Overview
There are two types of centres and institutes governed by this policy: academic centres and institutes and affiliated centres and institutes.

The Government of Alberta’s Post-Secondary Learning Act gives the Board of Governors the authority to “develop, manage and operate, alone or in co-operation with any person or organization, programs, services and facilities for the educational or cultural advancement of the people of Alberta” (section 60(1)). Subject to the authority of the Board of Governors, the General Faculties Council has responsibility over “academic affairs” (section 26(1)) and can “make recommendations to the board with respect to affiliation with other institutions” (section 26(1)(o)).

Purpose
This policy addresses academic and affiliated centres and institutes at the University of Alberta, in accordance with the University’s mission.

POLICY
1. ACADEMIC CENTRES AND INSTITUTES

The University of Alberta shall may create academic centres and institutes which will shall engage in scholarship and carry forward the mission of the University through specific attention to an area of study or research.

Each academic centre or institute will report to a Dean, except in exceptional circumstances and at the discretion of the Provost when an academic centre or institute may report directly to a Vice-President.

The Provost and Vice-President (Academic) shall have final authority in determining whether an academic centre or institute falls under this policy.

Academic centres and institutes shall highlight a department’s, a Faculty’s, and/or the University’s expertise in an area.

2. AFFILIATED CENTRES AND INSTITUTES
The University of Alberta shall enter into affiliation agreements with third parties to create affiliated centres or institutes that engage in scholarship and carry forward the mission of the University through specific attention to an area of study or research.

All affiliation agreements for centres and institutes will be entered into in the name of the Governors of the University of Alberta and the Governors delegate final approval for all such affiliation agreements to the Executive Planning Committee.

Prior to entering into an affiliation agreement, appropriate advice will be sought from legal, the Office of General Counsel and risk, Risk management Management Services.

The formal affiliation agreement must include the critical elements outlined in the Affiliated Centres and Institutes (Appendix A) Agreement Requirements and will ensure the risk to the University has been minimized.

DEFINITIONS

| Centres | A centre normally engages in study, research or other academic focus on a specific area of interest that is defined closely at its creation and would normally incorporate a commitment to conduct its activities beyond the scope of a single discipline. 
Centres are units or bodies not normally founded solely to conduct a research project before disbanding. They are to be distinguished from units called “centres” that do not have a mandate to engage in scholarship, for example units such as the Sexual Assault Centre or buildings such as the Van Vliet Physical Education and Recreation Centre.
Centres often exist within the mandate of a single Faculty. |
|---|---|
| Institutes | An institute normally is broader in scope than a centre and engages in interdisciplinary and multidisciplinary research into a major area of interest to one or multiple Faculties.
Institutes are entities not normally founded solely to conduct a research project before disbanding.
Normally, an institute shall engage in multiple initiatives simultaneously and engage the talents of several different experts. |
| Academic Centre or Institute | An academic centre or institute exists at the University of Alberta and is controlled by the University of Alberta. An academic centre or institute may exist solely within the University of Alberta or may be created through a partnership between the university and other entities. Such other entities may include other universities, governments, public authorities (such as health authorities), and non-profit organizations. If an external corporate entity is involved in the centre or institute, the process for managing conflict of interest and conflict of commitment must be reviewed. The University attaches the utmost value to academic freedom and scholarly integrity. Accordingly, academic centres and institutes shall not place any limits on these academic freedoms and scholarly integrity. |
accepted principles of academic freedom and scholarly integrity. Centres or institutes are not subsidiary companies, spin-off companies, societies created through non-university policies, or groups or corporations that lease University of Alberta space to achieve their own ends.

Additionally, if the academic Centre or Institute has a governing board, membership of the board is constituted such that the University of Alberta has control.

### Affiliated Centre or Institute

An affiliated Centre or Institute is created through a contractual or other legal arrangement with one or more third parties such as a joint venture, a corporation, a society, a partnership or other affiliation type arrangement by which a centre or institute is created which is not under the control of the University.

The Centre or Institute reports to a governing board that is external to the University of Alberta and for which the University does not have control. This definition would include centres and institutes created through an agreement whether located on or off the University's campuses, including national centres of excellence.

In all cases, the required governance reviews and approvals must be obtained prior to contract execution.

### Research Project

A research project exists to fulfill the obligations of the funding grant, and as such, has a beginning and end date. The Principal Investigators within the research project are University of Alberta researchers.

