The Chair congratulated Lesley Cormack and Marion Haggarty-France for their efforts co-chairing the United Way campaign which raised $691,064 – a record level of donations, and noted the efforts of the Chancellor as Honorary Chair.

The Chair announced that Dr. Matthias Ruth will officially begin duties as Vice President Research on May 1, 2018.

He provided an update on the budget and capital plan which will go to the Board of Governors for approval in March; he further noted that the narrative for the Comprehensive Institutional Plan (CIP) was being developed and would move through governance to meet the government’s June deadline.
The Chair indicated that it was quiet on both the provincial and federal government fronts with no updates on the tuition review or the fundamental science review. Provost and Vice-President Dew communicated that the Roles and Mandates document was to go before Cabinet today.

With agreement from the committee, Item 9 was moved to the top of the agenda. After discussion of item 9, the Provost and Vice-President Dew assumed the chair for the remainder of the meeting.

*Presenter(s): Steven Penney*

*Purpose of the Proposal:* To recommend editorial changes to the Code of Student Behaviour, Code of Applicant Behaviour, and the Practicum Intervention Policy

DISCUSSION ITEMS

7. Helping Individuals at Risk (HIAR) and Office of Safe Disclosure and Human Rights (OSDHR) Annual Reports 2016-2017

Presenter(s): Deborah Williams, Interim Associate Vice-President (Audit and Analysis); Kris Fowler, Helping Individuals at Risk Case Team Coordinator

Purpose of the Proposal: In 2008, the University introduced the Office of Safe Disclosure and Human Rights as an intake service for issues arising under the Ethical Conduct and Safe Disclosure Policy. In 2010, the University created the Helping Individuals at Risk intake function to provide campus community with a centralized service for reporting at risk behaviour. The purpose of this report is to provide an overview of the activities of each office and to comment on trends and issues.

Discussion: Ms Williams indicated that a new online disclosure system contributed to the increased number of disclosures reported. Future initiatives will include enhanced tracking, a more proactive follow-up, and additional education. Ms Fowler spoke to an increased focus on early intervention and noted that additional staff in the unit had resulted in increased follow-up capacity.

8. Truth and Reconciliation Commission - Faculty of Native Studies

There were no documents.

Presenter(s): Chris Andersen, Dean, Faculty of Native Studies

Discussion: In preparation for presentation to GFC, Dean Anderson indicated that there are many positive initiatives happening across Faculties and the University and there was a need to communicate these stories. The committee made a number of suggestions: frame recommendations and approaches in terms of what has been done and what is envisioned; pick specific themes that are forward looking, including challenges; consider questions that can be posed to GFC; and consider renaming the item to “University of Alberta Institutional Response to TRC” to reflect that much of what is occurring on campus goes beyond the TRC.

9. Board of Governors / GFC /Senate Summit debrief (no documents)

Presenter(s): David Turpin, President and Chair, GFC Executive Committee

Discussion: The committee provided positive feedback about the Summit with members identifying the opportunity to consider a diversity of opinions and points of view to problems a valuable experience.
10. **GFC Executive ad hoc Transition Committee - update**
There were no documents.

*Presenter(s):* Eleni Stroulia, Chair of transition committee

*Discussion:* Dr Stroulia gave an overview of the activities to date on the recommendations of the ad hoc committee. She then noted that the transition committee has been working on guidelines and questions to assist committees with looking at terms of reference and composition which would take place in March. She noted that this “March Madness” would be scheduled to occur during the regular meeting scheduled after the business part of the meeting was complete.

Dr Stroulia also reported on a ‘transparent governance’ project which will allow a search of all relevant documents including the meeting agendas and minutes. This is part of a student project and that team has been working closely with the governance team to understand the available data; a prototype will be delivered by the end of the term.

11. **Update from Nominating Committee (no documents)**
There were no documents.

*Presenter(s):* Jonathan White, Chair, GFC Nominating Committee
