Vice-Presidential Search Procedure for Vice-Presidents

Office of Administrative Responsibility: Office of the President
Approver: Board of Governors
Scope: Compliance with University procedure extends to all members of the University community.

Overview

These authorities over procedures related to the appointment of academic staff embrace senior administrators including the President, Vice-Presidents, Deans and Department Chairs.

Purpose

To detail the standard procedures for Vice-Presidential searches. The Vice-Presidential Advisory Search Committee is established to provide recommendations to the President on the appointment of Vice-Presidents.

PROCEDURE

1. COMPOSITION OF ADVISORY SEARCH COMMITTEES

a. An Advisory Search Committee for the relevant vice-presidential position shall be established. The rules governing the composition of committees for the following positions are set out in Composition of Search and Review Committees for Presidents and Vice-Presidents (Appendix A): Position Definitions and Conditions of Eligibility, Vice-Presidential Search and Review Procedures Appendix A: Committees for Vice-Presidents Position Definitions and Eligibility.

i. Provost and Vice-President (Academic).

ii. Vice-President (University Relations)

iii. Vice-President (Finance and Administration)

iv. Vice-President (Facilities and Operations)

v. Vice-President (Research)

vi. Vice-President (Advancement)

b. The Office of the President is responsible for drawing together the advisory search committee and for ensuring that the committee positions are properly replenished.

2. ELECTION PROCEDURES FOR ACADEMIC STAFF MEMBERS OF ADVISORY SEARCH COMMITTEE

a. NOMINATIONS
i. The Secretary (or delegate) shall notify all academic staff in **Staff Category A1.0** through a notice as set out in 2(a)(ii) of the following:

- Nominations for certain categories of academic staff who do not hold administrative positions are being sought;
- *Written* nominations must be received by University Governance by a specified date;
- Nominees must agree to let their name stand; and
- All nominations must be supported by the signatures of five members of the academic staff in Category A1.0, not including the nominee.

ii. The notice shall be published in **Folio**, however the Secretary to GFC is permitted to use alternate means (for example, electronic mail) if circumstances warrant such means.

iii. At least two weeks must elapse from the day the Secretary (or delegate) first notifies the academic staff of the call for nominations between the day the advertisement appears in **Folio** and the deadline for receipt of nominations (or from the day the Secretary (or delegate) notifies the academic staff).

b. NUMBER OF BALLOTS REQUIRED

i. When electing three (3) faculty members academic staff representatives from **Staff Categories A1.1, A1.6 and or their counterparts in A1.5, 1.7**:  
- If there are between four and seven nominees, one election will be held.
- If there are eight or more nominees, a preliminary election must be held with the six top candidates standing for election in a final ballot.
- In both elections, the three candidates with the highest number of votes will be elected.

ii. When electing two (2) faculty members academic staff representatives from **Staff Categories A1.1, A1.6 and or their counterparts in A1.5, 1.7**:  
- If there are between three and five nominees, one election will be held.
- If there are six or more nominees, a preliminary election must be held with the top four candidates standing for election in a final ballot.
- In both elections, the two candidates with the highest number of votes will be elected.

iii. When electing one (1) academic staff representative from **Staff Categories A1.2, A1.3, A1.4 and their counterparts in A1.5**:  
- If there are between two and five nominees, one election will be held.
- If there are six or more nominees, a preliminary election must be held with the top three candidates standing for election in a final ballot.
- In both elections the candidate with the highest number of votes will be elected.

c. ELECTORATE
The electorate consists of the elected faculty representatives who sit on GFC on a “representation by population” basis and the appointed academic staff representatives.

d. PREPARATION AND MAILING OF BALLOTS

i. The Secretary (or delegate) will prepare the ballot form with relevant instructions for the election, listing nominees in alphabetical order. Only those eligible voting members will be provided with access to a confidential ballot. At the closure of the election period, the Secretary (or delegate) will ensure that electronic tabulation of the voting ballots occurs, with election results confirmed shortly thereafter.

