| Compliance with Legislation, Policy and/or Procedure Relevant to the Proposal (please quote legislation and include identifying section numbers) | 1. **Post-Secondary Learning Act (PSLA):** The PSLA gives GFC responsibility, subject to the authority of the Board of Governors, over academic affairs. Further, the PSLA gives the Board of Governors authority over certain admission requirements and rules respecting enrolment. The Board has delegated its authority over admissions requirements and rules respecting enrolment to GFC and the GFC ASC (Academic Standards Committee). (Sections 26(1), 60(1)(c) and (d)).

2. **PSLA:** The PSLA gives Faculty Councils power to “provide for the admission of students to the faculty” (29(1)(c)).

3. **UAPPOL Admissions Policy:** “Admission to the University of Alberta is based on documented academic criteria established by individual Faculties and approved by GFC. This criteria may be defined in areas such as subject requirements, minimum entrance averages, and language proficiency requirements. In addition to academic requirements for admission, GFC authorizes each Faculty to establish such other reasonable criteria for admission of applicants as the Faculty may consider appropriate to its programs of study, subject to the approval of GFC (e.g. interview, audition, portfolio, etc.)

The admission requirements for any Faculty will be those approved by GFC as set forth in the current edition of the *University Calendar*. In addition to the admission requirements, selection criteria for quota programs, where they exist, will also be published in the current edition of the *University Calendar*.

The responsibility for admission decisions will be vested in the Faculty Admission Committees or in the Deans of the respective Faculties, as the councils of such Faculties will determine.”

4. **UAPPOL Admissions Procedure:**

**PROCEDURE**

1. **EFFECTIVE DATE OF CHANGES TO ADMISSION REGULATIONS**

Following approval by GFC:

a. Where changes to admission regulations may disadvantage students in the current admission cycle, normally implementation will be effective after the change has been published in the *University Calendar* for one full year (i.e., effective the second year that the information is published in the *University Calendar*).
For example, a change approved in May 2005 would be first published in the 2006-2007 University Calendar in March 2006. Therefore the statement cannot come into effect until September 2007 (affecting applicants who apply for the September 2007 term beginning July 2006).”

b. Where changes to admission regulations are deemed by the approving body to be ‘advantageous to students’, normally the date of implementation will be effective immediately or at the next available intake for the admitting Faculty.”

5. **PSLA**: The PSLA gives Faculty Councils the authority to “determine the conditions under which a student must withdraw from or may continue the student’s program of studies in a faculty” (Section 29(1)(d)).

6. **UAPPOL Academic Standing Policy**: “All current academic standing regulations, including academic standing categories, University graduating standards and requirements for all individual programs will be those prescribed by Faculty Councils and GFC as set forth in the University Calendar.”

7. **UAPPOL Academic Standing Regulations Procedures**: “All proposed new academic standing regulations and changes to existing academic standing regulations will be submitted by the Faculties or the Administration to the Provost and Vice-President (Academic). Faculties will also submit to the Provost and Vice-President (Academic) any proposed changes to the use and/or computation of averages relating to academic standing, including promotion and graduation.

If the Provost and Vice-President (Academic) determines the proposal to be in good order, the proposal will be introduced to the appropriate University governance process(es). In considering these proposals, governance bodies will consult as necessary with the Faculties and with other individuals and offices.

Normally, changes become effective once they are approved by GFC or its delegate and are published in the University Calendar.”

8. **GFC Academic Standards Committee (ASC) Terms of Reference (Mandate)**: The Office of the Provost and Vice-President (Academic) has determined that the proposed changes are editorial in nature. ASC’s terms of reference provide that “the term ‘routine and/or editorial’ refers to proposals which do not involve or affect other Faculties or units; do not form part of a proposal for a new program; and do not involve alteration of an existing quota or establishment of a new quota. Editorial or routine changes include any and all changes to the wording of an admissions or academic standing policy” (3.A.i).

Further, “ASC acts for GFC in approving routine and/or editorial changes to both admissions/transfer policies and academic standing regulations” (Section 3.B.ii).
9. **GFC ASC Terms of Reference (Mandate):** GFC ASC’s delegated authority from GFC extends to the following:
   "a. ASC approves, for inclusion in the Alberta Transfer Guide, courses for transfer credit to the University of Alberta which are offered by non-University institutions in Alberta. Approval will be based upon an assessment of course content and level of instructor qualifications.
   b. ASC denies courses for transfer credit to the University of Alberta which are offered by non-University institutions in Alberta.
   c. ASC monitors the entries in the Alberta Transfer Guide relevant to the University of Alberta.
   d. ASC rescinds, if necessary, the entries in the Alberta Transfer Guide relevant to the University of Alberta." (3.D.i-iv.)

10. **UAPPOL Transfer Credit Articulation Procedure (Overview and Procedure):** “The University of Alberta will accept for transfer credit the courses recommended by Faculties and approved by ASC for inclusion in the Alberta Transfer guide, to the extent that the courses fit the degree program that the student wishes to enter. Credit for such courses will be considered in a credit-no credit basis only and will not be included in the University grade point average calculation on the University transcript. Faculties may have other requirements…Transfer credit is assess on an individual course-by-course basis for by a block transfer agreement.”

11. **GFC ASC Terms of Reference (Mandate):** 3.G. Certificates (All Faculties): Approval Route

   “GFC delegated to ASC the authority to approve proposals for the establishment of and termination of credit and non-credit certificates, regardless of the proposing academic unit. Where additional funding and/or space is required to support the offering of the proposed certificate and/or if, in the opinion of the Provost and Vice-President (Academic) (or delegate), the certificate requires Government approval, ASC would provide a recommendation on the (proposed) initiative to the GFC Academic Planning Committee (APC).”

15.2.1 BA
Admission to the Faculty of Arts is competitive. The number of high school and transfer admissions or readmissions to the Faculty may be limited in any given year depending on the number of applicants and their qualifications. Presentation of the minimum application requirements does not guarantee admission. Applicants will be assessed on the basis of their academic records as described below.

I. High School Requirements
High school applicants will be considered for admission based on their matriculation average on five subjects noted below. See §14.4.2 for minimum grade and admission average requirements.

Subject Requirements
(1) English Language Arts 30-1
(2) Four subjects from Group A, B and/or C. A maximum of one Group B may be presented for admission. In order to maximize their future program and course choices, all students are encouraged to present a broad range of subjects across Group A and C.
(3) Mathematics 30-2 may be used for admission to the Faculty of Arts, though some disciplines require Pure

(6) Students intending to transfer to the Faculty of Business must present Pure Mathematics 30 or Mathematics 30-1. Pure Mathematics 30 or Mathematics 30-1 do not have to be included as one of the five 30-level courses for admission, but some of the courses required for admission to the Faculty of Business require Pure Mathematics 30 or Mathematics 30-1 as a prerequisite.

(7) The Faculty of Arts accepts proficiency in an Aboriginal language recognized in Canada (e.g., Cree, Slavey, etc.) to meet a Group A admission requirement. Proficiency is measured either by a test, administered by the University if such can be arranged, or by boards of examiners appointed by the University. Candidates having passed the required test of an Aboriginal language have their averages calculated on the remaining four matriculation subjects.

II. Transfer Applicants
Please refer to §§15.2.1, 15.2.13 and 14.2.1.

III. Nonmatriculated Applicants
Please refer to §15.2.14.

15.2 Faculty of Arts
*No further Changes Until*

15.2.13 Postsecondary Applicants

(1) Readmission and Transfer: These regulations are for applicants with previous postsecondary education who want to apply for readmission to the Faculty after an absence, or to change programs within Arts, as well as those who wish to transfer from other faculties and other postsecondary institutions.

a. Applicants who do not present either the high school requirements or the required matriculation average may be considered for admission if they successfully complete, at an accredited postsecondary institution, *24 or more of course work transferable to the Faculty of Arts with a competitive average for the appropriate program. This work is accepted in place of matriculation subject requirements, except for English Language Arts 30-1 (or equivalent), which is required for all applicants.

Yellow highlighted areas in section 15.2 reference changes already circulated and approved for September 2012. Changes in green are new and reflective of the BA Planning major.

a. Applicants to programs except BA Environmental Studies and the BA major in Planning who do not present either the high school requirements or the required matriculation average may be considered for admission if they successfully complete, at an accredited postsecondary institution, *24 or more of course work transferable to the Faculty of Arts with a competitive average for the appropriate program. This work is accepted in place of matriculation subject requirements, except for English Language Arts 30-1 (or equivalent), which is required for all applicants.
### Note: This course work may not include any courses equivalent to ones previously passed at this or any other institution. For a course to be considered transferable from another postsecondary institution a minimum final grade of C- is required.

b. Students may apply for admission or readmission to the BA program in the Faculty if they have a competitive AGPA (minimum 2.0) and meet all other admission requirements. Applicants should note, however, that presentation of the minimum requirements does not guarantee admission. Some programs, for example, BA Honors, BA (Criminology), Bachelor of Music, and BMus/BE Rd Combined Degrees, require minimum averages greater than 2.0. Refer to specific program requirements.

c. See also §14.2.1.

