PRESIDENT’S REPORT

TO THE GENERAL FACULTIES COUNCIL | September 23, 2019

Welcome to the 2019-20 academic year at the University of Alberta! I hope that all of you had an enjoyable summer and that the first few weeks of the new term are going well. For those of you joining GFC for the first time: welcome to academic governance. I look forward to working with you in the months ahead.

We know that we are in a period of uncertainty and that we will face challenges. The agenda for our first meeting includes opportunities for us to discuss some of these key issues and concerns. Provost Steven Dew, Vice-President (Finance & Administration) Gitta Kulczycki, and I will provide an overview of our current situation in light of provincial and national contexts, and open the discussion on areas where we see opportunities to take action.

As we discussed at the final GFC meeting in June, the university has been reviewing its free expression policy framework over the past year. We are now moving onto the development of a statement or policy that will clearly communicate and support free expression within our post-secondary community and across our campuses. At this month’s meeting, GFC will have the opportunity to provide feedback on a set of Draft Principles on Free Expression. The draft principles were developed, in part, from input received from GFC in June and your continued engagement will be vital to the development process. In addition to discussion at GFC, the draft principles will also be brought to Academic Planning Committee and governance meetings. Opportunities for all faculty, staff, and students to provide input, include three town halls across our campuses and via email free.expression@ualberta.ca.

I also want to alert you to an important initiative that will arrive in your inboxes in early October: the Faculty and Staff Engagement Survey. More information about this will be shared at the meeting, but I’d like to highlight how essential your participation will be. From this survey, we will gain understanding about U of A’s culture and where changes are needed to foster a strong, engaged, and empowered faculty and staff community.

Lastly, I invite all of you to join me for this year’s State of the University Address:

Tuesday, October 1, 2019
12 p.m. – 1 p.m.
Convocation Hall, Old Arts Building
Dimensions Charter
Equity, diversity, and inclusion are values that the University of Alberta takes very seriously and has championed for a long time. At an event held on North Campus in August with Minister of Science and Sport Kirsty Duncan, I formally signed and endorsed the Dimensions Charter. Signing the Dimensions Charter aligns with our own EDI Strategic Plan and shows, on a national level, our full support for these initiatives.

KEY TALKING POINT:
We strive for a university community that embraces equity and diversity as fundamental to achieving excellence in all that we do—in learning, teaching, research, service, and community engagement.

Indigenous Initiatives
A key component of building an equitable and inclusive university is responding to the Calls to Action in the Truth and Reconciliation Commission. Dr. Florence Glanfield was appointed to the new role of Vice-Provost [Indigenous Programming and Research] on August 1, 2019 and will lead the Indigenous Initiatives Portfolio.

Congratulations to the Canadian Indigenous Languages and Literacy Development Institute (CILLDI) for celebrating its 20th anniversary in June. This important institute facilitates programs to teach, preserve, and revitalize Indigenous languages.
EXPERIENCE

School in Cortona
In June 2019 U of A’s School in Cortona celebrated its twentieth anniversary. Through this program students have the opportunity to study classics, art history, political science, and Italian in an immersive environment, and the unique campus in Italy facilitates hands-on experiences, field trips, and guest lectures. Many thanks to the Faculty of Arts for establishing and maintaining this program, and to the Go Abroad team in University of Alberta International for their work to encourage and facilitate global learning experiences for our students.

Bugs 101
Massive Open Online Courses (MOOC) remain popular with both internal and external users. Joining the very popular courses Dinos 101, Indigenous Canada, and Mountains 101, the new course Bugs 101 launched in July and had over 4,500 enrollments in just one month. To date, over 6,000 students have enrolled.

National Champions
In August, the Pandas tennis team won the 2019 Tennis Canada University Championships, making this the twenty-sixth consecutive season that a University of Alberta team has won a national championship. Congratulations to the team and to all of our athletes for their hard work and dedication during the 2018-2019 season.

New Programs
This academic year, BA students can enrol a new, streamlined degree program: Modern Languages and Cultural Studies with a specialty in language studies or cross-cultural studies. This unique degree program is not offered elsewhere in Canada, and replaces several previously-available individual degree programs. The program emphasizes skills building and experiential learning while integrating language skills, cultural literacy, and community-based learning.

Changes approved by GFC’s Academic Standards Committee approved for the Peter Lougheed Leadership College are now in effect. Because of these changes, the Foundations of Leadership program is now open to all students, year-long courses are semester-length, students can take PLLC courses as early as their second year, and specified leadership courses in other departments will count towards the PLLC Certificate in Interdisciplinary Leadership Studies.
Research Funding

Our researchers continue to attract the attention and support of funders. Three recent examples stand out:

- In July, an unprecedented three U of A researchers each received a prestigious $2.5 million Partnership Grant through SSHRC to fund projects focused on how history is taught in K-12 classrooms, the preservation of Plains Cree and Tsuut’ina languages, and improvements to evidence-based testing for children.
- In August, 10 U of A researchers received a total of $2.2 million from the Canada Foundation for Innovation.
- In August, the Government of Canada announced $135,000 in funding for the Wahkohtowin Law and Governance Lodge, which was established in February with a grant from the Alberta Law Foundation. A collaboration between the Faculties of Native Studies and Law, this initiative facilitates programs around traditional Indigenous governance and laws.

Signature Areas Development

In For the Public Good, our community committed to identifying a portfolio of signature research and teaching areas where we are, or will be, recognized as global leaders, in position to play a key role in addressing complex challenges. By establishing signature areas, the U of A will increase its capacity to change by nurturing dynamic, innovative multi- and inter-disciplinary teams that are able to attract major, interdisciplinary grants and take multi-faceted approaches to problems. We have had a few exciting developments related to Signature Areas since our last meeting:

- **Energy Systems** Signature Area formally launched in May.
- Also in May, the **Signature Areas Development Panel** approved the creation of a new signature area: Situated Knowledges: Indigenous People and Place (SKIPP).
- The first **Intersections of Gender conference** will take place October 3-4 on North Campus.