The Secretary (or delegate) will prepare the required number of printed ballots. The ballot will include instructions for the election, a ballot form listing nominees in alphabetical order, and two envelopes. One envelope will be marked “ballot” and is otherwise unidentifiable. The other envelope will be addressed to the campus address of the Secretary and have the name and academic unit of the voter. These mail envelopes will be checked against the voters’ list. On the day set for the counting of ballots, the envelopes will be opened by the GFC Secretary (or delegate), the ballot envelopes removed and opened, and the ballots counted.

ii. Candidates for election will be asked to provide a brief biographical and professional description, not exceeding 150 words, to be circulated with the ballot.

iii. The ballots will be made available by the Secretary (or delegate) and accompanied by clear voting instructions to ensure successful access to the ballot prior to the election voting deadline.

iv. When voting for three (3) faculty members academic staff representatives from Staff Categories A1.1, A1.6 and/or their counterparts in A1.5 and/or 1.7, each voter will be permitted to vote for up to (and including) three (3) candidates.

v. When voting for two (2) faculty members academic staff representatives from Staff Categories A1.1, A1.6 and/or their counterparts in A1.5 and/or 1.7, each voter will be permitted to vote for up to (and including) two (2) candidates.

When voting for one (1) academic staff representative from Staff Categories A1.2, A1.3, A1.4 and their counterparts in A1.5, each voter will be permitted to vote for one (1) candidate.

vi. The date and time by which the ballots must be received by University Governance will be clearly marked on the ballot.

e. THE BALLOT COUNT

i. The Secretary (or delegate) will ensure that the candidates are aware of the election end date and time of ballot tabulation. The Secretary (or delegate) will name the counting day and will so inform the candidates.

ii. At least 50% of ballots must be received before the ballots will be tallied. There must be at least a 50% return of all distributed ballots before any ballots are opened and counted.

iii. Each candidate may name a scrutineer to observe the tabulation of election results. Each candidate may name a scrutineer to observe the counting of ballots.

iv. In the event of a tie vote, a run-off election will be held. In the event of a second tie vote, the winner will be determined by lot.

v. After completion of the election, the ballot data is stored by the Secretary (or delegate) for one month and then destroyed.
After completion of the election the ballots returned will be retained by the Secretary (or delegate) for one month and then destroyed.

3. SEARCH PROCESS

a. Consultant – The President will decide whether a search consultant should be retained and may seek advice from the Advisory Search Committee on this matter.

b. Advertisement – The President may arrange for the position to be advertised in advance of the Advisory Search Committee’s first meeting and may seek advice from the Advisory Search Committee at any point with respect to the advertising process. The advertising requirements set out in the Academic Staff Posting and Advertising Procedure will be observed. The advertisement will normally include a deadline or target date for receipt of applications/nominations and may note that a search may continue past a deadline, until the position is filled.

c. Input from the Community –

i. The campus-University community will be canvassed for their views on:
   - The characteristics desirable in the Vice-President being selected;
   - The priorities of that vice-presidential portfolio;
   - Current issues and future directions of the portfolio; and
   - Leadership qualities.

ii. Input from the University community will normally be sought through targeted methods to bring the search to the attention of all academic staff, non-academic staff, and students, through an ad in Folio, through a direct mailing to all academic staff, through a mailing to all non-academic staff, and through the four association presidents. Staff in the current portfolio will also be asked for their input. When input from the internal community is sought, a position description and/or a position profile will be included.

iii. The Advisory Search Committee may also wish to seek input from external communities.

d. Confidentiality – Each Advisory Search Committee may identify certain aspects of their discussions as appropriate for public discussion. Discussion of candidates is absolutely confidential.

e. Considerations – At its pre-interview meetings, the Advisory Search Committee will normally consider the following:

i. Confidentiality

ii. Handling records and FOIPP-related issues

iii. Procedural matters and Terms of Reference

iv. Attendance

v. The advertisement, position description and profile

vi. Key issues related to the portfolio;

vii. All resumes and applications, with advice on who should be interviewed;

viii. Input from the community and portfolio staff;
ix. Interview process and questions.

f. Where the nominee is from outside the University and is also seeking an academic staff appointment, the Advisory Search Committee established for the administrative position of Vice-President shall request that the Faculty Selection Advisory Committee make the recommendation in relation to the academic staff appointment.

4. RECOMMENDATIONS TO THE PRESIDENT AND THE BOARD

Following interviews, the Advisory Search Committee will advise the President as follows:

a. The Advisory Search Committee will recommend one or more names to the President. The President will choose one nominee from among the names recommended by the Advisory Committee. If none of the names is acceptable to the President, the President will return the matter to the Advisory Search Committee.

b. The President, after consultation with the Board Chair and Chair of the Board Human Resources and Compensation Committee (BHRCC), will determine a recommendation related to the compensation and benefits with respect to the appointment.

c. The name of the nominee will be transmitted to the Board Chair by the President. The Board Chair, the Chair of BHRCC and the President will then determine whether the nominee’s compensation and benefits expectations fall within the Board guidelines.

d. The President will present his/her nominee to the BHRCC which will make a recommendation to the Board of Governors. BHRCC will also consider and approve the compensation and benefits for the recommended candidate, subject to approval of the appointment by the Board of Governors.

e. The Board has the authority to accept or reject the recommended nominee. If the Board rejects the nominee the matter is returned to the President.