### 15.2.14 Nonmatriculated Applicants

### Note: This course work may not include any courses equivalent to ones previously passed at this or any other institution. For a course to be considered transferable from another postsecondary institution a minimum final grade of C- is required.

b. Post-Secondary applicants to the BA major in Planning and the BA Environmental Studies programs must meet specific high school course requirements as outlined in §15.2.1 and §15.2.12 in order to meet prerequisite requirements for required courses in the program. All requirements as outlined in §15.2.1 and §15.2.12 for the BA major in Planning and the BA Environmental Studies programs must be met.

c. Students may apply for admission or readmission to the BA program in the Faculty if they have a competitive AGPA (minimum 2.0) and meet all other admission requirements. Applicants should note, however, that presentation of the minimum requirements does not guarantee admission. Some programs and BA majors require minimum averages greater than 2.0. Refer to specific program requirements.

d. See also §14.2.1.
Subject Requirements
(1) English Language Arts 30-1 or *6 in transferable English at the 100-level
(2) Another 30-level subject from Group A, B, or C (or equivalent)
(3) Presentation of Faculty minimum average on (1) and (2), and a competitive AGPA if any postsecondary-level course work is presented.
(4) Presentation of no more than *21 of postsecondary-level course work.
Any applicant who has successfully completed *24 or more at the postsecondary level will be considered a transfer applicant. (See §§15.2.13 and 14.2.1.)

Other Requirements
(1) No failure of an academic course in the three years before the date of intended registration.
(2) See general nonmatriculated requirements §14.3.

15.2.14 Nonmatriculated Applicants
Subject Requirements
(1) English Language Arts 30-1 or *6 in transferable English at the 100-level
(2) Another 30-level subject from Group A, B, or C (or equivalent)
(3) Presentation of Faculty minimum average on (1) and (2), and a competitive AGPA if any postsecondary-level course work is presented.
(4) Presentation of no more than *21 of postsecondary-level course work.
Any applicant who has successfully completed *24 or more at the postsecondary level will be considered a transfer applicant. (See §§15.2.13 and 14.2.1.)

Other Requirements
(1) No failure of an academic course in the three years before the date of intended registration.
(2) See general nonmatriculated requirements §14.3.
(3) NMA applicants are not considered for admission to the BA major in Planning.

73.4.2 Marginal Standing–Academic Warning

A student placed on Academic Warning resulting from Marginal Standing is bound by the following requirements:

a. A student must complete ★24 credits with a GPA of 2.0; or complete a minimum of ★21 credits with a GPA of 2.3; or complete a minimum of ★18 credits with a GPA of 2.7; or complete a minimum of ★15 credits with a GPA of 3.0.

Note: Students are not required to complete these minimum number of units of course weight in one Fall/Winter.

b. A student on Academic Warning must maintain a GPA of at least 2.0 for each full session in which the student is enrolled.

c. A minimum of ★9 does not have to be completed for a performance review to be conducted when a student is on Academic Warning. A review will be done after each term on any work done. A minimum GPA of 2.0 must be maintained on all work.

d. Registration in the Introductory or Advanced Professional Term will not be permitted while on Academic Warning. If special circumstances warrant, permission must be obtained from the Assistant Dean of Field Experiences.

e. Students must maintain continuous registration during each Fall/Winter they are on Academic Warning by registering in at least ★3 during the September–April period. Students who do not maintain continuous registration will be required to compete for readmission.

f. Students are not normally permitted to take courses at another institution while on Academic Warning.

g. Students are not normally permitted to Stop Out [see § 73.2.1(3)] while on Academic Warning.

73.4.2 Marginal Standing–Academic Warning

1. A student placed on Academic Warning resulting from Marginal Standing is bound by the following requirements:

   a. A student must complete ★24 credits with a GPA of 2.0; or complete a minimum of ★21 credits with a GPA of 2.3; or complete a minimum of ★18 credits with a GPA of 2.7; or complete a minimum of ★15 credits with a GPA of 3.0.

   Note: Students are not required to complete these minimum number of units of course weight in one Fall/Winter.

   b. A student on Academic Warning must maintain a GPA of at least 2.0 for each full session in which the student is enrolled.

   c. A minimum of ★9 does not have to be completed for a performance review to be conducted when a student is on Academic Warning. A review will be done after each term on any work done. A minimum GPA of 2.0 must be maintained on all work.

   d. Registration in the Introductory or Advanced Professional Term will not be permitted while on Academic Warning. If special circumstances warrant, permission must be obtained from the Associate Dean Undergraduate Student Services.

   e. Students are not normally permitted to take courses at another institution while on Academic Warning.

Motion: THAT the GFC Academic Standards Committee approve, under delegated authority from General Faculties Council, proposed changes to existing academic standing (‘Academic Warning’) requirements, as submitted by the Faculty of Education and as set out in Attachment 4C of the documentation, to be effective in 2012-2013.

<tbody>
<tr>
<td>The Purpose of the Proposal is (please be specific)</td>
<td>The BSc with Specialization in Planning degree program was approved under an alternate funding model that places a restriction on the number of students that can be admitted. This necessitated the removal of the Planning minor from the BA Planning (there is an accompanying proposal from Faculty of Arts) and communication with the students about the admissions process. The amendment to the Science Admission Chart 5 makes clear that admission is competitive and outlines the additional requirement to submit a written statement, ultimately to be used by the committee making admission decisions. A similar amendment was made to the Admissions and Readmission Deadlines chart in Calendar Section 12.7. For Fall, 2012, students will be admitted into years 1 and 2 of the program. As well, while making the changes to the Admission Chart, we have taken the opportunity to think carefully about the admission subjects listed in the original proposal and have made a change to remove the specific Chemistry 30 admission subject requirement and instead add choice so as to place fewer limits on eligibility of prospective students. The original rationale to include Chemistry 30 was because of a proposed requirement in the program for BIOL 107; however, as decisions about the program requirements evolved and BIOL 107 was removed, the Chemistry 30 admission subject was never revisited. This oversight has now been corrected.</td>
</tr>
<tr>
<td>The Impact of the Proposal is</td>
<td>Transparent communication of program requirements and limits on admission into the BSc with Specialization in Planning degree program (and the BA major in Planning). As well, changes to the admission subjects have the potential to make the program accessible to a larger range of prospective students.</td>
</tr>
<tr>

</tr>
<tr>
<td>Timeline/Implementation Date</td>
<td>To be effective upon approval to allow communication in the current admission cycle for Fall, 2012. As stated above, admissions for Fall, 2012, will be made into years 1 and 2 of the program.</td>

### Alignment/Compliance

<table>
<thead>
<tr>
<th>Alignment with Guiding Documents</th>
<th>Dare to Discover; Dare to Deliver</th>
</tr>
</thead>
</table>

#### Compliance with Legislation, Policy and/or Procedure Relevant to the Proposal (please quote legislation and include identifying section numbers)

1. **Post-Secondary Learning Act (PSLA):** The PSLA gives GFC responsibility, subject to the authority of the Board of Governors, over academic affairs. Further, the PSLA gives the Board of Governors authority over certain admission requirements and rules respecting enrolment. The Board has delegated its authority over admissions requirements and rules respecting enrolment to GFC and the GFC Academic Standards Committee (ASC). (Sections 26(1), 60(1)(c) and (d)).

2. **PSLA:** The PSLA gives Faculty Councils power to “provide for the admission of students to the faculty” (29(1)(c)).

3. **UAPPOL Admissions Policy:** “Admission to the University of Alberta is based on documented academic criteria established by individual Faculties and approved by GFC. This criteria may be defined in areas such as subject requirements, minimum entrance averages, and language proficiency requirements. In addition to academic requirements for admission, GFC authorizes each Faculty to establish such other reasonable criteria for admission of applicants as the Faculty may consider appropriate to its programs of study, subject to the approval of GFC (e.g. interview, audition, portfolio, etc.)

The admission requirements for any Faculty will be those approved by GFC as set forth in the current edition of the University Calendar. In addition to the admission requirements, selection criteria for quota programs, where they exist, will also be published in the current edition of the University Calendar.