### Control

Majority of voting shares and/or ability to appoint the majority of directors. The continuing power to determine the strategic operating and financing policies without the cooperation of others.

## Overview

This procedure applies to all **academic centres and institutes**. It does not apply to **affiliated centres and institutes**, nor shall it apply to research consortia that are created to fulfill the mandate of a research grant.

## Purpose

To outline the University’s requirements for establishing academic centres and institutes.

## PROCEDURE

1. **PROPOSAL**

   A *University of Alberta Template for Proposals to Establish New Academic Centres and Institutes* can be accessed from Forms (below). Proposals will be written using the template provided and submitted to the Office of the Provost and Vice-President (Academic) for assessment. Proposers are encouraged to consult the Office of the Provost and Vice-President (Academic) in advance. All proposals for the establishment of academic centres and institutes should normally contain the following:

   a) The name and detailed purpose of the unit; and the name and signature of the **Reporting Dean**;

   b) A statement of the priority of the unit within the overall priorities of the Faculty and/or University, and a statement of the benefits the University of Alberta could expect to receive through the creation of the academic centre or institute;

   c) A statement of the priority of the unit within the overall priorities of the Faculty and/or University, and a statement of the benefits the University of Alberta could expect to receive through the creation of the academic centre or institute;

   b) A description of governance structure and reporting lines (including a diagram of organizational structure).

   d) A statement of the role and qualifications of the **chief officer(s)centre/institute lead** and/or the **chief administrative officer, if applicable**, of the proposed academic centre or institute;
d) A statement of the employment status of those working for the proposed academic centre or institute (i.e., are they University of Alberta employees?);

e) A detailed budget with projections over three to five years;

ef) Physical space requirements;

g) Letters of support from relevant on- and off-campus sources, including from each of the Deans of all Faculties affiliated with and affected by the proposed academic centre or institute;

h) An exigency plan for termination of the academic centre or institute: if physical and/or financial resources will remain upon termination, a plan for consultation with donors or agencies associated with the centre or institute must be included in the termination plan.

i) A clear definition of the status of the academic centre or institute as a University unit or body or a University/partner unit or body;

j) If applicable, any agreements and/or memoranda of understanding between the University of Alberta and its partner(s) to establish, fund, and operate the academic centre or institute;

k) A provision for annual reporting to the Reporting Dean or Vice-President and a provision for an annual declaration to the Office of the Provost and Vice-President (Academic);

l) A provision for strategic and operational review, to occur no less frequently than every five years, and a clear statement of who shall perform such reviews;

m) A statement of potential risks inherent in the activities of the proposed academic centre or institute and what steps would be taken to address them;

n) A statement of provision for dealing with intellectual property;

o) An outline of the centre or institute’s academic contributions to the University.

2. ESTABLISHMENT

All proposals for establishment of academic centres and institutes shall be submitted initially to the Provost and Vice-President (Academic) for assessment. The Strategic Initiatives Group (SIG) shall review operational details (e.g., budget, space) for the proposed centre or institute and suggest revisions or recommend clarification as needed. Proposals deemed to be in good order will be forwarded by the proposer(s) to the GFC Academic Planning Committee (APC) for final approval.

When the University of Alberta forms a partnership with another entity in creating an academic centre or institute, full approval processes must be followed with all partner entities prior to operation.

Proposed academic centres and institutes shall not operate prior to receipt of notice of approval.

All academic centres and institutes operating existing but not approved by APC shall come into compliance immediately or be considered for closure.

## Academic Centres and Institutes Operation Procedure

| Office of Administrative Responsibility: | Provost and Vice-President (Academic) |
| Approver:                             | GFC Executive Committee |
| Scope:                                | Compliance with University procedure extends to all members of the University community. |

### Overview

This procedure applies to all academic centres and institutes. This procedure does not apply to affiliated centres and institutes, nor shall it apply to research consortia that are created to fulfill the mandate of a research grant.

### Purpose

To outline University requirements for the operation of academic centres or institutes.

### PROCEDURE

1. **ANNUAL REPORTING TO THE FACULTY OR UNIT**

   All academic centres and institutes must prepare and submit annual reports. Annual reports are to be directed to the relevant Reporting Dean(s) (for most units) or Vice-President (for a small number of units that report directly to a Vice-President). The relevant Reporting Deans and Vice-Presidents shall annually declare and submit an annual declaration to the Provost's Office listing which units have provided reports and which have not.