<td>The Purpose of the Proposal is (please be specific)</td>
<td>The Office of the Registrar is proposing the removal of the ‘Basis of Admission’ from the University of Alberta student transcript. The Association of Registrars of the Universities and Colleges of Canada’s (ARUCC) National Transcript Guide For Use in Canadian Postsecondary Institutions outlines best practices for post-secondary institutions in relation to their transcript. From Section III.3 (Basis of Admission), it reads: “elements defining previous educational background, be it at the secondary school or equivalent level or at the postsecondary level (college or university studies), including standard test scores, are essential for the database, but are not recommended for the transcript”. Our research has indicated that nine of the U15 Group of Canadian Research Universities do not include the Basis of Admission on their transcripts. As noted in the ‘Consultative Route’ section of this Outline, Faculty input was solicited regarding the impact of such a change.</td>

### Current

#### 23.9 Student Records

**No changes until…**

#### 23.9.2 Academic History (Transcript) Records

1. Students should be aware that their academic record (transcript) is a continuing one and that all matters relating to courses, grades, academic standing, and probation will permanently appear on the academic record.

2. Students are responsible for ensuring the accuracy and completeness of their official record by verifying their unofficial transcript on Bear Tracks (https://www.beartracks.ualberta.ca). Students should be aware that only the official academic history (transcript) is retained permanently and that source information from the student file is destroyed seven years after the last registration. Queries regarding errors or omissions in the official academic history (transcript) must be made as soon as possible, and will not be considered after the source information has been destroyed.

3. Official academic history records, called "transcripts" are issued by the Office of the Registrar only upon the request of the student. They are issued to the student personally or to whomever the student designates. An official transcript bears the signature of the Registrar and is printed on security paper. Students and alumni may request transcripts in person at the Student Access Centre, main floor Administration Building. Requests via mail, fax or designate can be completed using the Official Transcript Request form located on the Office of the Registrar website (www.registrarsoffice.ualberta.ca) or by signed letter. Students or alumni with Bear Tracks access can request their official transcript online at https://www.beartracks.ualberta.ca.

4. The University of Alberta transcript includes the following information for each student record:
   a. student name
   b. student previous name(s)
   c. student ID number
   d. student’s birth month and day
   e. date of issue of transcript
   f. degrees and awards granted
   g. admission status and basis of admission
   h. credit granted from other institutions or programs
   i. Faculty and degree program of registration
   j. course information, including for each course: term, course name, number, title, grade, units of course weight, grade points, class average and class enrolment
   k. total units of course weight and grade points

(5) For further information regarding grades or GPA, refer to §23.4, Evaluation Procedures and Grading System

(6) Units of Course Weight: Course weight is assigned for the purpose of calculating a weighted (grade point) average. A normal course carries a weight of 3.0 and includes three hours of lecture per week for one term. A course weight of 3.0 may be considered as equal to three semester-hours or 4.5 quarter hours. [This information is captured and stored on a database on a per course basis but is not printed on the transcript.]

(7) Grade Points: Grade points for undergraduate students are calculated by multiplying the course grade point value by the units of course weight.

(8) An unofficial copy of a student’s academic history (unofficial transcript) does not bear the Registrar’s signature, nor is it printed on security paper. Unofficial copies of a student’s academic history are issued in the form of:

- a. Statements of results issued to students at the end of the Fall/Winter or Spring/Summer terms;
- b. Student’s unofficial transcript available on Bear Tracks (https://www.beartracks.ualberta.ca);
- c. Copies of students’ academic history issued to Faculties, departments, or academic advisors as appropriate for consideration for admission, academic standing and promotion and for the academic advisement of students;
- d. Copies of students’ academic history issued at the students’ request to other offices or individuals in the University;
- e. Copies of students’ academic history issued to the appropriate administrative office where the adjudication or processing of an award or bursary made through a University scholarship or bursary committee is involved. Administrative offices include the Office of the Registrar, the Scholarship Office of the Faculty of Graduate Studies and Research, and the Student Financial Aid Information Centre.

