Members discussed the GFC meeting of March 20, 2017 and provided a number of positive comments about the early consultation discussion on learning outcomes.

6. GFC ad hoc Committee on Academic Governance Including Delegated Authority: Report and Recommendations

Materials before members are contained in the official meeting file.

Presenters: Mark Loewen; Steve Patten

Purpose of the Proposal: To recommend to GFC the guiding documents and Report of the Ad Hoc Committee on Academic Governance Including Delegated Authority which outlines the plan for how members can continue the work and be engaged participants in the academic governance process at the University of Alberta.

Discussion:
The Chair welcomed members of the ad hoc Committee to the meeting and thanked them for their hard work. He then outlined a proposed approach to present this item at GFC.

Dr Loewen, Chair of the ad hoc committee, provided an overview of the guiding documents included in Motion I of the proposal: GFC Principles for Delegation of Authority, GFC Principles for Standing Committee Composition, GFC Roles and Responsibilities of Members, and GFC Meeting Procedural Rules. He stated that these documents provided a framework for the recommendations of the ad hoc committee.

Dr Patten, Vice-Chair of the ad hoc committee, noted the problems which had been identified during consultation with members of the community and highlighted the specific areas which were researched and reviewed by the committee. He stated that consultations were ultimately impactful and added value to their deliberations. He explained that due to time constraints, the ad hoc committee ultimately chose to focus on the four guiding documents and that the remainder of recommendations would need to be transferred to another body for completion. He noted the recommended deadline of April 30, 2019 for implementation but added that many items could be completed before then.

During the discussion, members thanked the ad hoc committee members and commended the work involved and the report presented. Members discussed the proposed GFC Academic Research and Planning Committee, the importance of the guiding documents for Faculties, the benefit increasing the number of GFC meetings during the year, the size and engagement of GFC, livestreaming at GFC, and a number of editorial revisions. Member also discussed the reinvigoration of the Committee on Student Affairs (COSA).

Members discussed changes to the GFC Standing Committee Terms of Reference and it was clarified that each standing committee would need to refine their Terms prior to GFC for approval. A member suggested that the report recommend that current committee delegations be maintained until new Terms of Reference were approved.