   Annual reports shall detail:
   - objectives of the academic centre or institute and whether they continue to align with University priorities.
   - the activities undertaken in the previous year;
   - how those activities supported the goals; and
   - the centre or institute’s financial report for the fiscal year.

2. **ANNUAL REPORTING DECLARATION TO THE PROVOST’S OFFICE**

   The Provost’s Office will ensure that all academic units are catalogued and that the contact information for the centre/institute lead of each unit is kept current.

   All academic centres and institutes must annually declare the following to the Provost's Office for the purposes of record-keeping:
3. PROPOSALS FOR MAJOR CHANGES TO ACADEMIC CENTRES OR INSTITUTES

All proposals for major changes to academic centres and institutes, the renaming of an academic centre or institute, or change in legal status, affiliation or substantial change to strategic direction of a centre or institute shall be submitted to the Academic Planning Committee (APC) for approval. Where there is a question or dispute regarding whether or not a proposed change to a centre or institute is major, the Provost and Vice-President (Academic) will make the determination after consulting with the Vice-President (Research) and other appropriate parties.

4. ANNUAL REPORTING BY ACADEMIC PLANNING COMMITTEE TO GENERAL FACULTIES COUNCIL

All approvals and re-namings of academic centres and institutes must be included in APC’s annual report to General Faculties Council.

5. FIVE-YEAR STRATEGIC REVIEW AND RENEWAL

The Reporting Dean and/or Vice-President shall ensure that all academic centres and institutes under his or her purview undergo and report on strategic and operational reviews at least every five years.

Academic centre and institute renewal is dependent upon the determination by the Reporting Dean and/or Vice-President, based on annual reporting and strategic and operational reviews, that:

- the centre or institute has made a demonstrated contribution to the mission of the University beyond what is possible by the department/Faculty in which the academic centre or institute is housed;
- the centre or institute continues to be financially viable/sustainable; and
- significant risk, if identified, as been mitigated or addressed.

If, at any point, any of these three conditions is no longer being met, then termination procedures may be initiated for the centre or institute.

6. RISK REVIEW

The Executive Planning Committee (EPC) or the President’s Executive Committee (PEC) may, at any time, request and review the annual report of an academic centre or institute to assess the risk to the University associated with the unit. As a result of this review, EPC or PEC may request that the centre/institute lead investigate and address the perceived risk in a report back to the committee that made the request.

DEFINITIONS

Any definitions listed in the following table apply to this document only with no implied or intended
### Academic Centre or Institute

An academic centre or institute exists at the University of Alberta and is controlled by the University of Alberta. An academic centre or institute may exist solely within the University of Alberta or may be created through a partnership between the university and other entities. Such other entities may include other universities, governments, public authorities (such as health authorities), and non-profit organizations. If an external corporate entity is involved in the centre or institute, the process for managing conflict of interest and conflict of commitment must be reviewed. The University attaches the utmost value to academic freedom and scholarly integrity. Additionally, if the academic centre or institute has a governing board, membership of the board is constituted such that the University of Alberta has control.

### Affiliated Centre or Institute

An affiliated centre or institute is created through a contractual or other legal arrangement with one or more third parties such as a joint venture, a corporation, a society, a partnership or other affiliation type arrangement by which a centre or institute is created which is not under the control of the University.

The centre or institute reports to a governing board that is external to the University of Alberta and for which the University does not have control. This definition would include centres and institutes created through an agreement whether located on or off the University’s campuses, including national centres of excellence.

In all cases, the required governance reviews and approvals must be obtained prior to contract execution.

### Reporting Dean

The Dean of the Faculty to which a centre or institute reports. In the case where multiple Deans are associated with a centre or institute, one Dean will be deemed to be the Reporting Dean.

### Centre/Institute Lead

The individual responsible for overall reporting for a centre or institute.

### Major Changes

Changes that include, but are not limited to, the functional renaming of an academic centre or institute, change in legal status or affiliation or substantial change to strategic direction of a centre or institute. Note that philanthropic or honorific renaming will be approved subject to the Naming Policy and associated procedures.

### Chief-Officer

The academic leader of the centre or institute. This individual is responsible for budget and expenditure reporting.
| Control                      | The continuing power to determine the strategic operating and financing policies without the cooperation of others. Majority of voting shares and/or ability to appoint the majority of directors. |

Overview
This procedure applies to all academic centres and institutes. This procedure does not apply to affiliated centres and institutes, nor shall it apply to research consortia that are created to fulfill the mandate of a research grant.