Awards of Excellence

In July, two professors emeriti were named to the Order of Canada for their significant research contributions. **John England** was recognized for his environmental advocacy and research involving the Canadian Arctic, and **Brian Sykes** was recognized for his work related to biochemistry, including groundbreaking protein research.

Earlier this month, three of our researchers were announced as **Royal Society of Canada Fellows**: Liang Li (Department of Chemistry), Yang Liu (Department of Civil and Environmental Engineering), and Zubia Mumtaz (School of Public Health).

Susan Chatwood from the School of Public Health was awarded the **Governor General’s Polar Medal** for her significant research contributions related to work in Northern Canada.
ENGAGE

U of A’s United Way Campaign
Our annual United Way Campaign will officially take place October 9-25. Over the summer, the organizing committee has been recruiting staff to join the team as United Way Team Members and Ambassadors. My thanks to all who have volunteered to help us surpass last year’s total of $658,000.

Visit to China
On October 6, I will depart on a one-week trip to Beijing and Shanghai for a series of meetings, keynote lectures, and events that will continue to strengthen the university’s connections with key alumni and institutions in China. Some highlights of my itinerary include renewing a student exchange agreement with Tsinghua University, and delivering a public lecture about “Building World Class Universities” at East China Normal University.

Our PhD Students are In-Demand
The Faculty of Graduate Studies and Research recently completed the first PhD Career Preparation and Outcomes study with over 4,000 U of A PhD graduates participating. The results suggest that graduates are in-demand in diverse fields and sectors. More than 99 per cent of PhD graduates surveyed are currently employed, and 80 per cent secured jobs before graduation.

Community Engagement Consultations
You will recall that this time last year, University Relations launched a consultation process to gather input from internal and external community partners. In the past year more than 60 engagement sessions were held, in addition to online forums. More than 1200 people have provided feedback to date.
SUSTAIN

Integrated Asset Management Strategy
At our May meeting, the Campuses and Facilities Safety and Security Working Group shared their report. Aligned with that report, security updates were made to HUB Mall and Residence over the summer. As of August 20, most exterior ground-level doors can be accessed by residents only. Five stairwells and pedways allow for public entry during HUB Mall business hours; after-hours only residents and tenants have access.

The Board of Governors voted unanimously in support of the Integrated Asset Management Strategy in June, and one of the first projects in that portfolio—upgrades to the Dentistry/Pharmacy Centre—are well underway.

Budget Planning
On September 3, the provincial government released the report and recommendations of the MacKinnon Blue Ribbon Panel, with three recommendations specific to Advanced Education. Once the provincial budget is tabled later this fall, we will have a better idea of how these recommendations impact our university and the post-secondary sector in Alberta.

UniForum Program Update
As mentioned in previous reports, the university is participating in the UniForum Program in order to assess the efficiency and effectiveness of administrative services across campus. In May, the second UniForum Satisfaction survey was administered. In June, UniForum Activity Coding began. This process will help capture data on how support services are resourced across the university. Cubane Consulting will be collecting and analyzing the data, and we expect to start receiving high-level results in December 2019.

Access Open Minds Program
The nation-wide ACCESS Open Minds program has now been in place at U of A for over six months, and in that time the number of initial consultations available through Clinical and Counseling Services has increased by 15 per cent.
Leadership Transitions

In July we welcomed the following people to their new roles:

- **Dr. Demetres Tryphonopoulos** (Dean, Augustana Campus)
- **Dr. Matina Kalcounis-Rueppell** (Dean, Faculty of Science)
- **Dr. Cen Huang** (Vice-Provost and Associate Vice-Provost International)
- **David Percy** (Interim Dean, Faculty of Law)
- **Dr. Maria Mayan** (Interim Dean, Faculty of Extension)

On August 16, the Government of Alberta appointed Kathryn [Kate] Chisholm as Chair of the University of Alberta Board of Governors, and also appointed five new members to the Board of Governors. I would like to thank former Board Chair Michael Phair and the outgoing Board members for their commitment and service to the university.

Most recently, on September 12, we announced that **Dr. Brenda Hammelgarn** will be joining us as Dean of the Faculty of Medicine and Dentistry, effective January 1, 2020.

Thank you for your continued dedication to academic governance at the University of Alberta.

Yours sincerely,

OPENING SESSION

1. Approval of the Agenda

Materials before members are contained in the official meeting file.

Presenter(s): David Turpin, President and Vice-Chancellor, and Chair of GFC

The Chair noted that a member wished to amend the agenda by adding a motion. He explained that a 2/3 majority was required to add a motion to the agenda.

The Chair reported that the GFC Executive Committee discussed the matter extensively at their meeting of May 13, 2019, and decided not to add the motion to the May 27, 2019 GFC agenda. He noted that it was the committee’s view that for the past several years GFC had been engaged in a comprehensive discussion about governance including delegations, terms of reference, membership, and committee composition. The draft terms of reference and composition of GFC were discussed at the two GFC meetings prior to the April 29th meeting and the Executive Committee believed that there was ample opportunity for issues to be raised prior to the item coming forward for approval. The Chair also noted that, as GFC is now mandated to review its terms of reference and composition every three years, it was the view of the Executive Committee that the next review of GFC composition should occur on the existing timeline. The Chair pointed to a more detailed summary in the report of the Executive Committee - Item 16 in the meeting materials.

2. Report from the President
   - Update on Clean Air Strategy

Materials before members are contained in the official meeting file.

Presenter(s): David Turpin, President and Vice-Chancellor

The Chair noted with sadness the passing of Margaret-Ann Armour, an important member of the University community and ambassador for the advancement of women in the sciences.

The Chair reported that he had recently attended the Worldwide Universities Network (WUN) Conference in Ireland. WUN is a group of 23 international research-intensive universities spanning 13 countries and 6 continents. He indicated that the annual conference included updates on WUN research projects, policy discussions, as well as other initiatives. The Chair invited his fellow attendees, Joel Agarwal, Students’ Union Vice-President (Academic), and André Costopoulos, Vice-Provost and Dean of Students, to share some thoughts about the sessions they attended on topics such as work integrated learning and student mental health.
The Chair spoke about the new session of the provincial government and the previous week’s throne speech with a stated focus on policies designed to create jobs and economic diversification. He noted that the provincial budget was expected in the fall so the university would proceed with the budget approved by the Board of Governors in March and address any changes as necessary.

