fahim Rahman, incoming SU President, to the meeting and introduced them to the Board. He noted they were in attendance as observers and congratulated them on their elections, informing the Board that Colin Champagne had been elected as the incoming Undergraduate Board of Governors Representative but had been unable to attend this morning’s meeting.

The Chair updated members on the recent announcement of the introduction of the Reform of Agencies, Boards and Commissions Act, noting that the act intends to address the issue of divergent compensation practices between the public service and the province’s agencies, boards and commissions, and improve public oversight and stewardship over important public bodies.

The Chair thanked board members, the President, the Chancellor, senior administration, and University Governance office and Information Service Technology staff for their help, advice and warm welcome. He noted that the board is the voice of the Minister of Advanced Education and the public, and thereby embraces transparency, openness, and advocacy, which aligns with the upcoming Institutional Strategic Plan. He spoke about the importance of the University, noting that its teaching and research touches many lives, both in Alberta and internationally.

The Chair then gave some personal remarks, explaining that a university education and engagement with the community were very important in his family and that he is humbled and challenged to take on the position of Chair of the Board of Governors.

2. **Report of the President**

**Presenter(s):** David Turpin

In addition to his written report, President Turpin provided verbal points of interest to the Board on: *New Trail*, the office of Alumni Affairs magazine, which recently received Magazine of the Year and six other Alberta Magazine Publishers Association awards; and the first draft of the Institutional Strategic Plan (ISP), including consultations to date, the format and content of the plan, and the next steps in moving it forward.

The President responded to questions from board members regarding the ISP, including the strategy for ongoing communication, the format of the document, the consultation process with Aboriginal people and the Alberta government, the operationalization of the plan, the difference between the ISP and the Comprehensive Institutional Plan (CIP), and whether there was any opposition to the plan or anything omitted from the plan.

The President noted that the ISP will come to the Board for final approval in June, and members expressed confidence in the plan and their appreciation to all those who have been working on it.

The Board also received a demonstration from Deputy Provost Wendy Rodgers of the Aboriginal/Indigenous ‘hot button’ on the University’s main web page, including a review of the list of University initiatives, activities, partnerships and programs related to Indigenous and Aboriginal communities. Dr Rodgers responded to a question from a member regarding the process of identifying skills or knowledge gaps.

Mr Stack responded to questions from board members regarding the emergency response process in classrooms, tracking numbers of employees trained in first-aid, the process of summoning first responders, mock emergency simulations, the number of automated external defibrillators in residences, and embedded health and safety committees in each faculty.

5. Joint Report of the Finance and Property Committee and Learning and Discovery Committee

Presenter(s): Shenaz Jeraj; Dick Wilson

Materials before members are contained in the official meeting file.

Presenter(s): Debra Pozega Osburn; Don Hickey; Heather McCaw; Lorne Babiuk; Phyllis Clark; Steven Dew

Purpose of the Proposal: Under guidelines from Advanced Education, the University of Alberta has prepared the Comprehensive Institutional Plan (CIP) that incorporates the academy’s goals, initiatives, outcomes and measures with appendices on: budget and financial information; enrolment plan and proposed programming changes; research, applied research and scholarly activities; community outreach and underrepresented learners; internationalization; capital plan; and information technology The CIP is for approval by the Board of Governors and is then filed with the Minister of Advanced Education.

The CIP is written in support of the university’s vision and mission, but as the university is in the process of revising its institutional strategic plan, this document reflects the transition. The CIP outlines the university’s priorities, which in turn drives the university’s capital and resource allocation priorities.

Discussion:
Mr Wilson introduced the item, noting that it had been recommended by the Board Finance and Property Committee and the Board Learning and Discovery Committee.

The President, Dr Dew, and Ms Clark responded to a question from the Board regarding a request for more detail regarding the budget allocation for new initiatives, student systems, community engagement and utilities, and how these specific areas were identified. Ms Clark outlined in detail how these funds are allocated, indicating that this allocation is based on priorities set in the CIP.

The President responded to a question from a Board member regarding undergraduate international recruitment, and the Chair suggested the Board review the University’s strategy for such recruitment at a future meeting.

Drs Dew and Babiuk responded to questions from members regarding student experience, the link between enrollment and economy, childcare on campus, and international partnerships, and opportunities for post-doctoral fellows compared with those for graduate students.

The motion was moved and seconded.

THAT the Board of Governors, on the recommendation of the General Faculties Council Academic Planning Committee, the Board Finance and Property Committee, and the Board Learning and Discovery Committee, approve the 2015 University of Alberta Comprehensive Institutional Plan (CIP), as set forth in Attachment 1, and empower administration to make any editorial changes to the CIP, as needed, as long as the changes do not have the force of policy.