Purpose
To outline University requirements for the termination of academic centres and institutes.

PROCEDURE

1. SUSPENSION OF OPERATION

   In consultation with the relevant Dean(s), the Provost and Vice-President (Academic) may suspend the operation of any academic centre or institute at any time. In such cases, the Provost and Vice-President (Academic) must at the earliest opportunity inform the Academic Planning Committee (APC) of the suspension of activity and the reasons for doing so. Prior to the suspension or termination of an academic centre or institute, consideration must be given to the impact this would have on any agreements that have been entered into with third parties.

2. TERMINATION

   Termination of academic centres and institutes shall occur by one of two means:
   
   - by resolution of APC on the recommendation of the Centre/Institute Reporting Dean, or the University Administration;
   
   - by lack of submission of annual reports to the Reporting Dean for a period of two consecutive years. In such cases, the University Administration shall inform APC of the relevant unit’s failure to report inactivity and notice of closure.

   Termination plans must include details of any financial encumbrances, physical resources, or effect on teaching or other dissemination obligations.

   The termination of an academic centre or institute must be included in APC’s annual report to General Faculties Council.
**DEFINITIONS**

Any definitions listed in the following table apply to this document only with no implied or intended institution-wide use. [▲Top]

| **Academic Centre or Institute** | An academic centre or institute exists at the University of Alberta and is controlled by the University of Alberta. An academic Centre or Institute may exist solely within the University of Alberta or may be created through a partnership between the university and other entities. Such other entities may include other universities, governments, public authorities (such as health authorities), and non-profit organizations. If an external corporate entity is involved in the Centre or Institute, the process for managing conflict of interest and conflict of commitment must be reviewed. The University attaches the utmost value to academic freedom and scholarly integrity. Accordingly, academic Centres and Institutes shall not place any limits on these accepted principles of academic freedom and scholarly integrity. Centres or Institutes are not subsidiary companies, spin-off companies, societies created through non-university policies, or groups or corporations that lease University of Alberta space to achieve their own ends. Additionally, if the academic Centre or Institute has a governing board, membership of the board is constituted such that the University of Alberta has control. |
| **Affiliated Centre or Institute** | An Affiliated Centre or Institute is created through a contractual or other legal arrangement with one or more third parties such as a joint venture, a corporation, a society, a partnership or other affiliation type arrangement by which a centre or institute is created which is not under the control of the University. The Centre or Institute reports to a governing board that is external to the University of Alberta and for which the University does not have control. This definition would include centres and institutes created through an agreement whether located on or off the University’s campuses, including national centres of excellence. In all cases, the required governance reviews and approvals must be obtained prior to contract execution. |
| **Reporting Dean** | The Dean of the Faculty to which a centre or institute reports. In the case where multiple Deans are associated with a centre or institute, one Dean will be deemed to be the reporting Dean. |
| **Control** | The continuing power to determine the strategic operating and financing policies without the cooperation of others. Majority of voting shares and/or ability to appoint the majority of directors. |

Academic Centres and Institutes (University of Alberta)
Affiliated Centres and Institutes Establishment Procedure

Office of Administrative Responsibility: Office of the Provost and Vice-President (Academic)
Approver: Provost and Vice-President (Academic)
Scope: Compliance with University procedure extends to all members of the University community.

Overview
This procedure applies to all affiliated centres and institutes. This procedure does not apply to academic centres and institutes, nor shall it apply to research consortia that are created to fulfill the mandate of a research grant.

Purpose
To outline the steps necessary for establishing an affiliated centre or institute.

PROCEDURE
1. PROPOSAL

A University of Alberta Template for Proposals to Establish New Affiliated Centres and Institutes can be accessed from Forms (below). Proposals will be written using the template provided and submitted to the Office of the Provost and Vice-President (Academic). All proposals for the establishment of affiliated centres and institutes created through a contractual relationship or agreement, depending on the nature of the centre or institute being contemplated, require consultation with the Office of the Provost and Vice-President (Academic)'s office or the Office of the Vice-President (Research)'s office at the earliest feasible stage.

The proposal template addresses shall address the critical elements of a proposal as outlined within the Affiliated Centres and Institutes (Appendix A) Agreement Requirements, or explain why a critical element(s) is not applicable.