The Chair noted two recent awards: Dennis Hall was named a Killam Research Fellow for his work in organic chemistry; and Hongbo Zeng was awarded the E.W.R. Steacie Memorial Fellowship for his work in chemical engineering.

Andrew Leitch, Director, ERM Programs (Risk Management Services), gave an update on the Clean Air Strategy noting the working group’s progress and that a draft strategy would be ready to present to GFC in the fall.

Steve Dew, Provost and Vice-President (Academic), updated GFC on the new, program based, tuition model for international students which would provide them with predictable tuition starting with fall 2020 admissions. He noted that this would not impact domestic students and spoke to how internal transfers would be handled. Dr Dew noted that the GFC Academic Planning Committee (APC) had recently recommended approval of the model to the Board.

Gitta Kulczycki, Vice-President (Finance and Administration) spoke about the audited financial statements which were approved by the Board that morning and commented on Faculty carry-forwards, new investment strategy for non-endowed funds, and tuition revenue.

The Chair reminded members that replenishment of GFC committees was underway. He noted that the new terms of reference for these committees called for additional GFC members to serve. He encouraged all GFC members to consider serving on a GFC committee.

The Chair noted that this was the final GFC meeting for staff members whose terms expired on June 30, and thanked those members for their service to academic governance. He also welcomed student members who began their terms on May 1.

CONSENT AGENDA

Consent Agenda Mover and Seconder: Dew/Padfield

3. Approval of the Minutes of April 29, 2019

6. Proposed Termination of the Bachelor of Physical Education specializations in (1) Cultural and Managerial Study of Sport and Leisure and (2) Activity and Nutrition, Faculty of Kinesiology, Sport, and Recreation

Materials before members are contained in the official meeting file.

*Purpose of the Proposal:* Approval of the proposed termination of the Bachelor of Physical Education specializations in (1) Cultural and Managerial Study of Sport and Leisure and (2) Activity and Nutrition

THAT the General Faculties Council recommend that the Board of Governors approve the termination of the Bachelor of Physical Education specializations in (1) Cultural and Managerial Study of Sport and Leisure and (2) Activity and Nutrition, as recommended by the GFC Academic Planning Committee, to take effect upon final approval.

CARRIED

**ACTION ITEMS**

7. Proposed University of Alberta International Strategic Plan

Materials before members are contained in the official meeting file.

*Presenter(s):* Steven Dew, Provost and Vice-President (Academic); Tammy Hopper, Vice-Provost, Programs; Cen Huang, Executive Director, International Relations and Recruitment

*Purpose of the Proposal:* To present the University of Alberta International Strategic Plan for discussion and recommendation to General Faculties Council.

Dr Dew explained that the overarching Institutional Strategic Plan, *For the Public Good*, was supported by more specific strategy documents such as the Equity, Diversity and Inclusion (EDI) Strategic Plan and the proposed International Strategic Plan. He noted that a reporting schedule and a companion document regarding implementation would come forward in the fall.

*Discussion:*
Members discussed providing support for international students with pre-existing mental health concerns, increasing access to work integrated learning experiences, and teaching the history of Canada's Indigenous Peoples to international students.

Motion: Dew/Cormack

THAT General Faculties Council recommend that the Board of Governors approve the proposed University of Alberta International Strategic Plan, as recommended by the GFC Academic Planning Committee and the GFC Executive Committee, as proposed by the Provost and Vice-President (Academic), and as contained in Attachment 1, to be effective upon final approval. CARRIED

8. Taking Care of our Campuses for the Future: An Integrated Asset Management Strategy (2019-2035)

Materials before members are contained in the official meeting file.

Presenter(s): Andrew Sharman, Vice-President (Facilities and Operations)

Purpose of the Proposal: The University’s executive leadership, the General Faculties Council, and the Board of Governors have all had the opportunity to review, comment, and provide revisions to the guiding principles upon which the Integrated Asset Management Strategy was developed. The General Faculties Council is being asked to endorse the strategy, which will steer infrastructure decisions across all campuses for the foreseeable future.

Mr Sharman presented the strategy and explained how the university planned to best use and maintain its assets. He spoke about the need to balance demand and resources in the current landscape and to help ensure viability for years to come.

Discussion:
There was no discussion.

Motion: Sharman/Doucet

THAT the General Faculties Council, as recommended by the GFC Facilities Development Committee and the GFC Academic Planning Committee, recommend that the Board of Governors approve the Integrated Asset Management Strategy, as proposed by the Office of the Vice-President (Facilities and Operations) and as set forth in Attachment 1, as the basis for future infrastructure decisions across all campuses. CARRIED

EARLY CONSULTATION

9. Recruitment Policy Review

Materials before members are contained in the official meeting file.

Presenter(s): Wendy Rodgers, Deputy Provost

Purpose of the Proposal: The proposal is before General Faculties Council to seek early input to inform a forthcoming review of the Recruitment Policy and associated procedures.

Dr Rodgers asked for early feedback on embedding Equity, Diversity and Inclusivity (EDI) principles into the university’s Recruitment Policy and Procedures. She noted that draft changes were expected to come forward in the fall. Members were invited to submit feedback to Dr Rodgers directly.

Discussion:
There was no discussion.

10. **Early consultation on development of a statement on freedom of expression (no documents)**  
*Presenter(s):* Steven Dew, Provost and Vice-President (Academic); Wendy Rodgers, Deputy Provost; Brad Hamdon, General Counsel

Dr Dew noted that this was one of the priorities of the new provincial government and asked members for input on the development of a statement of freedom of speech for the university. Dr Rodgers indicated that a working group had been formed which included members of the GFC Executive Committee and that extensive consultation would occur. Mr Hamdon spoke about the Chicago principles developed in the US and the Canadian legislative regime. The Chair noted that the 2018 Joint Summit had focused on this topic.