The responsibility for admission decisions will be vested in the Faculty Admission Committees or in the Deans of the respective Faculties, as the councils of such Faculties will determine.”

4. **UAPPOL Admissions Procedure:**

**PROCEDURE**

1. **EFFECTIVE DATE OF CHANGES TO ADMISSION REGULATIONS**

Following approval by GFC:

a. Where changes to admission regulations may disadvantage students
in the current admission cycle, normally implementation will be effective after the change has been published in the University Calendar for one full year (i.e., effective the second year that the information is published in the University Calendar).

For example, a change approved in May 2005 would be first published in the 2006-2007 University Calendar in March 2006. Therefore the statement cannot come into effect until September 2007 (affecting applicants who apply for the September 2007 term beginning July 2006).

b. Where changes to admission regulations are deemed by the approving body to be ‘advantageous to students’, normally the date of implementation will be effective immediately or at the next available intake for the admitting Faculty."

5. GFC ASC Terms of Reference (Mandate): The Office of the Provost and Vice-President (Academic) has determined that the proposed changes are editorial in nature. GFC policy provides that “the term ‘routine and/or editorial’ refers to proposals which do not involve or affect other Faculties or units; do not form part of a proposal for a new program; and do not involve alteration of an existing quota or establishment of a new quota. Editorial or routine changes include any and all changes to the wording of an admissions or academic standing policy” (Section 12.1.2.1).

Further, GFC policy allows for ASC “to act for GFC in approving routine and/or editorial changes to both admissions/transfer policies and academic standing regulations” (Section 12.1.3.1).

192.5.5 Probation and Academic Warning

(2) Marginal Standing—Academic Warning

Students, whether in an Honors, Specialization, BSc/BEd Combined or the General program, whose GPA at the end of Fall/Winter is between 1.7 and 1.9 will be deemed to have a Marginal Standing. Subject to the next paragraphs, they will be allowed to continue in the BSc General program for one further Fall/Winter on Academic Warning.

Only one period of attendance on Academic Warning will be allowed while registered in the Faculty of Science. Students who have received an Academic Warning in any previous Fall/Winter, or its equivalent at any other postsecondary institution, and whose current Fall/Winter GPA is between 1.7 and 1.9 will be required to withdraw from the Faculty. Such students can only apply for readmission after:

a. Completing ★18 of postsecondary courses transferable to the Faculty of Science with an AGPA of 2.7 or completing ★24 of postsecondary courses transferable to the Faculty of Science with an AGPA of 2.0 may reapply for admission to the Faculty or...

### 192.5 Academic Standing

In all programs in the Faculty of Science, academic standing is assessed on the basis of Grade Point Average. An assessment of academic standing is conducted for each student at the end of the student’s registration in the Fall/Winter on a minimum ★9, regardless of whether the student registered in one or both terms, except those in a BSc Honors (see §192.5.1) or Specialization (see §192.5.2) degree. If a student attempted fewer than ★9 since the last assessment, the review is deferred and the academic standing assigned at the last review remains in effect until the next Fall/Winter. Decisions regarding academic standing will be based on all courses attempted during the previous Fall/Winter only. Spring and Summer work does not impact academic standing assessment. See §§ 23.4(6) and 23.9.2 for information on the calculation of GPAs and the academic record.

Alignment/Compliance

| Alignment with Guiding Documents | Dare to Discover Values: to provide an intellectually superior educational environment; integrity, fairness, and principles of ethical conduct built on the foundation of academic freedom, open inquiry, and the pursuit of truth; Dare to Deliver: |
| Compliance with Legislation, Policy and/or Procedure Relevant to the Proposal (please quote legislation and include identifying section numbers) | 1. Post-Secondary Learning Act (PSLA): The PSLA gives GFC responsibility, subject to the authority of the Board of Governors, over academic affairs. Further, the PSLA gives the Board of Governors authority over certain admission requirements and rules respecting enrolment. The Board has delegated its authority over admissions requirements and rules respecting enrolment to GFC and the GFC Academic Standards Committee (ASC). (Sections 26(1), 60(1)(c) and |

N/A
2. **GFC Academic Standards Committee (ASC) Terms of Reference (Mandate):** GFC delegated authority to ASC to approve “proposals for the establishment of and termination of credit and non-credit certificates, regardless of the proposing academic unit. Where additional funding and/or space is required to support the offering of the proposed certificate and/or if, in the opinion of the Provost and Vice-President (Academic) (or delegate), the certificate requires Government approval, ASC would provide a recommendation on the (proposed) initiative to the GFC Academic Planning Committee (APC).” (3.G.).

3. **PSLA:** The PSLA gives Faculty Councils power to “provide for the admission of students to the faculty” (29(1)(c)).

4. **UAPPOL Admissions Policy:** “Admission to the University of Alberta is based on documented academic criteria established by individual Faculties and approved by GFC. This criteria may be defined in areas such as subject requirements, minimum entrance averages, and language proficiency requirements. In addition to academic requirements for admission, GFC authorizes each Faculty to establish such other reasonable criteria for admission of applicants as the Faculty may consider appropriate to its programs of study, subject to the approval of GFC (e.g. interview, audition, portfolio, etc.)

The admission requirements for any Faculty will be those approved by GFC as set forth in the current edition of the *University Calendar*. In addition to the admission requirements, selection criteria for quota programs, where they exist, will also be published in the current edition of the *University Calendar*.

The responsibility for admission decisions will be vested in the Faculty Admission Committees or in the Deans of the respective Faculties, as the councils of such Faculties will determine.”

5. **UAPPOL Admissions Procedure:**

**PROCEDURE**

1. **EFFECTIVE DATE OF CHANGES TO ADMISSION REGULATIONS**

   Following approval by GFC:

   a. Where changes to admission regulations may disadvantage students in the current admission cycle, normally implementation will be effective after the change has been published in the *University Calendar* for one full year (i.e., effective the second year that the information is published in the *University Calendar*).

   For example, a change approved in May 2005 would be first published in the 2006-2007 *University Calendar* in March 2006. Therefore the statement cannot come into effect until September 2007 (affecting
applicants who apply for the September 2007 term beginning July 2006).

b. Where changes to admission regulations are deemed by the approving body to be “advantageous to students”, normally the date of implementation will be effective immediately or at the next available intake for the admitting Faculty.”

6. **PSLA**: The PSLA gives Faculty Councils the authority to “determine the conditions under which a student must withdraw from or may continue the student’s program of studies in a faculty” (Section 29(1)(d)).

7. **UAPPOL Academic Standing Policy**: “All current academic standing regulations, including academic standing categories, University graduating standards and requirements for all individual programs will be those prescribed by Faculty Councils and GFC as set forth in the University Calendar.”

8. **UAPPOL Academic Standing Regulations Procedures**: “All proposed new academic standing regulations and changes to existing academic standing regulations will be submitted by the Faculties or the Administration to the Provost and Vice-President (Academic). Faculties will also submit to the Provost and Vice-President (Academic) any proposed changes to the use and/or computation of averages relating to academic standing, including promotion and graduation.

If the Provost and Vice-President (Academic) determines the proposal to be in good order, the proposal will be introduced to the appropriate University governance process(es). In considering these proposals, governance bodies will consult as necessary with the Faculties and with other individuals and offices.

Normally, changes become effective once they are approved by GFC or its delegate and are published in the University Calendar.”

9. **GFC ASC Terms of Reference (Mandate)**: The Office of the Provost and Vice-President (Academic) has determined that the proposed changes are editorial in nature. GFC policy provides that “the term ‘routine and/or editorial’ refers to proposals which do not involve or affect other Faculties or units; do not form part of a proposal for a new program; and do not involve alteration of an existing quota or establishment of a new quota. Editorial or routine changes include any and all changes to the wording of an admissions or academic standing policy” (Section 12.1.2.1).

Further, GFC policy allows for ASC “to act for GFC in approving routine and/or editorial changes to both admissions/transfer policies and academic standing regulations” (Section 12.1.3.1).

124 Certificates

124.1 The Certificate in Aboriginal Governance and Partnership

The Certificate in Aboriginal Governance and Partnership is administered by the Faculty of Native Studies and is available to students: (1) in undergraduate degree programs across the University, regardless of Faculty or program; or (2) as a University credit certificate only.