In addition to the required critical elements, the proposal submitted to the Provost shall contain:

a. The name and detailed purpose of the unit and the name and signature of the Reporting Dean;

b. Potential benefits to the University of Alberta—A clear statement of the benefit to the University of Alberta within the affiliation;

c. Membership and governance structure/reporting guidelines (including a diagram of organizational structure);

d. A statement of the employment status and funding of employees;

e. A detailed budget which includes clear delineation of sources of operating funds;
A statement of potential risks to the University of Alberta inherent in the activities of the proposed Centre/Institute and what steps would be taken to mitigate and/or manage them.

g. Physical space requirements;

h. A statement for the provision of intellectual property;

i. Statement of a provision for annual reporting and a stated provision for periodic strategic and operational review, as well as provision for reporting on such reviews, as will be outlined within the affiliation agreement;

j. An exigency plan for termination;

d. A detailed budget which includes clear delineation of sources of operating funds;

ek. Letters of support from relevant on- and off-campus sources;

f. The agreement, contract and/or memoranda of understanding between the University of Alberta and its partners within the affiliation agreement.

2. ESTABLISHMENT

All proposals for establishment of affiliated centres and institutes shall be submitted initially to the Provost and Vice-President (Academic) for assessment. Proposals deemed to be in good order will be forwarded by the proposer(s) to the Executive Planning Committee (EPC) for final approval. The Strategic Initiatives Group (SIG) shall review operational details (e.g., budget, space) for the proposed centre or institute and suggest revisions or clarification as needed. Proposals deemed to be in good order will be forwarded by the proposer(s) to the Executive Planning Committee (EPC) for final approval.

Proposed affiliated centres and institutes shall not operate prior to receipt of notice of approval.

All affiliated centres and institutes operating existing but not approved by EPC shall come into compliance immediately or be considered for closure.

DEFINITIONS

Any definitions listed in the following table apply to this document only with no implied or intended institution-wide use. [▲Top]

| Affiliated Centre or Institute | An affiliated Centre or Institute is created through a contractual or other legal arrangement with one or more third parties such as a joint venture, a corporation, a society, a partnership or other affiliation type arrangement by which a centre or institute is created which is not under the control of the University.

The Centre or Institute reports to a governing board that is external to the University of Alberta and for which the University does not have control. This definition would include centres and institutes created through an agreement whether located on or off the University’s campuses, including national centres of excellence.

In all cases, the required governance reviews and approvals must be obtained prior to contract execution. |

| Academic Centre or Institute | An academic centre or institute exists at the University of Alberta and is controlled by the University of Alberta. An academic Centre or Institute may exist solely within the University of Alberta or may be |
created through a partnership between the university and other entities. Such other entities may include other universities, governments, public authorities (such as health authorities), and non-profit organizations. If an external corporate entity is involved in the cCentre or iInstitute, the process for managing conflict of interest and conflict of commitment must be reviewed. The University attaches the utmost value to academic freedom and scholarly integrity. Accordingly, aAcademic cCentres and iInstitutes shall not place any limits on these accepted principles of academic freedom and scholarly integrity.

cCentres or iInstitutes are not subsidiary companies, spin-off companies, societies created through non-university policies, or groups or corporations that lease University of Alberta space to achieve their own ends.

Additionally, if the academic cCentre or iInstitute has a governing board, membership of the board is constituted such that the University of Alberta has control.

| Reporting Dean | The Dean of the Faculty to which a centre or institute reports. In the case where multiple Deans are associated with a centre or institute, one Dean will be deemed to be the reporting Dean. |
| Control | The continuing power to determine the strategic operating and financing policies without the cooperation of others. Majority of voting shares and/or ability to appoint the majority of directors. |

Affiliated Centres and Institutes Operation Procedure

**Office of Administrative Responsibility:** Office of the Provost and Vice-President (Academic)

**Approver:** Provost and Vice-President (Academic)

**Scope:** Compliance with University procedure extends to all members of the University community.

Overview

This procedure applies to all affiliated centres and institutes. This procedure does not apply to academic centres and institutes, nor shall it apply to research consortia that are created to fulfill the mandate of a research grant.

Purpose

To outline University requirements for operating an affiliated centre or institute.

**PROCEDURE**

In accordance with the critical elements outlined in the Affiliated Centres and Institutes (Appendix A) Agreement Requirements, each affiliated centre or institute with the University of Alberta must:

- provide an annual report as outlined within the affiliation agreement;
- conduct periodic reviews and report on those reviews as outlined within the affiliation agreement.

All proposals for the renaming of an affiliated centre or institute, or change in legal status, affiliation or substantial change to strategic direction of an affiliated centre or institute shall be submitted to the Executive Planning Committee for approval.