**Discussion:**
Members engaged in a robust discussion regarding freedom of speech including the autonomy of the University, discussions and engagement with experts, best practices from other post-secondary institutions, how a GFC approved task force could be engaged in the process, impact of political issues, how this issue could be addressed as an academic intellectual exercise, and the importance of developing a statement representative of the university’s unique position.

11. **A Protection of Minors Policy for the University of Alberta**  
Materials before members are contained in the official meeting file.

*Presenter(s):* Rob Munro, Acting Associate Vice-President, Risk Management Services; Andrew Leitch, Director, ERM Programs, Risk Management Services

**Purpose of the Proposal:** The purpose of this item is to advise and seek feedback from GFC on administration’s proposed policy to help protect minor participants in university programs.

Mr Munro and Mr Leitch provided an overview of a policy under development to address minors attending university programming on campus and asked for feedback. Members were encouraged to contact Mr Munro and Mr Leitch to submit further comments.

**Discussion:**
There was no discussion.

**DISCUSSION ITEMS**

Materials before members are contained in the official meeting file.

*Presenter(s):* James Allen, Associate Vice-President, Operations and Management; Rob Munro, Acting Associate Vice-President, Risk Management Services

**Purpose of the Proposal:** The purpose of this item is to present the working group’s final report and to advise on progress to date and next steps.

Mr Allen and Mr Munro presented the report and spoke about how the university was addressing the recommendations and continuing to monitor safety on all the University of Alberta’s campuses.

**Discussion:**
Members discussed relationships with the University Hospital and Transit security, discussions with the Edmonton Police Services (EPS), how to ensure engagement of the whole community, inclusion of all
campuses, number and demographic of survey respondents, benchmarks, and the importance of communication and education about safety and security. The Chair thanked the presenters for the efforts made by their teams on this issue.

13 **Housing for Students Who Parent Consultation - Final Report**  
Materials before members are contained in the official meeting file.  

*Presenter(s):* Andrew Sharman, Vice-President (Facilities and Operations); Katherine Huising, Associate Vice-President, Ancillary Services  

*Purpose of the Proposal:* In follow up to the recommendations from University administration, and partnered with the 2020 closure of the Michener Park residence, this report is being brought forward to inform the committee of the findings related to housing needs for students who parent.  

Mr Sharman and Ms Huising spoke about the consultations reported and noted respondent concerns regarding the loss of community, affordable housing, childcare, and access to transit.  

*Discussion:*  
Members discussed how the University could address the concerns raised; efforts by the Dean of Students and Faculty of Graduate Studies and Research (FGSR) to support students who parent; the childcare concerns of students, post-doctoral fellows and staff members; that supports needed by graduate students were different than those offered by residence services; and the creation of family friendly spaces on campus.  

14. **PhD Learning Outcomes**  
Materials before members are contained in the official meeting file.  

*Presenter(s):* Deborah Burshtyn, Interim Dean, Faculty of Graduate Studies and Research  

*Purpose of the Proposal:* The proposal is before the committee to provide an update on work presently underway to develop a system to support U of A PhD programs in explicitly articulating their learning outcomes.  

Dr Burshtyn presented work on defining minimum learning outcomes for PhD students.  

*Discussion:*  
Members discussed alignment with the Alberta Credentials Framework; the importance of communicating clear outcomes for both students and supervisors; the ability for departments to have additional outcomes specific to their programs which should also be clearly defined and communicated; original research and creative work; duty to accommodate; and the role of supervisory committees. A member noted that graduate students had been involved in the project since the beginning and were very supportive of the initiative.  

15. **Question Period**  
Materials before members are contained in the official meeting file.  

15.1 Question from GFC Elected Faculty Member Carolyn Sale regarding composition of GFC approved by GFC on April 29, 2019.  

15.2 Response. The Chair gave a verbal response noting that GFC had discussed composition on a number of occasions in advance of the vote and that there had been no requests to add further to the membership proposed. He further noted that there were no AASUA nominated positions on GFC, but that GFC includes elected faculty members and some appointed members who were also AASUA members. He indicated that AASUA is structured as a bargaining union whereas GFC is structured as an academic collegium of academics and students. He further noted that, due to the legislative changes that made AASUA a bargaining union, some
members of GFC were no longer ASSUA members such as the President and the Deans. The Chair spoke to the specific discussions around adding St Stephen’s College and a post-doctoral fellow as key elements of the changed composition, and that the reorganization of the APO/FSO/MaPS representation preserved the ability of the MaPS group to continue to participate. He further noted the current vacancies for those seats as well as the ATS seats.

Dr Sale responded that she wanted to ensure these items were flagged and reiterated that representation from all groups within academic staff should be robust and inclusive. She further noted the lack of discussion on these categories and that APOs and FSOs perform completely different functions.

Discussion:
Members discussed and commented on the following: the increasing reliance on non-continuing academic staff who are not represented in the governing bodies in general and whether the interpretation of the elected ‘full-time members of the academic staff’ referred to in the PSLA should be reviewed; the newly approved terms of reference for Arts Faculty Council which now included all career status academic staff plus six non-career status academic staff, and that this illustrates a transition for these groups; that key areas of composition were raised at the March GFC including MaPS representation and how committee composition does not include all staff categories; the Transition Committee worked in accordance with the ad hoc recommendations that called for a reduction in the size of GFC so took a conservative approach to membership; the need to allow time for changes such as a new COSA to take effect before making further changes; the importance of revisiting the composition of GFC and its committees on a regular basis; and the need to value the perspectives of a full spectrum of academics to ensure the health and vibrancy of the community and university.

The Chair concluded that the discussion provided a great example of what GFC does, illustrated why early consultation matters, and emphasized why and how engagement of all members was essential.