This certificate will provide students with the necessary understanding and skills to effectively lead, work, or partner with Aboriginal and non-Aboriginal businesses, communities, organizations, or governments. The program of study centers on developing knowledge while increasing analytical and applied skills suited to the unique governance issues and opportunities facing Aboriginal peoples and their non-Aboriginal partners today. The curriculum features theory and practice for negotiations and partnership between Aboriginal and non-Aboriginal entities, including best practices for successful partnership, leadership, government, management, administration, and business growth for First Nations, Métis and Inuit organizations, and their non-Aboriginal counterparts.

Students wishing to pursue the Certificate in Aboriginal Governance and Partnership must apply through the Faculty of Native Studies. Since the certificate is awarded only upon graduation, students must notify the Faculty of completion of all requirements for the certificate by the application date for graduation [see §11.1] Normally, the requirements for the certificate can be completed as part of the student’s degree program; however, in some cases, a student may need to take more than the minimum required for his or her degree program in order to qualify for the degree and the certificate.

Current students in a University of Alberta degree program wishing to pursue the Certificate in Aboriginal Governance and Partnership should contact the Academic Advisor in the Faculty of Native Studies at nsadvisor@ualberta.ca.
124.2 The Certificate in Aboriginal Governance and Partnership with Degree

Students may pursue the Aboriginal Governance and Partnership Certificate with degree by fulfilling the existing requirements in their respective disciplines and by completing a minimum of six courses (*18) from the following list:

Since the certificate is awarded only upon graduation, students must notify the Faculty of completion of all requirements for the certificate by the application date for graduation [see §11.1.]

Normally, the requirements for the certificate can be completed as part of the student’s degree program; however, in some cases, a student may need to take more than the minimum required for his or her degree program in order to qualify for the degree and the certificate.
Certificate program requirements evaluation will be done by the Faculty of Native Studies. See §122.6.

(3) Appeals:
Students registered in the Aboriginal Governance and Partnership Certificate with degree can obtain consistent information for formal and informal grade appeal and academic appeal procedures and regulations regarding the certificate from the Faculty of Native Studies.

124.4 University Credit Certificate in Aboriginal Governance and Partnership

The Certificate in Aboriginal Governance and Partnership is available as a university credit certificate only. Students do not need to be enrolled in a degree program to obtain this certificate.

Students may enrol in a part-time or full-time course load.

Students may pursue the University Credit Certificate in Aboriginal Governance and Partnership by completing a minimum of 10 courses (*30) from the following list:

Aboriginal Governance Core Credits – *18:
NS 110, 111, 320, 345, 420, 430

Elective Course Credits – *12:

NS 110, 111, 320, 345, 420, 430

Elective Course Credits – *12:

Total Certificate Requirements – *30

Note: See specific course prerequisites in the course listings or consult the Faculty’s Academic Advisor.

Residency Requirement: Students must normally complete a minimum *15 of the *30 certificate requirements while registered in the Faculty of Native Studies.
124.3.1 Academic Standing and Graduation

(1) Academic Standing

Academic standing will be assessed on the basis of a grade point average (GPA). Refer to §23.4(7) for rules of computation of the GPA. Students are expected to maintain a minimum GPA of 2.0 on all certificate courses. Students who do not maintain this level of academic performance may be permitted to continue under academic warning or may be required to withdraw from the certificate program. A review of academic performance is conducted for each student at the end of Fall/Winter and Spring/Summer. The assignment and reassignment of categories of academic standing are based on a student’s performance in a minimum of *12 within the Faculty of Native Studies. If at the time of the first review, the student has attempted fewer than *12 within the Faculty of Native Studies, the assignment of an academic standing category will be deferred until a minimum of *12 has been attempted within the Faculty of Native Studies. Subsequent assessments will be made once a further *12 has been attempted within the Faculty of Native Studies and will be based upon only the courses attempted within the Faculty of Native Studies since the previous assessment. If, at the time of review, a student has attempted fewer than *12 since the last assignment of an academic standing category, the review will be deferred and the academic standing assigned at the last review will remain in effect until the next review.

(2) Graduation

Students registered in the University Credit Certificate in Aboriginal Governance and Partnership must meet all certificate program requirements and present a certificate graduation average of at least 2.0 on all certificate courses. The certificate GPA and certificate program requirements evaluation will be done by the Faculty of Native Studies. See §122.6.

(3) Appeals

Students registered in the University Credit Certificate in Aboriginal Governance and Partnership can obtain information for formal and informal grade appeal and academic appeal procedures and regulations regarding the certificate.
124.3 Certificate in Aboriginal Sport and Recreation

The Certificate in Aboriginal Sport and Recreation is jointly administered by the Faculty of Physical Education and Recreation and the Faculty of Native Studies and is targeted at students enrolled in degree programs in the Faculties of Native Studies and Physical Education and Recreation.

This certificate will produce the next generation of leaders in Aboriginal sport and recreation by providing students with a flexible and innovative environment that emphasizes academic excellence and experiential learning. To achieve this goal, the proposed curriculum positions sport and recreation as instruments for improving community health. This is accomplished by combining the expertise of the Faculty of Physical Education and Recreation in the realms of sport, recreation and physical activity with the Faculty of Native Studies’ expertise in Aboriginal culture and community.

Students wishing to be awarded the Aboriginal Sport and Recreation Certificate must apply either through the Faculty of Physical Education and Recreation or the Faculty of Native Studies early in their degree programs to ensure that they have access to the required courses.

Students may pursue this certificate in Aboriginal Sport and Recreation while fulfilling existing requirements for their degree program by taking the designated courses for a minimum of *30. The course requirements are as follows:

(1) *18 Core:
   a. NS 110
   b. NS 111
   c. NS 290
   d. PERLS 105
   e. PERLS 323
   f. RLS 100

(2) *12 Options:
   a. *6 chosen from: NS 300, 345, 361, 362, 376, 390, 476, 485
   b. *6 chosen from: HE ED 110; PEDS 245;

124.4 Certificate in Aboriginal Sport and Recreation

The Certificate in Aboriginal Sport and Recreation is jointly administered by the Faculty of Physical Education and Recreation and the Faculty of Native Studies and is targeted at students enrolled in degree programs in the Faculties of Native Studies and Physical Education and Recreation.

This certificate will produce the next generation of leaders in Aboriginal sport and recreation by providing students with a flexible and innovative environment that emphasizes academic excellence and experiential learning. To achieve this goal, the proposed curriculum positions sport and recreation as instruments for improving community health. This is accomplished by combining the expertise of the Faculty of Physical Education and Recreation in the realms of sport, recreation and physical activity with the Faculty of Native Studies’ expertise in Aboriginal culture and community.

Students wishing to be awarded the Aboriginal Sport and Recreation Certificate must apply either through the Faculty of Physical Education and Recreation or the Faculty of Native Studies early in their degree programs to ensure that they have access to the required courses.

Students may pursue this certificate in Aboriginal Sport and Recreation while fulfilling existing requirements for their degree program by taking the designated courses for a minimum of *30. The course requirements are as follows:

(1) *18 Core:
   a. NS 110
   b. NS 111
   c. NS 290
   d. PERLS 105
   e. PERLS 323
   f. RLS 100

(2) *12 Options:
   a. *6 chosen from: NS 300, 345, 361, 362, 376, 390, 476, 485
   b. *6 chosen from: HE ED 110; PEDS 245;
To qualify for the certificate a student must satisfy all program requirements for their degree and demonstrate satisfactory academic performance by achieving a pass on all courses in the certificate program. This is an embedded certificate; the certificate will only be awarded when the degree is awarded.

**Alignment/Compliance**  

| Alignment with Guiding | Dare to Discover – the certificate will promote a strong contribution to |
| Compliance with Legislation, Policy and/or Procedure Relevant to the Proposal (please quote legislation and include identifying section numbers) | 1. **Post-Secondary Learning Act (PSLA):** The PSLA gives GFC responsibility, subject to the authority of the Board of Governors, over academic affairs. Further, the PSLA gives the Board of Governors authority over certain admission requirements and rules respecting enrolment. The Board has delegated its authority over admissions requirements and rules respecting enrolment to GFC and the GFC ASC. (Sections 26(1), 60(1)(c) and (d)).

2. **GFC Academic Standards Committee (ASC) Terms of Reference (Mandate):** GFC delegated authority to ASC to approve “proposals for the establishment of and termination of credit and non-credit certificates, regardless of the proposing academic unit. Where additional funding and/or space is required to support the offering of the proposed certificate and/or if, in the opinion of the Provost and Vice-President (Academic) (or delegate), the certificate requires Government approval, ASC would provide a recommendation on the (proposed) initiative to the GFC Academic Planning Committee (APC).” (3.G.).

3. **PSLA:** The PSLA gives Faculty Councils power to “provide for the admission of students to the faculty” (29(1)(c)).

