DISCUSSION ITEMS

4. Review of Delegated Authority – GFC Facilities Development Committee (FDC)

Materials before members are contained in the official meeting file.

_Presenter_: Wendy Rodgers, Deputy Provost and Chair, GFC Facilities Development Committee (FDC)

_Purpose of the Proposal_: To review the GFC Facilities Development Committee’s current delegated authority from General Faculties Council to ensure that it remains current and appropriate, and to provide recommendations to General Faculties Council by way of the GFC Executive Committee on the renewal of, or revisions to, that delegated authority.

_Discussion:_

The Chair reported that at the January 25, 2016 meeting of General Faculties Council, members approved a motion to review the delegation of its authorities to all of its current Standing Committees, and by June 30, 2016 vote on whether to renew or revise these delegated authorities. In addition, Council approved a motion to be guided in the review of the governance and operations of GFC by the June 2013 report “A Reflection on the State of Academic Governance at the University of Alberta”.

The Chair invited members to discuss the Committee Terms of Reference, as well as the two specific delegations from both GFC as well as the Board of Governors: the approval of general space programs and the approval of proposals concerning the design and use of all new facilities and the repurposing of existing facilities in consideration of the academic scope of these spaces. She also acknowledged that the Board of Governors, at their meeting of December 14, 2012, affirmed these delegations of authority to the GFC Facilities Development Committee (FDC).

During the discussion surrounding its mandate and Terms of Reference, members expressed unanimous support for the Committee’s two specific areas of delegated authority, noting that the Committee has a small but specialized scope, and that members provide useful, strategic feedback on these projects at the institution.

There was further discussion surrounding the Committee’s relationship with the GFC Academic Planning Committee (APC), and acknowledgement of the importance of cross-representation between the Chair of
GFC FDC as well as the academic staff member currently cross-appointed on both APC and FDC. In addition, members discussed the lack of policy items originating from FDC to APC or GFC, and many noted that there had not been any policy issues to recommend in recent years.

A member suggested adding budget considerations to the mandate of the Committee; however, it was noted by the Chair that this falls solidly under the purview of the Board of Governors at this time.

Finally, members expressed interest in reviewing the reporting mechanisms between FDC and GFC, as well as FDC and APC, towards increased awareness and inter-Committee functionality.

Members expressed reluctance towards making large changes to its scope at this time, and provided affirmation that the current delegations of authority are indeed appropriate.

There was no further discussion.

5. **Projects Update from Facilities and Operations**

There were no documents.

*Presenter(s):* Pat Jansen, Associate Vice-President, Planning and Project Delivery (Facilities and Operations)

*Purpose of the Proposal:* For information and discussion.

*Discussion:*
Mr Jansen provided members with a number of updates in regards to ongoing projects at the University of Alberta, including:

- Two additional residences in the planning stage
- Work at the Devonian Botanic Garden (DBG) will commence
- Updates regarding lab renewals
- The grand opening of Wahkohtowin Lodge at Augustana Faculty

A member sought clarification in regards to the funding source of the Wahkohtowin Lodge.