<td>The proposal is before General Faculties Council to increase the minimum FGSR acceptable English Language Proficiency scores for TOEFL, MELAB, CAEL and Pearson.</td>
</tr>
<tr>
<td>Executive Summary <em>(outline the specific item – and remember your audience)</em></td>
<td>FGSR is proposing to raise the minimum internet-based TOEFL score to 90, and raise the minimum band score to 21; add a minimum MELAB band score of 80, and a minimum score of 3 on the speaking component; raise the minimum CAEL overall score to 70; and raise the minimum Pearson overall score to 61 and add a minimum band score of 60. The increases are proposed in order to align FGSR minimum ELP requirements with the undergraduate values. Graduate students at this University should meet the same English Language proficiency requirements as the undergraduate students that many of them will be teaching. ### 2020-2021 University of Alberta Proposed Calendar Graduate Program Changes:

FGSR is proposing the following changes to the minimum acceptable English Language Proficiency scores:

- Raise the minimum internet-based TOEFL score to 90, and raise the minimum band score to 21;
- Add a minimum MELAB band score of 80, and a minimum score of 3 on the speaking component;
- Raise the minimum CAEL overall score to 70;
- Raise the minimum Pearson overall score to 61 and add a minimum band score of 60.

These changes are proposed to bring FGSR minimum ELP scores in line with the minimum acceptable undergraduate scores, and are for implementation for Fall 2020 admissions.

2019/2020 Executive Goals

As your 2019/2020 Students’ Union Executive team, we aim to represent you to improve your experience as undergraduate students at the University of Alberta, while also providing advocacy within the university community and to all levels of government. In order to best represent and promote your interests, we hold regular office hours, attend various campus events, and are constantly reaching out for your feedback and thoughts. As your representatives, we are constantly working to ensure that all Students’ Union businesses, services, events, and advocacy efforts are in the best interest of you — the members of our University of Alberta Students’ Union.

This document outlines the 2019/2020 goals set out by the SU Executive.

1. Empower students to act with confidence and live with compassion.

Students should feel well equipped with the tools to craft a future that will allow them to better recognize and dismantle systemic barriers to participation in student life.

- Continue progress on the Charter of Student Rights.
- Strengthen our collective voice by actively engaging students in advocacy.
- Build relationships with both new provincial and federal governments.
- Support Indigenous student advocacy and initiatives.
- Provide support for grassroots initiatives of student leaders.

2. Embrace student wellness and academic success.

Students deserve to be included and supported throughout their time on campus so they can succeed both individually and academically.

- Implement a cultural lens in our mental wellness services.
- Call for robust and reliable on-campus health and wellness services.
- Ensure relevant employment, research, and work-integrated learning opportunities.
- Advocate for the hiring of the Sexual Violence Prevention Coordinator.

3. Stay true to the student heartbeat.

We need to keep our finger on the pulse of student life to provide students with the unique supports they need to succeed.

- Prioritize student-guided decision making.
- Strengthen our businesses and services to evolve alongside student needs.
- Pursue increased revenue-generating opportunities to decrease our reliance on student fees.

4. Actualize change to create an equitable post-secondary experience.

To thrive, campus needs to be a barrier-free environment and an intellectually stimulating space for students.

- Advocate for strategic investments in deferred maintenance and accessible spaces.
- Encourage the implementation of faculty-specific interdisciplinary Indigenous course content.
- Seek to increase affordability in educational resources, financial aid, housing, and tuition.

This document outlines the 2018/2019 goals set out by the SU Executive.

1. **Empower students to act with confidence and live with compassion.**

Students should feel well equipped with the tools to craft a future that will allow them to better recognize and dismantle systemic barriers to participation in student life.

**Continue progress on the Charter of Student Rights.**
- Ensure a Charter of Student Rights is produced at the University of Alberta that includes academic rights, procedural rights, fundamental rights, and residence rights.

**Strengthen our collective voice by actively engaging students in advocacy.**
- Run a Get Out The Vote (GOTV) campaign to encourage students to vote in the 2019 federal election.
- Increase engagement with Student Representative Associations to collect feedback regarding external priorities.
- Foster an environment of civil discourse and academic discovery while upholding our values of compassion and respect.
- Assist the Augustana Students’ Association in municipal advocacy.
- Continue to work with the Association des Universitaires de la Faculté Saint-Jean (AUFSJ) and the Francophone community to advocate for greater access to post-secondary education in French in Alberta.

2. **Embrace student wellness and academic success.**

Students deserve to be included and supported throughout their time on campus so they can succeed both individually and academically.

**Implement a cultural lens in our mental wellness services.**
- Advocate for increased diversity among mental wellness counsellors on all campuses.
- Integrate community-based approaches to reduce stigmas and instill wellness.

**Call for robust and reliable on-campus health and wellness services.**
- Ensure that mental health services remain on campus and are funded on a per-student basis.
- Collaborate with other Alberta students’ associations to produce unified mental health funding recommendations for the provincial government.
- Advocate for increased grants from governments for students with specific mental health needs.
Advocate that University faculty and staff receive Question, Persuade, and Refer (QPR), as well as Suicide Awareness and Prevention (SAP) training.

Provide free menstrual products on campus.

Ensure relevant employment, research, and work-integrated learning opportunities.

- Push for international students to have combined study and co-op permits, as well as for increased working hours during the school year.
- Advocate that student employment subsidy programs offered by governments are modified to run year-round and ensure degree-relevant positions.
- Advocate for and promote greater accessibility to undergraduate research opportunities, including increased funding and studentships.
- Advocate for the expansion and increased accessibility of the First Nations and Inuit Summer Work Experience Program.

Advocate for the hiring of the Sexual Violence Prevention Coordinator.

3. **Stay true to the student heartbeat.**

We need to keep our finger on the pulse of student life to provide students with the unique supports they need to succeed.

Prioritize student-guided decision making.

- Provide opportunities for students to actively engage with the Students’ Union organizational and business decisions.
- Create a University of Alberta Students’ Union (UASU) Street Team to communicate advocacy campaigns, promotions, and other efforts effectively.
- Evolve our student-centred online presence.

Strengthen our businesses and services to evolve alongside student needs.

- Ensure all Students’ Union spaces on campus are physically accessible.
- Continue to seek sustainable project ventures for our businesses.

Pursue increased revenue-generating opportunities to decrease our reliance on student fees.

- Expand SUTV into new spaces and continue to seek partnerships with students’ associations across the country.
- Continue to invest in our Information Technology and Development Department at the Students’ Union.
- Establish a strategy for the Students’ Union to create a fundraising model and actively seek out donor opportunities.
- Activate campus with mutually beneficial third-party partnerships and sponsorships to support student life.