4. **UAPPOL Admissions Policy:** “Admission to the University of Alberta is based on documented academic criteria established by individual Faculties and approved by GFC. This criteria may be defined in areas such as subject requirements, minimum entrance averages, and language proficiency requirements. In addition to academic requirements for admission, GFC authorizes each Faculty to establish such other reasonable criteria for admission of applicants as the Faculty may consider appropriate to its programs of study, subject to the approval of GFC (e.g. interview, audition, portfolio, etc.)

The admission requirements for any Faculty will be those approved by GFC as set forth in the current edition of the *University Calendar*. In addition to the admission requirements, selection criteria for quota programs, where they exist, will also be published in the current edition of the *University Calendar*.

The responsibility for admission decisions will be vested in the Faculty Admission Committees or in the Deans of the respective Faculties, as the councils of such Faculties will determine.”

5. **UAPPOL Admissions Procedure:**

   “PROCEDURE”

1. **EFFECTIVE DATE OF CHANGES TO ADMISSION REGULATIONS**

Following approval by GFC:
a. Where changes to admission regulations may disadvantage students in the current admission cycle, normally implementation will be effective after the change has been published in the University Calendar for one full year (i.e., effective the second year that the information is published in the University Calendar).

For example, a change approved in May 2005 would be first published in the 2006-2007 University Calendar in March 2006. Therefore the statement cannot come into effect until September 2007 (affecting applicants who apply for the September 2007 term beginning July 2006).

b. Where changes to admission regulations are deemed by the approving body to be “advantageous to students”, normally the date of implementation will be effective immediately or at the next available intake for the admitting Faculty.”

6. PSLA: The PSLA gives Faculty Councils the authority to “determine the conditions under which a student must withdraw from or may continue the student’s program of studies in a faculty” (Section 29(1)(d)).

7. UAPPOL Academic Standing Policy: “All current academic standing regulations, including academic standing categories, University graduating standards and requirements for all individual programs will be those prescribed by Faculty Councils and GFC as set forth in the University Calendar.”

8. UAPPOL Academic Standing Regulations Procedures: “All proposed new academic standing regulations and changes to existing academic standing regulations will be submitted by the Faculties or the Administration to the Provost and Vice-President (Academic). Faculties will also submit to the Provost and Vice-President (Academic) any proposed changes to the use and/or computation of averages relating to academic standing, including promotion and graduation.

If the Provost and Vice-President (Academic) determines the proposal to be in good order, the proposal will be introduced to the appropriate University governance process(es). In considering these proposals, governance bodies will consult as necessary with the Faculties and with other individuals and offices.

Normally, changes become effective once they are approved by GFC or its delegate and are published in the University Calendar.”

9. GFC Academic Standards Committee (ASC) Terms of Reference (Mandate): The Office of the Provost and Vice-President (Academic) has determined that the proposed changes are editorial in nature. GFC policy provides that “the term ‘routine and/or editorial’ refers to proposals which do not involve or affect other Faculties or units; do not form part of a proposal for a new program; and do not involve alteration of an existing quota or establishment of a new quota. Editorial or routine changes include any and all changes to the wording of an admissions or
academic standing policy” (Section 12.1.2.1).

Further, GFC policy allows for ASC “to act for GFC in approving routine and/or editorial changes to both admissions/transfer policies and academic standing regulations” (Section 12.1.3.1).

Program Approval Template  
Embedded Credit Certificates

This template is to be used for proposals calling for the establishment of new University of Alberta embedded credit certificates. Embedded credit certificates are taken concurrently with a degree program of the University of Alberta.

Governance: Embedded credit certificates are approved by the following route: Faculty Council, GFC Academic Standards Committee (ASC) Sub-committee on Standards (SOS), GFC ASC. In the event that the certificate proposal includes significant resource implications, the certificate will also be sent to GFC APC for approval.

| **Institution(s)** | The credential will be awarded by the Augustana Faculty, University of Alberta. There are existing relationships with community organizations. Currently the Canadian Mental Health Association (CMHA) and the Open Door provide Community Service Learning placements for AUPSY 377 & AUPSY 483. We anticipate adding additional community organizations to this list. |
| **Units of Course Weight** | 3 credits/course for a total of 24 credits |
| **Program Synopsis** | This certificate will provide students with the necessary understanding and skills to work with health-related community programs. To this end, the certificate program offers training in principles of psychological health. |
| **Target Student Group** | The proposed certificate program will provide psychology majors at the Augustana campus with the opportunity to take a connected series of courses designed to teach students about the theory underlying approaches to promote psychological health within the community. |
| **Curriculum Content** | The proposed certificate will require a range of psychology courses, totalling 24 credits, available at the Augustana campus. Specifically these include the following:  
AUPSY 240 – Social Psychology  
AUPSY 275 – Introduction to the Brain and Nervous System  
AUPSY 342 – Health Psychology  
AUPSY 346 – Community Psychology  
AUPSY 377 – Human Neuropsychology  
AUPSY 483 – Psychological Disorders  
6 additional credits of options from the following list:  
AUSOC 224 – Sociology of Deviant Behaviour |
AUSOC 263 – The Social Theory of Community  
AUPSY 414 – Program Evaluation in Psychology  
AUPSY 486 – Clinical and Counselling Psychology

In addition, within the above 24 credits and/or the courses in their psychology major, students are required to take 6 credits of courses with CSL (community service-learning) components. For example, students in AUPSY 377 and AUPSY 483 would have the opportunity to perform volunteer service in the Canadian Mental Health Association drop-in center, or in the Open Door program that deals with adult clients with FASD (Foetal Alcohol Spectrum Disorder).

**Target Employment**

This subset of courses within the psychology major will prepare students for a range of placements within communities. Certificate holders’ familiarity with psychological and neuropsychological disorders will make them attractive candidates for a variety of mental health and other health-related positions in the community, including being able to contribute to crisis response teams. They will also have knowledge of community structures and community health programs designed to promote mental and physical health. As mentioned above, one option for students who have other methodology courses would be to take the course on program evaluation. This would make them attractive candidates for positions in a wide range of community programs.

**Further Education**

Completion of this certificate will be seen as an important credential on a student’s CV. In addition to the focused learning signified by the certificate, students will also have a significant CSL component to include in their CV’s, thus adding to the range of their extracurricular experiences that grad schools can consider.

### Section B: Rationale, Implications and Impact

| **Rationale for Introduction of Certificate** | **Students with this certificate will be valuable members of their community because they will be able to contribute their knowledge to a variety of health-related programs within communities. This provides a valuable qualification for students as well as a valuable commodity for the community.**  
This program is also expected to increase enrolment and enhance retention of students in the Augustana psychology program. In addition, this certificate is not expected to require significant additional resources for the institution, except for costs involved in administering the program and tracking students’ progress. |

| **Vision and Academic Plan** | **This proposed certificate program intersects with the philosophy behind the “Dare to Discover” approach and the Academic Plan which is based on it in a number of ways. First and foremost, it will promote a strong contribution to communities by producing creative and knowledgeable citizens who can contribute to a variety of mental health and health-related community programs.**  
**Second, students completing the certificate will have obtained significant** |

</tr>
</tbody>
</table>
practical experience within community. Thus the program will promote the sentiments of Henry Marshall Tory that knowledge will not be limited to scholars alone, but will be disseminated throughout the community.

Third, the academic plan encourages learning inside and outside the classroom, and the CSL component of the certificate ensures that students will have a significant experience, obtained outside the classroom, that will promote deeper understanding of community programs designed to help those in need because of psychological or neuropsychological disorders.

This will also promote relations between community programs and the University. In other words it will enhance community engagement, particularly in a rural context, which is a key element of the Academic Plan. To borrow a phrase from the Academic Plan, this certificate will connect education to active, socially responsible citizenship.

| **Resource Implications** | Given that this certificate requires only existing courses, or new ones already in development, it will not require any additional academic resources to be allocated to the discipline of psychology at the Augustana Campus. There will be a need for some administrative resources to track the progress of students enrolled in the program.

However, there will be no need for additional resources for counselling students concerning this program. The existing academic advisor for psychology majors can provide the necessary information for interested students. It is also anticipated that an existing faculty member in the discipline of psychology will oversee the certificate program. |

| **Enrolment** | The results of a survey indicate a high level of interest in this certificate among existing psychology majors at Augustana. The range of responses across students from all years was 5.3 to 5.9 on a seven-point Likert scale where 7 indicated "very interested" in taking this certificate as part of their program. Thus we would expect that a significant number of existing psychology majors (as many as 33%) will opt into the program. In addition, it is likely that the program will attract additional students to the psychology program. While this is not expected to impact the Social Sciences department significantly, there may be a need to offer some senior courses in the program more frequently. However, given the existing numbers of psychology majors, completing this range of courses is possible under the existing course scheduling.