Background Information:

The Environmental and Conservation Sciences (ENCS) Program at the University of Alberta offers an interdisciplinary curriculum that integrates natural and social sciences as related to environmental issues. The University of Alberta, jointly with Yukon College, has been offering a collaboratively planned and delivered Bachelor of Science degree in ENCS with strong foundations in northern and Native Studies, comprised of Years 3 and 4 of the ENCS program. In 2013, a new Northern Systems major was approved for this program, in recognition of its unique needs. The program is being delivered as a collaborative project between the Faculty of Agricultural, Life and Environmental Sciences (ALES), the Faculty of Native Studies, University of Alberta, and the Faculty of Applied Science and Management, Yukon College.

Canada’s North continues to experience unprecedented rates of change in environmental, social and economic conditions, as a result of climate change, new governance structures, and accelerated industrial and infrastructure development, among other factors. This creates many challenges for northern communities, for management of northern resources, and for maintenance of northern values. There is a need to invest in capacity-building among northerners to respond to the rapid environmental and social changes affecting the North. However, there are currently no universities in the North, which hampers the ability of northerners to access advanced education and training, particularly with respect to content and delivery that is socially and environmentally relevant. In response to these unique needs, Yukon College and the University of Alberta established a cooperative working relationship to offer students in northern Canada increased access to post-secondary learning opportunities in or near their home communities.

This collaborative program is truly unique within the University of Alberta because of the integral northern partnership, and unique in Canada because this is the first time a Canadian University has offered a BSc program North of 60. The first student to have the distinction of being granted a BSc delivered North of 60 graduated in 2013 from the BSc ENCS program offered in partnership with Yukon College. In 2014, we anticipate that an additional nine students will receive their BSc ENCS degree. Yukon College has committed to providing all required support to ensure that this collaborative program is successful, including development and delivery of curriculum unique to the Northern Systems major.

The University of Alberta has a unique opportunity to recognize the value of this collaboration with Yukon College by issuing a degree parchment which specifically identifies Yukon College as a partner. Such recognition will go a long distance with respect to maintaining and furthering our relations with both Yukon College as well as the people of the North. We sincerely hope that this recognition can be added to the University of Alberta degree parchment in respect of this unique partnership.

| Notes                                         | At its June 18, 2009 meeting, the GFC Academic Standards Committee (ASC) approved the following Motion under delegated authority from General Faculties Council (GFC): “THAT the GFC Academic Standards Committee approve, under delegated authority from General Faculties Council, suspension of admissions/transfer to the Bachelor of Science (BSc) in Nursing-Post RN Degree Program, as submitted by the Faculty of Nursing, to be effective 2011-2012.”

According to Ministry (ie, Innovation and Advanced Education (IAE)) definitions (see below), this nursing program is considered a second-level specialization.

In certain cases, Ministry approval is required for suspensions and terminations. The Ministry is only concerned with what it deems to be “first-level specializations.” It is not concerned with “second-level specializations.”

- First-level specializations are often defined as the major disciplines that are recognized in a university and that are used to organize departments. Examples of first level specializations for a Bachelor of Science degree are Biological Sciences, Oncology, Physics and Public Health Sciences. First-level specializations are also listed
within the Provider and Program Registry System (PaPRS). Ministerial approval to suspend these programs is required.

Second-level specializations are the University’s specializations that fall within each discipline. Examples of second-level specializations in Physics (first-level specialization or discipline) are Geophysics and Medical Physics. These second-level specializations do not appear in the Ministry’s program system, and ministerial approval is not required.

Program Approval Template A

Program changes are essential to program viability and maintenance of program quality and service to both the student and society. They flow from institutional vigilance and continued review of the needs of society and students. They are also carefully monitored for quality through established institutional processes (see Quality Assurance at Alberta’s Universities).

This template is a common form that will be used for central vetting and approval at Alberta’s public universities, and then submitted to Alberta Advanced Education for approval, in some cases after consultation with the Campus Alberta Quality Council (CAQC). Both reserve the right to ask for further information or clarification. (Note that individual universities have been permitted to develop their own version of the Template, which may list additional questions after the set of common ones.).

