Land disposition: Long-Term Lease (Utility Right-of-Way) - Mattheis Ranch

Background

Torxen Energy Ltd. (Torxen) has approximately 100 well site surface leases transiting the University of Alberta’s Mattheis Ranch. These leases, all of which are for an industry-standard term of 25 years, were inherited when the U of A when it assumed ownership of the ranch in 2010.

Torxen has requested a new surface lease, which is the first such request made of the U of A. Since this requested lease term would also be for 25 years, approval of the Lieutenant Governor in Council is required.

Request

Per section 67 of the Post-secondary Learning Act, disposition of land via long-term lease (exceeding five years) requires the approval of the Lieutenant Governor in Council. Accordingly, to enter into a 25-year lease with Torxen, the U of A will need to seek government’s approval via an Order in Council.

Impact

As numerous wells are already present throughout the ranch, teaching and research objectives will not be negatively impacted with the addition of one more.

Upon receipt of the Order in Council, the University will enter into a long-term lease with Torxen Energy by way of an agreement signed by the President and the Vice-President (Facilities and Operations). There are no critical dates related to this lease; therefore, no terms of the lease via disposition related to the timing. The revenue to the University is expected to be $10,000 for the first year and $2,700 annually in subsequent years.

Recommendation

The Board Finance and Property Committee recommend the Board of Governors approve this request including seeking approval of the Lieutenant Governor in Council.
RESOLUTION OF The Governors of The University of Alberta

(“Board of Governors”)

IT IS HEREBY RESOLVED:

THAT, subject to the prior approval of the Lieutenant Governor in Council under section 67 of the Post-secondary Learning Act, The Governors of The University of Alberta authorize and approve the disposition via lease for a term of 25 years with the option of a 25 year renewal, of approximately 3.65 acres of land contained within the parcel legally described as Sec. 18 Twp. 22 Rge. 14 W4M located in the County of Newell, Alberta within the University of Alberta’s Mattheis Ranch on terms and conditions acceptable to the Vice-President (Facilities and Operations).

I hereby certify that this resolution has full force and effect on the ____ day of ______, 2018.

University of Alberta Botanic Garden - Long-Term Lease

Background

ATCO Pipelines has an existing pipeline right of way transiting a portion of the University of Alberta Botanic Garden as shown in the attached site plan. To ensure the integrity of the pipeline, ATCO would like to install above-ground valves, which will enable the use of in-line inspection tools.

To install the valves, ATCO has requested a surface lease involving 0.1 acres for the valve site and 0.18 acres for an access road to the valve site for a total lease area of 0.28 acres. ATCO Pipelines will attend the site twice annually to conduct the in-line inspection and other routine maintenance.

Request

Since this requested lease term is for 25 years with a potential renewal of a further 25 years, government’s approval via an Order in Council is required. Per section 67 of the Post-secondary Learning Act, disposition of land via long-term lease (exceeding five years) requires approval of the Lieutenant Governor in Council.

Upon receipt of the Order in Council, the University will enter into a long-term lease with ATCO by way of an agreement that will be signed by the President and Vice-President (Facilities and Operations). There are no critical dates related to this lease; therefore, no terms of the lease via disposition related to the timing.

Impact

The Faculty of Agriculture, Life, and Environmental Sciences has confirmed that teaching and research objectives will not be negatively impacted by the construction of the valve site or access road. Revenue to the University is expected to be $4,000 for the first year and $2,000 annually thereafter.

Recommendation

The Board Finance and Property Committee recommend the Board of Governors approve this request including seeking approval of the Lieutenant Governor in Council.

Responsibility: University Governance

The Purpose of the Proposal is (please be specific): To seek Board of Governors approval of Terms of Reference for a new Board Governance Committee, a new standing committee of the Board charged with enhancing board governance integrity and performance by overseeing the effectiveness, impact, organization, and procedures of the Board of Governors.

Executive Summary (outline the specific item– and remember your audience)

Background:
In August 2017, the Board of Governors held a strategic retreat with objectives that included
- To solidify the Board of Governors’ commitment to dimensional governance that ensures the Board and all committees are doing the right work to guide the University and to support the ambitions of For the Public Good.

The Board of Governors last reviewed its committee structure and mandates as a whole in 1999. Since that time, the Universities Act transitioned into the Post-secondary Learning Act (2004), the Alberta Public Agencies Governance Act (APAGA) was established, and the University of Alberta has continued to grow and transform.

Following the retreat, a Board Working Group was formed to engage in a review of the Board of Governors’ processes, structure and role in providing strategic oversight, insight and foresight with a goal of governance excellence in support of the university’s institutional strategic plan.

On June 15, 2018, the Board of Governors approved the Report and Recommendations of the Board Working Group 2018, including the establishment of a Board Ad Hoc Group to continue the implementation of committee-restructuring recommendations, to be completed on or before December 2019.

Board Governance Committee:
The Board Ad Hoc Group on Committee Mandates and Membership
Item No. 7a

(BAGMM) has been meeting since June 2018 to implement the recommendations of the Board Working Group. One of those approved recommendations was that the Board establish a Board Governance Committee to enhance board governance integrity and oversee the organization and procedures of the Board of Governors.

**Proposed Governance Committee Terms of Reference:**

The establishment of a governance committee is considered a governance best-practice for governing boards. The proposed Board Governance Committee Terms of Reference are based on the approved recommendations of the Board Working Group and are intended to guide the committee in its support of the Board’s governance requirements and responsibilities as outlined in legislation, and in overseeing Board and committee alignment with the institutional strategic plan.

These Terms of Reference include components from other standing committee mandates, namely 2(a) (originally from the Board Audit Committee mandate) and 2(h) (originally from the Board Human Resources and Compensation Committee mandate). These components will be removed from those committees’ mandates in 2019 once the final review of Terms of Reference of all Board standing committees has been completed. In the meantime, the Board Governance Committee will lead Board consideration of those matters.

The Board Governance Committee Terms of Reference have been drafted in a new proposed template for Board Standing Committee Terms of Reference (fulfilling the second component of BAGMM’s mandate) and also reflect the proposed Principles for Board of Governors Standing Committee Composition.

**Supplementary Notes and context**

The attached proposed Board Governance Committee Terms of Reference are the first step toward establishment of the committee. Once approved, the Board Chair will begin approaching Board members to sit on the committee, with a goal that initial meetings of the committee will take place in early 2019.