The Director of the CSL program at Augustana supports the idea and doesn’t see that the anticipated required enrolment in the certificate program will produce a problem for his department. However, this may require broadening the scope of placements in the future. |
| Outline the expected enrolment for the embedded credit certificate and any potential impacts on course offerings. | |

| **Implications of Introduction of the Credit Certificate** | It is not expected that this program will affect other U of A programs, or those of other institutions. Within Augustana, once this certificate has been established and has been seen to enhance enrolment and retention, there may be proposals for more interdisciplinary versions of this certificate program. |
| Identify the implications of the proposed embedded credit certificate for the system. For example, will it affect other programs at the U of A, programs at other institutions, etc.? | |

| **Consultation** | Several departments within Augustana are supportive of this proposal. These include the Associate Dean, Academic Programs, and the Assistant Dean, External |

</tr>
</tbody>
</table>

The Certificate in Community Mental Health: Theory and Practice is administered by the Augustana Faculty and is available to students with a major in psychology in the Augustana Faculty B.A or B.Sc. program.

This certificate will provide students with the necessary understanding and skills to work with mental health or health-related community programs. To this end, the certificate program offers training in principles of psychological health. This includes coverage of psychological and neuropsychological disorders, as well as basic principles of health psychology. In addition, students will learn about community psychology and principles of social psychology.

The program consists of a subset of the courses needed to satisfy the psychology major requirements. Lectures will be scheduled throughout the week, with some classes possibly offered at night. The lecture component will be delivered via face-to-face instruction at the Augustana Campus.

To qualify for the Certificate in Community Mental Health: Theory and Practice, students accepted into the program must successfully complete 24 credits, as follows (each course is 3 credits):

- AUPSY 240 – Social Psychology
- AUPSY 275 – Introduction to the Brain and Nervous System
- AUPSY 342 – Health Psychology
- AUPSY 346 – Community Psychology
- AUPSY 377 – Human Neuropsychology
- AUPSY 483 – Psychological Disorders

Plus 6 additional credits from the following list:

- AUSOC 224 – Sociology of Deviant Behaviour
- AUSOC 263 – The Social Theory of Community
- AUPSY 414 – Program Evaluation
- AUPSY 486 – Clinical and Counseling Psychology

In addition, within the above 24 credits and/or the courses in their Psychology major, students are required to take six credits of courses with a CSL (Community Service-Learning) component.

There are a limited number of spaces available.
| Normally a student will make an application at the end of their second year. Interested students should consult with their Academic Advisor as early as possible. To be admitted, students must have a major GPA of 2.7 or above, and must submit an essay. Students should submit an essay (maximum 1500 words) describing why they want to enter the program and what benefits they anticipate from the program. The essay will be evaluated by members of the psychology discipline who will make a recommendation regarding admission to the embedded certificate program to the Chair of the Department of Social Sciences.

Once admitted, to remain in the program students must maintain a major GPA of 2.7 until they graduate. |
Appendix A: Course Titles and Descriptions

The proposed certificate will require a range of psychology courses, totalling 24 credits, available at the Augustana campus. Specifically these include the following:

AUPSY 240 – Social Psychology (existing)
Survey of theories and research on the individual in a social context. Topics may include self presentation, values/attitudes/beliefs, leadership, group dynamics, interpersonal attraction, and aggression. Prerequisite: AUPSY 102.

AUPSY 275 – Introduction to the Brain and Nervous System (existing)
Introduction to the structure and function of the nervous system, with a special emphasis on the brain. Prerequisite: AUPSY 101.

AUPSY 342 – Health Psychology (existing)
An overview of theory, research and practice of health psychology and behavioural medicine. Prerequisite: AUPSY 220 or 240.

AUPSY 346 – Community Psychology (existing)
Examination of the theories, approaches, and values behind social intervention intended to ameliorate, or prevent, psychological difficulty. Examples of community change are drawn from a Canadian context whenever possible. Prerequisite: AUPSY 102.

AUPSY 377 – Human Neuropsychology (existing)
Study of changes in mood, motivation, perception, attention, memory, and cognition, as revealed by structural alterations in the human brain. Prerequisite: AUPSY 275 or consent of the instructor.

AUPSY 483 – Psychological Disorders (existing)
Advanced-level course that focuses on the research related to the etiology, classification, assessment, and treatment of a variety of psychological disorders in children and adults (e.g., anxiety, addictions, depression, schizophrenia, and personality disorders). A student becomes acquainted with the Diagnostic Statistical Manual of Mental Disorders (DSM). Prerequisite: AUPSY 275. AUPSY 486 is highly recommended.

6 additional credits from the following list:

AUSOC 224 - Sociology of Deviant Behaviour (existing)
Interactionist analysis of processes accompanying the definition of deviance, subculture formation, careers of involvement in deviant activities, and the formal and informal regulation of deviance.

AUSOC 263 - The Social Theory of Community (existing)
Inquiry into the nature of the social, moral, and theoretic ground of human communities, taking as its starting point an examination of the sociological research on the urban/rural difference. Involved in this is an examination of the kinds of social theories that best help us understand the nature of community. For all of the above, Canada is the case study.
Appendix A: Course Titles and Descriptions

AUPSY 414 – Program Evaluation (existing)
An introduction to program evaluation in psychology. Topics include: Goals of program evaluation, evaluation strategies, evaluation methods and designs, using logic models for program evaluation, and case studies in program evaluation.

AUPSY 486 – Clinical and Counselling Psychology (existing)
Overview of the major approaches to counselling, providing the foundation for the counselling process. The student is involved in a variety of experiences in order to understand the basic concepts of each approach. Issues within the counselling profession such as ethical behaviour and career opportunities are also covered.

In addition, within the above 24 credits and/or the courses in their Psychology major, students are required to take six credits of courses with a CSL (Community Service-Learning) component. For example, students in AUPSY 377 and AUPSY 483 would have the opportunity to perform volunteer service in the Canadian Mental Health Association drop-in center, or in the Open Door program that deals with adult clients with FASD (Foetal Alcohol Spectrum Disorder).
NEW ACADEMIC PROGRAM LIBRARY IMPACT STATEMENT CERTIFICATION

Submitted to the Academic Development Committee

The Library has examined the proposal for the Augustana Campus’ Community Mental Health: Theory and Practice embedded certificate. We anticipate that the new program will not incur any additional costs for Library acquisitions.

The attached commentary outlines the anticipated impact on Library services and facilities of the above program, indicating the Library’s current ability to support the program and any additional costs it might entail.

We support the changes proposed by the Augustana Campus’ Community Mental Health: Theory and Practice embedded certificate and look forward to working with its instructors and students in the years to come.

Dear Dr. Allen Berger,

I am writing with enthusiastic support for the proposed embedded certificate in community mental health. As the associate chair for the undergraduate program in the psychology department of North Campus, I know that undergraduate students are often seeking out experiences at university that allow them to connect their theoretical in-class experiences with the real world. Our psychology students often go on to work in health-related fields, as Augustana students probably do as well. The proposed certificate program allows students to connect theory with practice in a health-related field. The students who earn this certificate will come away with a solid background in theory of community mental health as well as hands-on learning experience through the community-service learning aspects of the certificate. The certificate brings together a core of already existing courses and makes them into a coherent program. I suspect that this certificate opportunity will attract a large number of students (some of them possibly even from the North Campus).

This proposed certificate presents an excellent opportunity for Augustana students (and an enriching experience for faculty members as well).

Yours sincerely,

Dear Mr. Epp:

In response to your correspondence dated May 10, 2011 please accept our letter of support for the proposed Certificate in Community Mental Health: Theory and Practice.

The Bethany Group acknowledges the value of the program, in particular the understanding gained by students through practical experience within the community. We applaud the initiative to promote deeper understanding of community psychology and principles of social psychology.

We look forward to a continued community partnership with the University of Alberta, Augustana campus.

Dear Dean Epp:

I have reviewed the template for the proposed program “Certificate in Community Mental Health: Theory and Practice” and am offering my endorsement to this interesting and valuable learning opportunity.

As an organization that is responsible for public safety, I welcome the support and initiatives of all our community partners who pro-actively engage those in need of assistance on a daily basis; not just in times of crisis. Far too often our front line officers are forced to engage citizens with mental disorders who unintentionally have drawn attention to themselves or committed a criminal act. This curriculum, as proposed, covers a wide range of psychological and neuropsychological disorders that would prepare students to work with those affected by these conditions, possibly preventing those negative encounters with the police.

