DISCUSSION ITEMS

6. Awards, Bursaries and Advancement: An Overview

There were no documents.

Presenter(s): Rachel de Leon, Development Specialist (Acting), Student Financial Support; Fiona Halbert, Assistant Registrar, Student Financial Support

Purpose of the Proposal: For information and discussion.

Discussion:
Ms Halbert and Ms de Leon, in concert with a PowerPoint presentation, provided members with an overview of Student Financial Support, specifically in relation to the creation and maintenance of awards, scholarships and bursaries at the University of Alberta. The presentation highlighted the Student Financial Support mission, as well as the role of Student Financial Support as a unit and the workflow both before GFC UASC and after GFC UASC. Finally, Ms de Leon provided members with a summary of all items approved by the Committee for a seven year period.

Ms Halbert explained to members that the University of Alberta is developing an institutional strategy in support of undergraduate financial services, consistent with the current academic plan as well as President Turpin’s vision. She noted that this initiative, entitled “Undergraduate Student Financial Support: Case for Strategic Action” will come forward to the Committee in the spring.

During the discussion in relation to this presentation, members provided a number of comments and questions, including, but not limited to: clarification surrounding the stakeholders of Student Financial Support; whether the minimum value of awards is being reviewed; clarification related to awards, bursaries and scholarships which go unclaimed; whether GFC UASC has recently reviewed the value of awards; a suggestion to create a working group comprised of students on this issue; whether applications could be streamlined through a standardized process; that the timelines of the awards, as well as administration of awards, can be problematic, and that awards can be retracted if a student exits a program; whether these guidelines apply to both prizes and awards; concern that the award descriptions do not contain enough
information for students; clarification surrounding the decrease in awards over the last seven years; clarification on the number of donors involved; that this data is very important to the work of the Committee.

The Chair thanked members for their commentary.