4. **Actualize change to create an equitable post-secondary experience.**

To thrive, campus needs to be a barrier-free environment and an intellectually stimulating space for students.

Advocate for strategic investments in deferred maintenance and accessible spaces.

- Lobby for the creation of a long-term strategic deferred maintenance plan and increased investments in student-oriented spaces from the provincial government.
- Call on the provincial government to provide predictable, sustainable operational funding for post-secondary institutions.
- Hold the University accountable to commitments made concerning campus safety and security.

Encourage the implementation of faculty-specific interdisciplinary Indigenous course content.

Seek to increase affordability in educational resources, financial aid, housing, and tuition.

- Work with the provincial government and the University to develop a long-term, sustainable funding model for the creation and adoption of Open Educational Resources (OERs).
- Continue advocacy to ensure predictable and affordable international student tuition.
- Lobby the provincial government to reallocate tax credit funds into up-front, non-repayable grants for low- and middle-income students.
- Advocate for the Repayment Assistance Program (RAP) threshold to increase, reflecting changes in the minimum wage and living expenses.
- Advocate for equitable rent and meal plan fees to maintain the value-added experience in residence.
- Continue to develop more needs-based Students’ Union awards through the Student Involvement Endowment Foundation (SIEF).

1. **Post-Secondary Learning Act (PSLA):** The PSLA gives the Board of Governors the authority to “develop, manage and operate, alone or in co-operation with any person or organization, programs, services and facilities for the educational or cultural advancement of the people of Alberta” (Section 60(1)). Subject to the authority of the Board of Governors, the General Faculties Council has responsibility over “academic affairs” (Section 26(1)) and “student affairs” (Section 31(1)).

2. **PSLA** Section 94(3): “The graduate students association of a university shall provide for the administration of graduate student affairs at the university, including the development and management of graduate student committees, the development and enforcement of rules relating to the graduate student affairs and the promotion of the general welfare of the graduate students consistent with the purposes of the university.”

The Graduate Students’ Association Board Strategic Work Plan 2019-2020
Our Vision and Mission

To advocate for all graduate students to the University of Alberta and the Alberta Government in pursuit of a safe, supportive, respectful, accessible, and inclusive community that fosters the multi-faceted roles played by graduate students.

What is a Graduate Student?
A graduate student is a junior colleague who contributes to their field of study in pursuit of an advanced degree through collaborative work with the professoriate in research, teaching, and the development of University learning environments. These contributions may be accomplished through: extensive coursework and the development of capstone projects, theses, or dissertations (in pursuit of which graduate students are charged tuition and fees); academic employment (for which graduate students are paid); the co-creation and writing of scholarly work; contributing to the securing of academic funding; and participation in the community via presentations, conferences, and community engagement. This multi-faceted role takes place in an environment of mutual respect and fairness aimed at developing skills and knowledge for future careers, and is one that merits appropriate remuneration for labour in service of the enhancement of the institution.

What is the GSA Board’s Strategic Work Plan?
The GSA Board’s Strategic Work Plan is the document that steers and prioritizes the work and initiatives of the GSA. The GSA sees this as a living document, shifting directions as needed as the provincial, federal, and University landscapes change. It is developed annually with reference to the Strategic Work Plans of previous GSA Boards, and provides a planning document for this and future years.
Graduate students elect GSA leaders each February. Here are the 2019-2020 GSA Directly-Elected Officers (from left to right): Vice-President Academic, Dylan Ashley; Vice-President Student Services, Chantal Labonté; President, Fahed Elian; Vice-President External, Marc Waddingham; and Vice-President Labour, Shanawaz Mohammad.

The Graduate Students’ Association

The GSA, as established by the Post-Secondary Learning Act, represents graduate students at the University of Alberta, and provides a wealth of services to its members that enrich the graduate student experience. As a separate corporation, it is both a part of the University of Alberta and apart from the institution. The GSA Board believes that a healthy organization is nurtured through effective relationships with all stakeholders. To sustain the organization’s long-term health and excellent reputation, the GSA fosters a culture of respect and professionalism among staff and graduate student leaders, engages in regular review of governance processes, is committed to transparency and accountability, and ensures an annual transition process that facilitates the on-going education of elected graduate student leaders.
The GSA will:

- Continue to foster a culture of equity, diversity, and inclusion among its members
- Provide guidance to graduate students and aid them in navigating University processes and structures, while advocating for greater transparency around expectations and outcomes for graduate students
- Maintain engagement in discussions about space on campus

The GSA will create opportunities for graduate student awareness of and engagement with the GSA by:

- Ensuring the GSA remains responsive, effective, and efficient by regularly reviewing services and seeking feedback from members
- Evaluating communication methods to broaden engagement with our members
- Offering orientation and information sessions on key issues
- Offering engagement and recognition events
- Connecting with and supporting departmental graduate student groups and networks

The GSA will develop collaborative and positive relationships with:

- The Government of Alberta, including the Minister of Advanced Education, and the City of Edmonton
- Members of senior University administration (such as the President, the Dean of the Faculty of Graduate Studies and Research, the Provost and Vice-President (Academic), the Dean of Students, the Chair of the Board of Governors, and the Chancellor)
- Other campus stakeholder associations (such as the Students' Union, the Association of Academic Staff: University of Alberta, the Postdoctoral Fellows' Association, and the Non-Academic Staff Association)

Did you know?

The GSA has:

- graduate student lounges at Triffo Hall
- rooms available for booking
- several fun events per year
- two large orientations specific to graduate students (we also participate in 45-50 departmental orientations annually)
- a weekly newsletter, website, and social media profiles that highlight events and ways to get involved
All graduate students are entitled to a safe and respectful study and work environment characterized by positive supervisory relationships and free from harassment, discrimination, and bullying.

In its role as a union, the GSA champions, advances, and protects the rights of its members as workers.