This Template applies to
D Program requirement FLE (full-load equivalents) and load weight changes above 5%
D Major/specialization title changes (eg, History to Historical Studies)
D Minor degree title changes (eg, BSc Nutrition to BSc Nutritional Science)
X Short-term suspensions (note: add an enrolment projection table) (Effective September 1, 2011)
X Terminations (note: add an enrolment projection table) (Effective January 1, 2015)
D For-credit certificate and diploma changes

Basic Information
1. Title of the program: Bachelor of Science in Nursing (BScN) Post RN Program
2. Proposed start date: Suspension September 1, 2011
3. Length of the program (years): The curriculum is designed to be taken over one year. With approval, students have three years from the time of admission to complete the requirements for this program
4. University and academic unit: University of Alberta, Faculty of Nursing
5. Collaborating partners at other institutions: Red Deer Regional College and Grande Prairie Regional College
6. Contact person, with telephone number and e-mail address: Dr. Joanne Olson, 780-492-6252, joanne.olson@ualberta.ca
7. Completed/proposed approval path: Faculty Nursing Council, Academic Standards Committee (ASC), Academic Planning Committee (APC), General Faculties Council (GFC), Board Learning & Discovery Committee (BLDC) and Board of Governors.
8. Attach proposed program and course University Calendar changes and other supporting documentation.
See attachments to Outline of Issue.

Program Impact and Rationale
9. Describe the nature of the change.

Entrance to the BScN Post RN program will be suspended as of September 1, 2011 and the program will be terminated effective January 1, 2015. The last cohort of students will enter the Program in Winter term 2011. This will provide one year to communicate the intention for suspension to any diploma-prepared RNs who wish to earn a UofA baccalaureate degree. Once the program is suspended, the students would have three years to complete their degree, consistent with the regulations stipulated in the UofA Calendar for the Program. Over the transition period, the Faculty of Nursing would attempt to streamline course offerings by incorporating Post RN students into courses delivered as part of other program streams. The guiding principle in these decisions would be maintaining the identity of the Post RN student.

10. What is the rationale for the proposed change?
The Alberta Government through the *Health Professions Act* has changed the requirements for a registered nurse from a diploma in nursing to a baccalaureate degree in nursing from an approved nursing program undertaken in Alberta on and after January 1, 2010 (Section 3(1), Alberta Regulation 232/2005).

In addition, over the past five years, program demand, program enrolment and the proportion of diploma-prepared RNs in the Alberta workforce has declined substantially.

Data from College and Association of Registered Nurses of Alberta

There is a declining trend of admissions to Post RN programs across the three western Canadian provinces. Already the University of British Colombia and the University of Calgary have terminated their Post RN programs.

11. Provide the expected enrolment (or other) impact on the academic unit(s) offering the program and other affected units if applicable. Include current enrolment.

Demand for the program at the UofA campus, as measured by the number of applications received, decreased by 59% over the past five years. This translated into a 19% decrease in enrolment (FTE) and a 25% decrease in the total number of students registered in courses. (The discrepancy is due to the high proportion of students who choose to study part time.) The number of degrees granted increased, but appears to have peaked two years ago and will likely continue to decline given the downward trend in enrolment.

a) Do you anticipate an enrolment (or other) impact on programs at other institutions or regulatory bodies?
   Yes, potentially there may be an increase at Athabasca University and other out of province distance education institutions. We have consulted with leaders in nursing programs at Athabasca University and they are supportive of our decision to terminate this program.

b) Describe any consultations that have occurred with other institutions and professional organizations.

A report on the *Exploration of the Future of the BScN Post RN Program (Faculty of Nursing)* was compiled by Laura Querengesser on behalf of the BScN Post RN Future Direction Advisory Committee and presented at FON Council October 9, 2008. The goal of the committee was to determine anticipated future demand for the Program, the benefit of the UofA program to students and employers, and the cost to the UofA FON of offering the Program. Evidence was collected from students, employers, CARNA, and UofA data sources.

All health regions in Northern Alberta were surveyed through a phone interview. Employers place a high value on baccalaureate-prepared RNs and indicate that there is a need for at least one nursing education institution in Alberta to continue to offer a post-RN baccalaureate program. The health region employers noted that the number of students may not warrant delivery of the program by multiple institutions and that the program does not necessarily need to be delivered through the UofA.

Alberta Health and Wellness Health Workforce Division (ADM Glenn Monteith) was consulted in regards to the phase out of the Post RN program. The ADM supported the idea as long as the “seats” were transferred to another nursing program and indicated that resources be devoted to preparing graduates who would become “new” RNs rather than re-qualifying existing RNs.

