Presenter(s): Michael Phair

The Chair invited members to inform him if there were any requests to remove an item from the Open Session Consent Agenda.

1c. Conflict of Interest - Opportunity for Declaration

Presenter(s): Michael Phair

The Chair made note of the following:

- The University of Alberta has policy and procedure in place for Conflict of Interest and Conflict of Commitment, and Board members make annual disclosures.

- In addition, Board members must declare any conflict related to the Board Agenda of each meeting and, in the event of such conflict, absent themselves from the discussion and voting on the item.

- The Post-secondary Learning Act, Section 16(5) states that: The members of the board must act in the best interests of the university.

The Chair invited members to declare conflicts of interest related to the Open Session Agenda of the meeting. Mr Stowkowy declared a general conflict in that his firm does work for the University of Alberta.

Seeing no further declarations, the Chair declared the question asked and answered.

1d. Chair’s Remarks

Presenter(s): Michael Phair

The Chair welcomed members and guests and acknowledged all Indigenous peoples and the traditional lands on which the Board was gathered.
He offered a warm welcome to those Board members appointed since the June Board meeting: Mary Pat Barry, who was appointed as a new Alumni Association representative; and Charlene Butler, appointed as representative of the Senate. He noted that Katherine Binhammer had also been appointed as the Board’s new General Faculties Council representative but was unable to attend today’s meeting.

The Chair then provided an update on the status of the public member search process, noting that the Board had two upcoming vacancies, that an advertisement had been developed with the Ministry, and that the application deadline was today.

The Chair informed members that a handout had been distributed related to the report from the panel on Canada’s Fundamental Science Review, more commonly referred to as the “Naylor Report”, and that the President would speak to the handout as part of his report later in the meeting.

At the Chair’s invitation, Dick Wilson informed Board members about a new initiative he and former member, Shenaz Jeraj, initiated to re-establish and maintain the university’s connection with its retired Board members. He invited current Board members to join the group, known as Governors Emeritus Members (GEMs), at the inaugural GEM luncheon on October 30, 2017.

The Chair reminded members of the upcoming fall convocation and its honorary degree recipients, Bob McDonald, the Honourable Jean Côté, and Tricia Smith.

He reminded members that he had an upcoming meeting with Minister Marlin Schmidt and other provincial post-secondary Board Chairs and indicated that he would keep the Board informed regarding the meeting’s outcomes.

Finally, the Chair thanked members for participating in the Board Strategic Retreat in August and noted that, going forward, he would be working on implementing the recommendations and outcomes from that retreat.

1e. **Smudging Ceremony**

*Presenter(s):* Marilyn Buffalo; Kelsey Dokis-Jansen; Elmer Ghostkeeper

The Chair welcomed Elders Marilyn Buffalo and Elmer Ghostkeeper to the meeting. Mr Ghostkeeper provided opening remarks and an overview of the traditional ceremony and invited all interested members to participate in a smudge.

Following the smudge, the Chair thanked Ms Buffalo and Mr Ghostkeeper for bringing their teachings of ceremony to the Board and also thanked Ms Kelsey Dokis-Jansen, Indigenous Initiatives Manager, for coordinating the ceremony.

2. **Report of the President**

Materials before members are contained in the official meeting file.

*Presenter(s):* David Turpin

*Discussion:*
In addition to his written report, President Turpin provided verbal remarks on: the status of mental health funding, other funding initiatives, and the tuition review; the federal government’s Innovation Superclusters Initiative, whose shortlist of nine applicants include five with strong ties to the University of Alberta; and an update on advocacy work by Canadian universities related to recommendations from the Fundamental Science Review (commonly known as the Naylor Report).
At the suggestion of the Board Chair, the President agreed that a demonstration of the Board’s support for the Naylor Report recommendations would be beneficial, and the Board agreed to consider a motion authorizing the Board Chair to write to Alberta Members of Parliament; The Honorable Kirsty Duncan, Minister of Science; and The Honorable Marlin Schmidt, Minister of Advanced Education, to demonstrate the Board’s strong support for the Naylor Report and endorse the implementation of its recommendations.

The motion was moved and seconded.

**THAT the Board of Governors authorize the Board Chair to write to Alberta Members of Parliament; The Honorable Kirsty Duncan, Minister of Science; and The Honorable Marlin Schmidt, Minister of Advanced Education, to demonstrate the Board’s strong support for the Fundamental Science Review (commonly known as the Naylor Report) and endorse the implementation of its recommendations.**

CARRIED unanimously

Dr Turpin then responded to questions from the Board regarding the university’s role in the federal government’s Innovation Superclusters Initiative and how the superclusters differ from the fundamental research promoted by the Naylor Report.

The Board then engaged in a discussion regarding student mental health funding, the sustainability of government funding, how funds are distributed at the university, the need for an equitable funding model with per-student funding, and the advocacy work of student associations with government. Zahra Somani, Chair of the Board Safety, Health and Environment Committee (BSHEC), reminded members that student mental health falls within BSHEC’s mandate and that the committee has been looking at these issues.

3. **Learning Moment: Deferred Maintenance**

Materials before members are contained in the official meeting file.

*Presenter(s):* Andrew Sharman; James Allen; Philip Stack

*Purpose of the Proposal: For information / discussion.*

*Discussion:*

Mr Sharman introduced the item, noting that the presentation had previously gone to the Board Finance and Property Committee and the General Faculties Council Academic Planning Committee.

Mr Allen and Mr Stack presented an overview of deferred maintenance at the University of Alberta, reviewing the current status of university buildings’ conditions and replacement costs, and indicating that Infrastructure Maintenance Program funding is insufficient due to the number of post-war era buildings that now require maintenance at the same time. They then highlighted university-specific issues, including deferred maintenance of research equipment and limited decant space to accommodate classrooms and offices, indicating that the university was employing priority-based and outcome-based decision making to address its deferred maintenance.

Mr Sharman and Mr Allen responded to questions from the Board regarding: the reason for the $55 million limit to the annual investment capacity; whether student residences were included in the numbers presented; whether faculties fund the deferred maintenance for their buildings; consideration of inventory-reduction strategies; how the Dentistry-Pharmacy building became a deferred maintenance priority; and consideration of the depreciation of buildings compared with their heritage value.

4. **Report from the University Secretary**

- 2017 University of Alberta United Way Campaign

*Presenter(s):* Marion Haggarty-France; Douglas Stollery
Discussion:
Ms Haggarty-France and Chancellor Stollery briefed the Board on the 2017 University of Alberta United Way campaign, reviewing the United Way's history and purpose, noting the university’s $750,000 fundraising campaign goal, and encouraging Board members to participate in the campaign.