I see great merit in this certificate program and would encourage members of the police service to consider it during their life long learning journeys.

Sincerely

To Whom It May Concern:

I am pleased to support the proposed Certificate in Community Mental Health at the University of Alberta. As an organization working with youth and young adults in transition we have found that mental health concerns are becoming more prevalent in our client group and more challenging for our staff.

The Camrose Open Door Association has been a host site for Community Service Learning students for several years. We look forward to providing this service for students within this program of study. I feel that the study and applied understanding of mental health proposed within this project will benefit the students, our clients and the community.

Thank you for considering this letter of support. Please feel free to contact me for any further information.

Sincerely,

To Whom it May Concern:

Re: Letter of Support for the University of Alberta, Augustana Campus’ *Certificate in Community Mental Health: Theory and Practice*

I am writing this letter to express enthusiastic support for the proposal of a *Certificate in Community Mental Health: Theory and Practice*. The Canadian Mental Health Association- East Central Region recognizes the benefits for our organization in being able to access students with the education outlined in the requirements for this certificate. We have employed many students and graduates of Augustana throughout the years who have shown a high level of skill and knowledge. This certificate will continue to raise the bar as well as the caliber of students completing their psychology degrees. We are happy to offer our support for this certificate as we are confident that we will benefit from this in the years to come.

Sincerely,

Colleen Vennard  
Executive Director  
Canadian Mental Health Association- East Central Region
OUTLINE OF ISSUE

Agenda Title: Faculty of Arts’ Proposed Embedded Credit Certificate in World Sound Arts

**Motion:** That the GFC Academic Standards Committee approve, under delegated authority from General Faculties Council, the proposed embedded credit Certificate in World Sound Arts, as submitted by the Faculty of Arts and as set forth in Attachments 1 and 2 (as amended), for implementation in Winter Term, 2012.

| Compliance with Legislation, Policy and/or Procedure Relevant to the Proposal (please quote legislation and include identifying section numbers) | 1. *Post-Secondary Learning Act (PSLA)*: The *PSLA* gives GFC responsibility, subject to the authority of the Board of Governors, over academic affairs. Further, the *PSLA* gives the Board of Governors authority over certain admission requirements and rules respecting enrolment. The Board has delegated its authority over admissions requirements and rules respecting enrolment to GFC and the GFC Academic Standards Committee (ASC). (Sections 26(1), 60(1)(c) and (d)).

2. GFC Academic Standards Committee (ASC) Terms of Reference (Mandate): GFC delegated authority to ASC to approve “proposals for the establishment of and termination of credit and non-credit certificates, regardless of the proposing academic unit. Where additional funding and/or space is required to support the offering of the proposed certificate and/or if, in the opinion of the Provost and Vice-President (Academic) (or delegate), the certificate requires Government approval, ASC would provide a recommendation on the (proposed) initiative to the GFC Academic Planning Committee (APC).” (3.G.).

3. *PSLA*: The *PSLA* gives Faculty Councils power to “provide for the admission of students to the faculty” (29(1)(c)).

4. *UAPPOL Admissions Policy*: “Admission to the University of Alberta is based on documented academic criteria established by individual Faculties and approved by GFC. This criteria may be defined in areas such as subject requirements, minimum entrance averages, and language proficiency requirements. In addition to academic requirements for admission, GFC authorizes each Faculty to establish such other reasonable criteria for admission of applicants as the Faculty may consider appropriate to its programs of study, subject to the approval of GFC (e.g. interview, audition, portfolio, etc.).

The admission requirements for any Faculty will be those approved by GFC as set forth in the current edition of the *University Calendar*. In addition to the admission requirements, selection criteria for quota programs, where they exist, will also be published in the current edition of the *University Calendar*.
The responsibility for admission decisions will be vested in the Faculty Admission Committees or in the Deans of the respective Faculties, as the councils of such Faculties will determine.”

5. **UAPPOL Admissions Procedure:**

**PROCEDURE**

1. **EFFECTIVE DATE OF CHANGES TO ADMISSION REGULATIONS**

Following approval by GFC:

   a. Where changes to admission regulations may disadvantage students in the current admission cycle, normally implementation will be effective after the change has been published in the *University Calendar* for one full year (i.e., effective the second year that the information is published in the *University Calendar*).

   For example, a change approved in May 2005 would be first published in the 2006-2007 *University Calendar* in March 2006. Therefore the statement cannot come into effect until September 2007 (affecting applicants who apply for the September 2007 term beginning July 2006).

   b. Where changes to admission regulations are deemed by the approving body to be ‘advantageous to students’, normally the date of implementation will be effective immediately or at the next available intake for the admitting Faculty.”

6. **PSLA:** The PSLA gives Faculty Councils the authority to “determine the conditions under which a student must withdraw from or may continue the student’s program of studies in a faculty” (Section 29(1)(d)).

7. **UAPPOL Academic Standing Policy:** “All current academic standing regulations, including academic standing categories, University graduating standards and requirements for all individual programs will be those prescribed by Faculty Councils and GFC as set forth in the University Calendar.”

8. **UAPPOL Academic Standing Regulations Procedures:** “All proposed new academic standing regulations and changes to existing academic standing regulations will be submitted by the Faculties or the Administration to the Provost and Vice-President (Academic). Faculties will also submit to the Provost and Vice-President (Academic) any proposed changes to the use and/or computation of averages relating to academic standing, including promotion and graduation.

   If the Provost and Vice-President (Academic) determines the proposal to be in good order, the proposal will be introduced to the appropriate University governance process(es). In considering these proposals, governance bodies will consult as necessary with the Faculties and with other individuals and offices.
Program Approval Template
Embedded Credit Certificates

This template is to be used for proposals calling for the establishment of new University of Alberta embedded credit certificates. Embedded credit certificates are taken concurrently with a degree program of the University of Alberta. (Certificate in Peace and Post-Conflict Studies offered by the Faculty of Arts)

Governance: Embedded credit certificates are approved by the following route: Faculty Council, GFC Academic Standards Committee (ASC) Sub-committee on Standards (SOS), GFC ASC. In the event that the certificate proposal includes significant resource implications, the certificate will also be sent to GFC APC for approval.

This certificate is designed to give students a professional advantage in pursuing the many non-traditional fields of music and the sonic arts, due to its focus on the larger constellation of musical and artistic activity around the world today. Some of these professions include the commercial film music industry, the video game industry, sound arts curation, world music archiving, digital music distribution, sound design, music journalism, media arts production, arts and cultural administration, and music technology industries.

In addition, students in this program who want to pursue graduate work will find themselves well-positioned for many of the newer graduate degrees in the sound art, technology, and integrated media arts, including McGill's MA in Music Technology, Dartmouth's MA in Digital Music, Rensselaer Polytechnic Institute's MFA in Integrated Electronic Arts, and the MFA in Interdisciplinary Studies at the Simon Frasier University's School for Contemporary Arts.

Section B: Rationale, Implications and Impact

**Rationale for Introduction of Certificate**
Outline the rationale for the proposed embedded credit certificate and provide supporting data if applicable – eg. Results of student or economic demand analyses; consultation with wider community, etc.

As digital culture has expanded our notions of what music is, and given us unprecedented access to the many diverse cultures of music around the globe, it is imperative that the University of Alberta begin to look beyond the traditional Western approaches to teaching musical knowledge and creativity. Students today are faced with a very different cultural scene in the world of music and arts in general, and they need to be prepared to face the new challenges that such a global culture presents, in terms of creative modalities, scholarship, and professional career development.

Students interested in a career in music and its industries have many new choices available to them as they prepare to pursue undergraduate studies. The Department of Music's traditional music degree programs provide excellent training for students who are interested in working within the Western classical tradition. But many students who work outside of this modality are hampered by the intensive core curriculum that may represent ways of working with sound that ultimately are not compatible with their interests and backgrounds. There are already a number of alternatives at other institutions, such as the Media Arts and Digital Technologies...
program at the Alberta College of Art and Design, the BFA in Electroacoustic Studies at Concordia, the School of the Art Institute of Chicago's BA in Sound Art, and the Digital Music and Sound Arts BA at the University of Brighton, to name just a few.

The proposed certificate in World Sound Arts will help to fill this gap by giving students access to the many relevant courses that already exist in the Department of Music, while allowing them to pursue degrees in other areas across the University, including bachelor programs outside Music that may relate to their career interests, such as computer science, electrical engineering, psychology, education, drama, art and design, literature, and creative writing.