13. Are there any resource implications (budget, information technology (IT), library (Library Impact Statement), laboratory, space, student services, administrative services (eg, Registrar’s Office) for the proposed change? If so, please provide detail and evidence of consultation with affected unit(s) and/or appropriate University officers/committees.
For the 2008/09 budget year, the UofA FON expends approximately 4% of its undergraduate instructor budget on the BScN Post RN program while Post RN students account for 3.3% of all “on-campus” undergraduate enrolment in nursing programs.

The following is a breakdown of Faculty of Nursing Expenditure (derived from 2008/09 analysis of undergraduate teaching requirements prepared by Peter Noden).

**Instruction:** The BScN Post RN Program consumes 4.0% of the undergraduate instructor budget (5.0 FTE instructors out of the 124.5 instructor FTE required to deliver all on-campus FON undergraduate programs).

**Non-clinical instruction:** 3.5 instructor FTE out of a total 28.5 instructor FTE for all undergraduate programs; i.e., the Post RN program consumes 12.3% of the non-clinical instruction budget.

**Clinical instruction:** 1.5 instructor FTE out of 96.0 instructor FTE for all undergraduate programs; i.e., the Post RN program consumes 1.6% of the clinical instruction budget.

**Teaching release for administration:** BScN Post RN Coordinator costs $20,250 in teaching release annually.

The FON expects resources being freed as a consequence of the program’s termination which will be reallocated to other nursing programs.

### 15.11.4 BSc in Nursing–Post RN Degree Program

This program is for Registered Nurses who have graduated from an approved diploma program and are eligible for registration in Alberta.

The Faculty of Nursing will not admit to the BScN Post RN Program starting September 1, 2011.

Contact the Faculty of Nursing for information regarding readmission.

**Requirements**

1. Graduation from a diploma nursing program.
2. A minimum GPA of 2.0 in the above program.
3. Proof of active registration in the College and Association of Registered Nurses of Alberta (CARNA) as a Registered Nurse or a Graduate Nurse on a temporary permit. Foreign students must provide evidence of graduation from a general nursing program considered equivalent by the CARNA to an approved School of Nursing in Alberta at the time the program was taken and active registration in the CARNA as a Registered Nurse.

**Note:** Admission to the Post-RN degree program from another University or Faculty is based on assessment of the applicant's previous achievement by the Faculty of Nursing Admissions Committee.
### 133.2 Academic Standing and Graduation

(No changes until…)

### (2) Health and Safety Requirements

#### (no changes until…)

**c. Immunization:** To ensure, insofar as possible, both student and patient safety, the Faculty requires immunization against, or proof of immunity to, poliomyelitis, diptheria, tetanus, measles, mumps, rubella, and hepatitis B. As well, varicella screening and a two-step tuberculin skin test is required in the first year of the program and should be performed by the University Health Centre. The Alberta Public Health Act - Communicable Disease Regulation (1985) states: “All staff of day care facilities and persons with face to face contact with patients in a health care facility shall ensure they are immunized against Rubella.” Students in the BScN Collaborative Program, the BScN-After Degree Program, and the Registered Psychiatric Nurse (RPN) to BScN Program must have their immunization status reviewed by the University Health Centre upon acceptance to the nursing program. Students in the BScN Bilingual Program must have their immunization status reviewed by the University Health Centre during Spring Session of Year 1.

(No changes until…)

### (8) Graduation Requirements:

#### a. For students in the BScN - Collaborative Program, BScN – Bilingual Program, or the BScN - After Degree Program, a minimum GPA of 2.0 is required on the last *60. (If *60 requires including another term or terms, the best results from this term or terms are included. Failing results are not included in the calculation of the graduation GPA.).

#### b. For students in the BScN – Post RN Degree Program, a minimum GPA of 2.0 is required on the last *23. (If *23 requires including another term or terms, the best results from this term or terms are included. Failing results are not included in the calculation of the graduation GPA.). For students admitted to the program between 1995 and 2001, a minimum GPA of 2.0 is required on the last *50. (If *50 requires including another term or terms, the best results from this term or terms are included. Failing results are not included in the calculation.).

#### For students in the Registered Psychiatric Nurse (RPN) to BScN Program a minimum GPA of 2.0 is required on the last *36 taken.
For students in the Registered Psychiatric Nurse (RPN) to BScN Program a minimum GPA of 2.0 is required on the last 36 taken.