Support

The GSA will:

- Work collaboratively with senior University administration and the Government of Alberta on the implementation of Bill 19 and a predictable tuition model tied to the Alberta Consumer Price Index (CPI), as well as a consultative model concerning fee increases
- Actively review and participate in campus wide health and wellness (including mental wellness) initiatives
- Work to optimize the experience of its members during any academic employment appointment and to ensure the rights of graduate student workers are protected
- Continue work to ensure campus-wide compliance with the provisions of the Graduate Student Assistantship Collective Agreement and also advocate more broadly for campus-wide supportive learning and work environments based on respectful and professional relationships
- Continue to provide financial supports to graduate students through the Graduate Student Support Fund
- Continue to support workshops and services that assist graduate students with their academic progress

Did you know?

The GSA offers:

- GSA Emergency Bursaries
- GSA Child Care Grants
- GSA Academic Travel Grants
- GSA Graduate Student Group Grants
- GSA Recognition Awards
- GSA Health and Dental Plan
- Graduate Student Assistance Program
- Collective Agreement Advice

The GSA will:

- Support and collaborate with partners and stakeholders with respect to the establishment of a variety of high-quality professional development and internship opportunities in recognition of the diverse future career paths ahead of graduate students
- Support the services offered by the Campus Food Bank
- Push for the ongoing review and improvement of safety and security on campus
- Support initiatives and programs aimed at environmental stewardship and sustainability
The GSA will:

- Work with campus partners to advocate for, develop, and implement a Charter of Student Rights
- Collaborate with and advocate to the Faculty of Graduate Studies and Research and senior University administrators to make quality graduate student supervision an institutional priority (including creating appropriate supervisory training opportunities, an accountability structure for supervisory evaluation, and establishing a means of safe disclosure and reporting of concerning supervisory behaviour)
- Continue its advocacy work with the Faculty of Graduate Studies and Research and the Office of the Provost on the implementation of guaranteed minimum funding packages for PhD students
- Advocate for increased financial supports for all graduate students, including merit based and non-merit based financial support (as well as greater accessibility to these supports) and the Graduate Student Support Fund
- Campaign for new initiatives and programs (and support existing ones) that specifically support Indigenous graduate students

The GSA will:

- Advocate for sustainable, cost-effective, and well-maintained housing for graduate students, and support and assist graduate students living in residences
- Campaign for enhanced supports and community building opportunities for graduate students who parent, and their families
- Advocate for new initiatives and programs (and support existing ones) that specifically support international graduate students.
- Encourage the development and implementation of initiatives to prevent homelessness
- Advocate for high-quality graduate-level programs and courses and opportunities to provide graduate students with international research and study opportunities

Did you know?

The GSA:

- meets regularly with the Dean of the Faculty of Graduate Studies and Research and the Dean of Students
- is a member of the provincial advocacy group the Alberta Graduate Provincial Advocacy Council
- has seats on the Board of Governors, the General Faculties Council, and their sub-committees
- works individually with students to help them

| Executive Summary (outline the specific item – and remember your audience) | During 2018/19, the university reviewed its policies and procedures related to space management as it pertains to free expression.  
In May 2019, in conjunction with early consultation with General Faculties Council, the university established an Advisory Group on Free Expression, chaired by the Deputy Provost and made up of subject matter experts, members of the GFC Executive Committee, and key administrative portfolios. The group’s mandate is to advise on the development of an institutional policy on free expression.  
In June 2019, the Minister of Advanced Education issued a letter instructing all post-secondary institutions to develop a policy on free expression consistent with the “Chicago Principles” (Report of the Committee on Freedom of Expression). In July, the Minister issued a second letter providing clarification and extending the deadline for public posting of an approved policy to December 15, 2019.  
The Advisory Group has developed a draft set of principles on free expression to inform a new university policy. The draft principles are based on an environmental scan, review of other institutions, and the expertise and perspective of the group. Broad consultation will occur in September and October 2019. |

Principles on Free Expression - preliminary consultation draft

Preamble

The mission of the University of Alberta is to discover, disseminate, and apply knowledge for the benefit of society through teaching and learning, research and creative activity, community involvement, and partnerships.

To achieve our mission and mandate, we must cultivate an environment that fosters and supports the ability of each member of our community to learn, to research, and to discover. Freedom of expression is one of the key elements of such an environment. Learning requires exposure to a variety of views, including those with which one disagrees, and the ability to participate in intellectual debate – including having one’s own views challenged. Research and discovery requires the ability to challenge the conventional, to communicate findings and their implications, and to provide informed commentary in the public sphere. All ideas and opinions presented on our campuses do not need to be endorsed by the University of Alberta. Across all areas of its mandate, the university is committed to rigorous inquiry and the robust expression and discussion of ideas - within our local, provincial, national, and global communities.

Above all, we value intellectual integrity, freedom of inquiry and expression, and the equality and dignity of all persons as the foundation of ethical conduct in research, teaching, learning, and service.

In support of our mission, the University of Alberta remains committed to free expression at our university, including written, oral, aural, visual, and artistic expression, as well as peaceful protest and dissent. The right to academic freedom is addressed separately in the context of the collective agreement with the Association of Academic Staff of the University of Alberta.

Principles

- Free expression may not violate Canadian law or any law in force in Alberta.
- The university is a place of free and open inquiry in all matters, and all members of the university community have the broadest possible latitude to speak, write, listen, view, challenge, profess, and learn.
- Members of the university community have the right to criticize and question other views expressed on our campuses, but may not obstruct or interfere with others’ freedom of expression.
- Debate or deliberation may not be suppressed because the ideas put forward are thought by some, or even most, to be offensive, unwise, immoral, or misguided. It is for individuals, not the institution, to make those judgments for themselves and to act not by seeking to suppress expression, but by openly and vigorously contesting the ideas they oppose.
• The university does not attempt to shield members of the university community from ideas or opinions they disagree with or find offensive.
• The university is deeply committed to cultivating an atmosphere that promotes inclusiveness and respect for human dignity, and work and study environment that is respectful of human dignity, that encourages participation by all members of our diverse community
• The university may reasonably regulate the time, place, or manner of expression to ensure that it does not disrupt the ordinary activities of the institution.
• The university may restrict expression that violates law, falsely defames an individual, constitutes a genuine threat or harassment, or unjustifiably violates privacy or confidentiality interests.
Advisory Group on the Development of an Institutional Statement on Free Expression
Terms of Reference

Objectives and Scope

Based on an environmental scan of other Canadian jurisdictions and US comparators and other key reference documents, advise on whether the university should pursue the development of a stand-alone statement or policy on free expression, and if so, to advise on its content. Any recommendations or documents should:

- Respect the U of A context, including by reflecting consultation with affected stakeholders
- Respect existing U of A statements (including: For the Public Good, collective agreement, and relevant policies)
- Express the university’s principles, values, and approach to balancing competing rights and interests
- Accord with legislative requirements

It is not anticipated that work will include reviewing operational-level mechanisms and processes for managing event approvals or access to university space.

