3. Comments from the Chair (no documents)
The Chair commented on a number of issues of interest to members.

3A. Orientation and Kick-off

Presenters: Bill Connor, Interim Vice-Provost (Academic) and Chair, GFC Academic Standards Committee; Garry Bodnar, Coordinator, GFC Academic Planning Committee; Marion Haggarty-France, University Secretary

Purpose of the Proposal: To provide new and continuing members of the GFC Academic Standards Committee (ASC) with an (annual) orientation to the legislative and administrative frameworks in which this standing committee of General Faculties Council (GFC) will operate during the Academic Year 2011-2012.

Discussion:
Ms Haggarty-France welcomed members to the new academic year and provided a general overview of the orientation process undertaken by University Governance.

Mr Bodnar provided to members a formal orientation, aided by a web-based presentation, highlighting the following: the Post-Secondary Learning Act (PSLA); various GFC and GFC Standing Committee Terms of Reference; samples of GFC ASC Agendas, Minutes, and Outlines of Issue; and other relevant resource documentation upon which members can draw as they perform their duties on GFC ASC.

ACTIONS ITEMS

4. The Following Proposal(s) are Deemed Minor/Editorial (GFC ASC's Terms of Reference (Mandate) (3.A.i and iii)) by the Interim Vice-Provost (Academic) and Chair, GFC ASC, and are APPROVED UNDER DELEGATED AUTHORITY FROM GFC IN A SINGLE OMNIBUS MOTION.

Materials before members are contained in the official meeting file.

6. **Annual Report on Enrolment from the Vice-Provost and University Registrar**

Materials before members are contained in the official meeting file.

**Presenters:** Gerry Kendal, Vice-Provost and University Registrar; Pat Dalton, Associate Registrar and Director of Enrolment Management, Office of the Registrar and Student Awards

**Purpose of the Proposal:** For discussion/information as part of the annual reporting of admission averages, targets and enrolment by Faculty, as required by GFC policy.

**Discussion:**

Mr Kendal introduced the annual reports to members, noting that it had been some time since these reports had been submitted by the Office of the Registrar and Student Awards to the required legislative bodies for their review. In turn, he went through each report provided to members in some detail. With regard to the international student enrolment numbers noted in Attachments 5 and 6, Mr Kendal commented that there has been, over the past three years, a steady increase in these numbers, very much in keeping with the President’s vision. With regard to Aboriginal student enrolment, he stated that the numbers contained within this particular report (Attachment 7) are not necessarily a true reflection of the number of Aboriginal students attending the University of Alberta—many of these individuals choose not to declare, either at the time of application or throughout the duration of their programs, that they are of Aboriginal ancestry.

During the ensuing discussion, the presenters addressed questions and comments from members regarding the following matters: clarification on the minimum averages required for admission to the Faculty of Medicine and Dentistry; clarification on the 2010-2011 enrolment target for the Faculty of Business; the involvement of the Ministry of Advanced Education and Technology (AET) in determining the University’s final enrolment targets (per Faculty) and the state of negotiations on these matters between Ministry representatives, representatives of the Office of the Provost and Vice-President (Academic), and individual Deans; the nature of follow-up carried out with students who declare themselves of Aboriginal ancestry; and a query as to why there was a recent spike in the number of Aboriginal students enrolled in the Faculty of Physical Education and Recreation and a marked decrease, in the same period (between 2009-2010 and 2010-2011), in the Aboriginal student enrolment in the Faculty of Pharmacy and Pharmaceutical Sciences.

7. **Question Period**

The Chair asked members if they had any questions they wished to pose at this point in the meeting. Associate Dean Street raised issue with the timely provision of feedback to students on their performance in courses prior to the official course add/drop deadline. He noted that, in some cases, students did not receive any formal feedback on their performance in individual courses until after this deadline had passed—only then, he noted, do they discover they are in academic jeopardy and, potentially, in fear of being required to withdraw. He queried whether or not the University had in place any regulations or policies that require feedback on a student’s performance in a course be provided prior to the add/drop deadline. (The response, as discussed by members, was essentially that there are no such regulations in place at the present time.)

Associate Dean Leskiw indicated that a central system for reporting on students in academic jeopardy...
would be very helpful and much more efficient that present systems allowed. Associate Dean Causgrove-Dunn noted that she had very recently received a missive from the University of Windsor indicating that that institution was piloting such a system in order to better assist students who were experiencing academic difficulties and to attempt to get them the help they need to better their performance. After some discussion on this point, Ms Schmude agreed to approach those individuals at the University of Windsor overseeing this pilot project and seek further information on the administration of their student intervention program and its reporting mechanisms; she noted she would report back to GFC ASC in due course.