134.4 BScN—Post RN Program

134.4.1 General Information

This program is for Registered Nurses who have graduated from an approved diploma program and who are eligible for registration in Alberta. To be admitted to this program, all applicants must have proof of having worked the equivalent of full-time hours as a registered nurse for a minimum of 12 months (not necessarily consecutive, i.e., 1,920 hours) since graduation from the nursing diploma program.

The Faculty of Nursing will not admit to the BScN Post RN Program starting September 1, 2011. Contact the Faculty of Nursing for information regarding readmission.

(1) The curriculum is designed to be taken over one year. Application for an extension to the program must be submitted to the Student Advisor. With approval, students have three years from the time of admission to complete the requirements for this program.

(2) Students are responsible for the completeness and accuracy of their registrations. Particular care should be exercised regarding prerequisite courses.

(3) Placements can be made anywhere in the greater Edmonton area (Devon, Fort Saskatchewan, Leduc, Morinville, St Albert, Sherwood Park, Spruce Grove and Stony Plain) or as far away as 150 kilometers. Students are responsible for their transportation to practice placements and for the costs of travel and accommodations.

(4) Students must have a lab coat.

Such methods could include student course or program exit interviews with the Chair, Director or Dean; or other appropriate means. (EXEC 29 MAR 1999)

C. The Universal Student Ratings of Instruction shall take the form of a questionnaire. The following statement of purpose shall be included at the beginning of the questionnaire:

The University of Alberta would appreciate your careful completion of this questionnaire. The results help instructors and departments or faculties to initiate constructive change in curriculum and instruction. In addition, the results are one important factor in decisions affecting the career of your instructor. The numerical summaries for the ten questions listed below are available through the Students' Union and the Graduate Students' Association.

To protect the anonymity of students, their responses written comments will be typed where the Chair, Director or Dean deems it advisable. Students who are concerned about the anonymity of their responses should submit their typewritten comments within five working days of the assessment done in class to the Chair, Director or Dean, making sure to note the course number, section and name of the instructor. However, the University has a parallel duty to protect the safety (physical or mental) of members of the University community. If a Department Chair has concerns for the safety of faculty, staff or students, arising from statements that are part of a Universal Student Rating of Instruction, the Chair shall consult with the Dean of the Faculty. If the Dean believes that there is a valid concern for safety, he or she may recommend to the Provost and Vice-President (Academic) that the identity of the author of the statements be sought out and disclosed to the appropriate University officials. At any time during this process, the Chair or Dean may invoke the Protocol for Urgent Cases of Disruptive, Threatening or Violent Conduct (Section 91.3, GFC Policy Manual). (GFC 28 FEB 2000)

On receiving such a request from a Dean, the Provost and Vice-President (Academic) will follow the terms of the Protocol for Urgent Cases of Disruptive, Threatening or Violent Conduct in determining whether there is

i. reasonable cause to believe that the safety or security (including significant psychological harm) of persons may be threatened and

ii. that under existing University policies, the statements are grounds for disciplinary action and hence whether confidentiality of USRI should be breached and the provisions in Section 91.3.2 and/or 91.3.3 of the Protocol invoked. (GFC 28 FEB 2000)

to gather responses to the following questions: |
|---|
| 1. The goals and objectives of the course were clear.  
| 2. In-class time was used effectively.  
| 3. I am motivated to learn more about these subject areas.  
| 4. I increased my knowledge of the subject areas in this course.  
| 5. Overall the quality of the course content was excellent.  
| 6. The instructor spoke clearly.  
| 7. The instructor was well prepared.  
| 8. The instructor treated the students with respect.  
| 9. The instructor provided constructive feedback throughout this course.  
| 10. Overall, this instructor was excellent. (EXEC 29 MAR 1999)  

These constitute the ten required Universal Student Ratings of Instruction questions. Instructors, departments, and faculties are encouraged to supplement the set of universal questions.

The questionnaire **shall** allow space for comments.

F. Certain policies are necessary in order to ensure that the Universal Student Ratings of Instruction Questionnaire is administered in as consistent a fashion as possible. These are:

i. The Universal Student Ratings of Instruction questions and additional instructor, department or Faculty selected questions **shall** normally be rated in the same class period.

ii. Questionnaires shall be administered and completed at the beginning of the class period.

iii. Universal Student Ratings of Instruction shall **include an opportunity to provide comments.**
normally be administered toward the end of the course but not during the last week of classes.

iv. The instructor shall not distribute the questionnaires; shall not be present in the room when the questionnaires are being completed; and shall not collect the questionnaires. Departments or Faculties shall create policies to ensure that other individuals (eg, other instructors, students within the class, teaching assistants) are available to administer the questionnaires.

v. The questionnaires shall be taken directly from the class by the person responsible for administration of the questionnaire to the Chair, Director or delegate (or, in the case of non-departmentalized Faculties, to the Dean or delegate). The Chair or delegate shall then transmit the questionnaires for optical scanning and be responsible for transmission of scanned results and comments to the instructor under the conditions set out in Section G.