The affiliated centre or institute’s annual report must be submitted to the Reporting Dean or Vice-President.

**REVIEW AND RENEWAL**

Processes for reporting and review of an affiliated centre or institute are detailed in the affiliation agreement. Affiliated centre and institute renewal is dependent upon the determination by the reporting Dean or Vice-President, based on reporting and review, that:

- the centre or institute has made a demonstrated contribution to the mission of the University beyond what is possible by the department/Faculty in which the affiliated centre or institute is housed;
- the centre or institute continues to be financially viable/sustainable; and
- significant risk, if identified, has been mitigated or addressed.

If, at any point, any of these three conditions is no longer being met, then termination procedures may be initiated for the centre or institute.

**RISK REVIEW**
The Executive Planning Committee (EPC) or the President’s Executive Committee (PEC) may, at any
time, request and review the annual report of an affiliated centre or institute to assess the risk to the
University associated with the unit. As a result of this review, EPC or PEC may request that the
centre/institute lead investigate and address the perceived risk in a report back to the committee that
made the request.

**Purpose**

To outline the steps necessary for terminating an affiliated centre or institute.

**PROCEDURE**

Compliance with University procedure extends to all members of the University community.

Prior to the termination of an affiliated centre or institute, and in accordance with the Affiliated Centres and Institutes (Appendix A) Agreement Requirements, each affiliated centre or institute must:

- notify the University of Alberta that a termination of the centre/institute is being considered;
- notify the University what physical and financial resources will remain following the termination of the affiliated centre or institute, if not already stated within the affiliation agreement;
- follow the obligations as outlined in the affiliation agreement and at law.

*NOTE: The critical elements outlined below apply to affiliated centres and institutes only. They do not apply to academic centres and institutes, nor shall they apply to research consortia that are created to fulfill the mandate of a research grant.*

All agreements must be written and reviewed in accordance with the University of Alberta’s Contract Review and Signing Authority Policy.

The affiliation agreement will be written to:

- ensure best practice in the management of the University’s interests in an affiliated centre or institute.
- provide clarity of roles and responsibilities of the University and of the centre’s or institute’s board in terms of human resources, leases, ownership of equipment, ownership of research, reporting, etc.
- understand both the potential opportunities and exposures to the University and ensure appropriate steps are taken to mitigate significant risks.
- demonstrate consultation with appropriate University units and departments (e.g. General Counsel must be consulted on legal issues, Risk Management on insurance issues, Academic Staff Administration and/or Employee Relations on employment issues, etc)

All agreements to create an affiliated centre or institute must also contain the following critical elements. In certain circumstances, upon consultation with the University department that has responsibility for the area, it may be determined that one or more of these elements may not be required:

1. Legal Status
   a. Define the parties within the affiliation.
   b. Define the legal status of the centre/institute.

2. Reporting/Governance Structure
   a. Define the representation of each partner within the affiliation agreement on the board of directors or similar governing body and the associated roles and responsibilities of the board.
   b. Define the powers of the governing board.
   c. Define the powers that are reserved to parties (for example, the power to amend the affiliation agreement).
   d. If applicable, define the representation and responsibilities of the advisory council or similar advisory body.
Define the role and qualifications of the chief officer(s) of the proposed centre/institute.

Define the timing of and how the annual reporting will be conducted and the intended audience of the report.

Define how periodic reviews will be conducted, the timing of those reviews, and how the results of the reviews will be reported to each member institution.

3. Employees
Provisions must be included to deal with any employment issues that may arise as a result of the affiliation. This could include issues such as secondments between the parties, applicability of collective agreements and compliance with policies.

4. Space/Lease Agreement
Define the arrangements for the ownership and use of space, with associated liabilities clearly defined.

5. Equipment
Define the agreement regarding the purchase, ownership, and use of equipment.

6. Funding/Budget
Define the monetary and financial reporting obligations, if any, of the University and other party(ies) in the agreement.

7. Research and Intellectual Property
Define the agreement with the member party(ies) in terms of research grants and the ownership of research and other intellectual property.

8. Risk/Insurance
Define the arrangements for insurance and associated liabilities.

9. Termination or Wind Up
a. Define the processes for the termination or winding up of the centre/institute, and the obligations of the centre/institute and of the party(ies) should it be terminated or wound down.

b. Outline what physical and financial resources will remain following the termination or wind up of an affiliated centre or institute.