In offering this program, we are simultaneously calling attention to strengths in the Department of Music outside the world of Western art music, including the CFI-funded Electroacoustic Research Studios (EARS); the Canadian Centre for Ethnomusicology (CCE) as well as the closely allied folkwaysAlive! partnership with the Smithsonian Folkways Records; a successful program in World Music centered on three established ensembles (the West African Music Ensemble, the Indian Music Ensemble, and the Middle Eastern and North African Music Ensemble); summer programs in World Music and the Ghana Study abroad program ("West African Music, Dance, Society, and Culture"), as well as a burgeoning program in popular music (centered around the heavily subscribed courses MUSIC 103 and 203).

Program administration will be simplified as all certificate courses are housed in a single administrative unit (Music).

**Consultation**
Describe any consultation and/or potential impacts on service units of the University, including the Office of the Registrar and Student Awards, Academic Information and Communication Technologies (AICT), Library Administration, Facilities and Operations, Student Services, etc.

Minimal impact. Admission to and advising within the program will be overseen by a Department of Music faculty member, and Student Services will be responsible only for verifying completion of program requirements. Because the certificate includes only courses already offered, it will not require further library resources.

**Appendices**

**Appendix A – curriculum and program structure**
List course names, numbers, and descriptions. Indicate if the courses are new or existing. Include draft content for the University Calendar.

The following information is drawn directly from the University Calendar.

* MUSIC x44 West African Music Ensemble (Polyphonic and polyrhythmic music of West Africa, primarily through ensemble performance of the percussion and vocal music of the Ewe people of Ghana.) x=1,2,3,4
* MUSIC x48 Middle Eastern and North African Music Ensemble (The study of Middle Eastern and North African vocal and instrumental music (primarily Arab, Persian, and Turkish musical traditions through group instruction and ensemble performance.) x=1,2,3,4
* MUSIC x93 Experimental Improvisation Ensemble (Improvised, experimental music explored through creative exercises, group instruction and performance.) x=1,2,3,4

Proposed calendar text follows:

**44.20.3 Certificate in World Sound Arts**

Recently, digital technology has radically transformed the world of music by enabling new pathways for sonic creation, representation, fusion, and circulation, broadening musical horizons, and enabling unprecedented modes of scholarly access and research throughout newly interconnected sonic cultures (including traditional music, popular music, jazz, and the avant-garde) around the globe. This Certificate in World Sound Arts centers upon sounds, techniques, and disciplines from beyond the standard western music conservatory: electroacoustic music, popular music, jazz, world music, music technology, ethnomusicology, and the sociology of music. The Certificate provides recognition of musical training relevant to careers in media arts production, audio design, videogame music, sound arts curation, archiving, online digital music repositories, arts organization, community advocacy, public sector work, and music technology.

Students wishing to pursue the Certificate in World Sound Arts Middle Eastern and African Studies must apply through Undergraduate Student Services in the Faculty of Arts by the application deadline for graduation (see §11).

Students receive this Certificate in World Sound Arts after completing ★27 as follows: MUSIC 245; MUSIC 445 or MUSIC 545; MUSIC 102; MUSIC 365; one of MUSIC 464, MUSIC 465, MUSIC 466, MUSIC 467, MUSIC 468, or MUSIC 469; MUSIC 103; MUSIC 203; one of MUSIC 313, MUSIC 206, MUSIC 413 or MUSIC 484; one of MUSIC 143, MUSIC 144, MUSIC 148, MUSIC 193, MUSIC 243, MUSIC 244, MUSIC 248, MUSIC 293, MUSIC 343, MUSIC 344, MUSIC 348, MUSIC 393, MUSIC 443, MUSIC 444, MUSIC 448, or MUSIC 493.

45 Certificates

The Faculty of Arts offers a number of certificates to graduating students which acknowledge formally that students have studied particular themes, within one discipline, or across disciplines. Normally the requirements for the certificates can be completed as part of the requirements for the degree; however, in some cases, a student may need to take more than the minimum required for his or her degree program in order to qualify for both the degree and the certificate. The following certificates are available:

Certificate in Community Engagement and Service-Learning: available to students across the University, regardless of Faculty or program (see §45.1).

Certificate in Economics and the Management of Natural Resources, Energy and the Environment: available to students with a major in Economics in the Faculty of Arts BA or BA Honors program.

Certificate in Finance: available to students with a major in Economics in the Faculty of Arts BA or BA Honors program.

Certificate in Globalization and Governance: available to students with a major (Faculty of Arts BA or Honors) in Political Science or a minor in Political Science in the Faculty of Arts or Science (see §44.25.4).

Certificate in Middle Eastern and African Studies: available to students across the University, regardless of Faculty or program (see §44.19.4).

Certificate in Peace and Post Conflict Studies: available to students across the University regardless of Faculty or program (see §44.16.1).

Certificate in Translation Studies: available to students with a major (Faculty of Arts BA or Honors) in Chinese, French, German, Japanese and/or Spanish) or a minor in any one of these disciplines in the Faculty of Arts or Science. In all cases, the certificate is granted by the Faculty of Arts at the time a student graduates from his or her degree program (see §§44.9.4 or 44.20.5).

Deadline for Application: Application for all certificates is made to the Faculty of Arts office (6-5 Humanities) by February 1 for Spring Convocation and September 1 for Fall Convocation. At present, these certificates are not available to students who have already completed their degrees, or who are not receiving a degree at the appropriate convocation.

Certificate available outside a degree program:

Community Linguist Certificate: available to participants in CILLDI (Canadian Indigenous Linguistic Certificate: available to participate in CILLDI.

45.1 Certificate in Community Engagement and Service-Learning

See §43.3(10) for general information about the Community Service-Learning Program. See §231 for information about CSL-designated courses.

Students who take part in community-based learning experiences gain specialized expertise in understanding community-based practices, combining academic and non-academic knowledge bases, linking theory and practice, honing research and leadership skills, and activating various forms of citizenship and social change. The Certificate in Community Engagement and Service-Learning formally designates that a student has significantly integrated community service-learning (CSL) into his or her postsecondary education. The knowledge and experience gained through engagement and service-learning are applicable to a wide range of careers, including those in non-governmental organizations, the volunteer sector, business and government, and academic institutions.

Students wishing to pursue the Certificate in Community Engagement and Service-Learning must apply through Undergraduate Student Services in the Faculty of Arts by the application deadline for convocation (see §11). The Certificate is granted on the recommendation of the Director of the CSL Program or the Director of Augustana’s Learning and Beyond office.

Students may pursue the Certificate in Community Service-Learning by fulfilling existing requirements for majors, minors, or honors in their respective disciplines and by completing a minimum of *12 credits and one non-credit opportunity as follows:

1. At least *3 credits in a CSL-designated course, such as AUCSL 300 or CSL 300 (see §231)
2. *9 credits from the list of academic courses approved each year by the CSL Program Office [list of courses available on the CSL website (www.csl.ualberta.ca or augustana.ualberta.ca/csl) or from the CSL Program Office]. Students must satisfactorily meet the CSL requirements of each course.
3. Successful completion of one non-credit opportunity. Information about non-credit opportunities that count toward the certificate is available from the CSL Program Office.

Note: No more than *6 of the *12 credits may be

Certificate available outside a degree program:
Community Linguist Certificate: available to participants in CILLDI (Canadian Indigenous Languages and Literacy Development Institute).

1. At least *3 credits in a CSL-designated course, such as AUCSL 300 or CSL 300 (see §231)
2. At least *12 credits from the list of academic courses approved each year by the CSL Program Office [list of courses available on the CSL website (www.csl.ualberta.ca or augustana.ualberta.ca/csl) or from the CSL Program Office]. Students must satisfactorily meet the CSL requirements of each course.

Note: No more than *6 of the *15 credits may be transfer credits from other postsecondary institutions.
Normally, changes become effective once they are approved by GFC or its delegate and are published in the University Calendar."

9. **GFC ASC Terms of Reference (Mandate)**: The Office of the Provost and Vice-President (Academic) has determined that the proposed changes are **editorial** in nature. GFC policy provides that "the term 'routine and/or editorial' refers to proposals which do not involve or affect other Faculties or units; do not form part of a proposal for a new program; and do not involve alteration of an existing quota or establishment of a new quota. Editorial or routine changes include any and all changes to the wording of an admissions or academic standing policy" (Section 12.1.2.1).

Further, GFC policy allows for ASC “to act for GFC in approving routine and/or editorial changes to both admissions/transfer policies and academic standing regulations” (Section 12.1.3.1).