G. The numerical summaries for the ten Universal Student Ratings of Instruction questions shall be reported to the instructor, the Chair, Director or Dean and students.

i. the number of students responding in each category;

ii. the median score to one decimal point for the question; and

iii. numerical values from Tukey's boxplot statistics will be provided to describe the distribution of scores in the Faculty/Department:

a. lower cut-off for outlier scores
b. lower hinge (25th percentile)
c. median
d. upper hinge (75th percentile)
e. it is expected that the upper cut-off will always be 5.0 and, therefore, unnecessary to report. (EXEC 29 MAR 1999)

Note: Statistics from Tukey's box-and-whisker plot analysis (John W. Tukey, Exploratory Data Analysis, Addison-Wesley Publishing Company, Inc. 1977) have been selected to describe the distribution of USRI data. These statistics are chosen to achieve two main objectives: (i) summarizing skewed data and (ii) identifying outliers from the general population if they

These statistics are chosen to achieve two main objectives: (i) summarizing skewed data and (ii) identifying outliers from the general population if they
The median (middle of a ranked set of numbers) is generally preferred rather than the mean in defining the centre of a skewed data set.

The 25th and 75th percentiles provide information about the spread of individual scores around the median. By definition, half of the scores in a distribution are below the median and 25 percent of the scores are below the 25th percentile. Since this occurs "by definition", these values should not be used to determine whether a particular score is "good" or "bad".

The lower whisker or cut-off, which is 1.5 box lengths below the 25th percentile (box length is the distance from the 25th to the 75th percentile), defines a reasonable limit beyond which any score can be considered an outlier. Outliers are scores that identify ratings of instruction falling outside the usual distribution of the scores for the population being tabulated.

Given the nature of the USRI data, the upper whisker or cut-off (1.5 box lengths above the 75th percentile) will usually be above 5.0, and so need not be reported.

i. Access to Printed USRI Data: Parties having access to numerical summaries of the ten Universal Student Ratings of Instruction questions and student comments shall be the instructor the Chair, Director or Dean of the unit offering the course; members of Tenure Committees; and members of Faculty Evaluation Committees, including the secretary to the FEC. (EXEC 07 NOV 2011)

For questions selected by an instructor, only the instructor shall receive the results. For questions initiated or mandated by a department or Faculty, the results will be reported to the instructor and the Chair, Director or Dean. (EXEC 29 MAR 1999) (EXEC 07 NOV 2011)

Normally, instructors shall receive the printed results from the student ratings of instruction within twenty working days after the course is complete and the grade sheet has been signed by the Chair, Director or Dean. (EXEC 29 MAR 1999) (EXEC 07 NOV 2011)

numerical summaries for the ten Universal Student Ratings of Instruction questions scores for all courses shall be provided to undergraduate and graduate students. Instructors shall have online access to USRI scores for their own courses. Chairs shall have online access to USRI scores for instructors in their departments and Deans shall have online access to USRI scores for instructors in their Faculties. Deans and Chairs may also request access for a designated assistant. (EXEC 07 NOV 2011)

The results will not be released online for at least ten days following the provision of the results to the instructor. (EXEC 07 NOV 2011)

Access to online USRI data is provided to students only for the purpose of assisting with the selection of courses. Neither the Students' Union nor the Graduate Students' Association shall undertake analysis of USRI data available to members of those organizations. (EXEC 07 NOV 2011)

I. All results given out to students, Chairs, Directors and Deans shall have the following cautionary preface:

Student questionnaires form an important part of evaluating teaching effectiveness but cannot be taken alone as a complete assessment of an instructor or course. Factors other than an instructor’s teaching ability may influence ratings. These factors include class size, class level, Faculty, time of class, required versus optional course, grade expectations, student GPA, gender, race, ethnicity, age of both students and instructors.

Small differences in evaluation should not be considered meaningful.

J. Nothing in this section shall prevent instructors from seeking other means of feedback from students during the term.

K. The central administration of the University shall undertake the financing of the universal set of questions in support of the University’s commitment to teaching.