Role of the Advisory Group

- Review environmental scan of other Canadian jurisdictions – notably Ontario – and US comparators and other key reference documents (including the election platform)
- Advise on and review input from consultation process
- Advise on development of preliminary principles and review draft documents
- Advise on drafting of a final draft statement
- As needed, participate in presentation of the statement to stakeholder groups
- If relevant, make recommendations concerning the review of other university policies

Mr. Michael Phair  
Chair, Board of Governors  
University of Alberta  
3-04 South Academic Building (SAB)  
Edmonton AB T6G 2G7

Dear Mr. Phair:

The Government of Alberta is committed to protecting and promoting free speech as a fundamental tenet of the academic experience, as reflected in the University of Chicago Statement on Principles of Free Expression.

Alberta’s post-secondary institutions demonstrate their commitment to free expression through a variety of free speech protections and statements already in place. Whether through statements on academic freedom, codes of conduct, or other policies, institutions underscore the importance of free speech on campus. I would like to thank you for the work you do every day to protect this important aspect of post-secondary learning.

To ensure clarity at all institutions, the government is asking that each institution either formally adopt the Chicago Principles, or develop a policy that consolidates its existing protections and demonstrates each institution’s commitment to free speech. All 26 publicly funded post-secondary institutions are required to adopt the Chicago Principles or to develop a stand-alone policy. It is expected either option will be in place and publicly available by October 15, 2019.

The stand-alone policy should align with the substance of the Chicago Principles, while also respecting the unique context at each institution. To achieve this, your policy should, at a minimum, reflect that:

- Institutions are places of open discussion and inquiry, committed to protecting and promoting free expression.
Mr. Michael Phair
Page 2

- Community members have the right to criticize and question other views expressed on campus, but cannot obstruct or interfere with others’ freedom of speech.
- Institutions should not attempt to shield students from ideas or opinions they disagree with or find offensive. Mutual respect and civility are valued, but do not constitute sufficient justification to limit free speech.
- Free speech may be limited if it violates the law.
- Free speech may be limited if it is incompatible with the functioning of the institution.

Please provide Mr. Peter Leclaire, Assistant Deputy Minister, Advanced Learning and Community Partnerships Division, with either the commitment to formally adopt the Chicago Principles or a copy of your institution’s intended policy for confirmation of its alignment to the above-stated requirements, by email at peter.leclaire@gov.ab.ca. Policy drafts should be submitted to Mr. Leclaire no later than September 23, 2019. The department will notify you once your approach has been approved so you can post your free speech policy or statement of adoption of the Chicago Principles on your website by the October 15, 2019 deadline.

Thank you for your contribution to this important work. I look forward to working with you to continue to ensure free speech is supported in Alberta’s post-secondary system.

Sincerely,

Demetrios Nicolaides
Minister of Advanced Education

Mr. Michael Phair
Chair, Board of Governors
University of Alberta
3-04 South Academic Building (SAB)
Edmonton AB T6G 2G7

Dear Mr. Phair:

I would like to express my sincere appreciation for the frank and open discussion around free speech policies that took place at our recent meeting in Calgary. Conversations like this one are laying the foundation of a fruitful relationship as we work together to renew Alberta's post-secondary system.

At our recent meeting, there were a few concerns regarding the short timeline for implementation. I am more than happy to change the deadline to give all our institutions the time they need.

With that in mind, I am moving the submission deadline to November 15, 2019 and the posting deadline to December 15, 2019.

I would also like to clarify what our government is looking for. We are asking our institutions to demonstrate their commitment to the principles of the Chicago Statement on Free Speech. This can be done in a number of different ways, including:

1. The Board of Governors passing a resolution formally adopting the Chicago Statement.
2. The Board of Governors passing a resolution adopting the eight key principles of the Chicago Statement as outlined below:
   a. Free speech may not violate Canadian law.
   b. Institutions are places of free and open inquiry in all matters, and all members of each institution's community are guaranteed the broadest possible latitude to speak, write, listen, challenge, and learn.

.../2
c. Community members have the right to criticize and question other views expressed on campus, but cannot obstruct or interfere with others' freedom of speech.

d. Institutions should not attempt to shield students from ideas or opinions they disagree with or find offensive. Mutual respect and civility are valued, but do not constitute sufficient justification to limit free speech.

e. The institution may reasonably regulate the time, place, and manner of expression to ensure that it does not disrupt the ordinary activities of the institution.

f. The institution may restrict expression that violates the law, falsely defames an individual, or constitutes a genuine threat or harassment that unjustifiably invades substantial privacy or confidentiality of interests.

g. Debate or deliberation may not be suppressed because the ideas put forward are thought by some, or even most, to be offensive, unwise, immoral, or wrong-headed.

h. It is for individuals, not the institution, to make those judgments for themselves and to act not by seeking to suppress speech, but by openly and vigorously contesting the ideas they oppose.

3. The Board of Governors adopting its own policy that conforms with the key elements of the Chicago Statement as described above.

I have every confidence that, as stewards of your institutions accountable to the Minister, your board will take appropriate action to fulfil these requirements. If your institution elects to write its own policy, it will be vetted by the department to ensure compliance with the spirit of the Chicago principles. It is your responsibility to ensure that whatever action is taken by your board demonstrates clear commitment to the key principles of free speech as found within the Chicago Statement.

Sincerely,

Demetrios Nicolaides
Minister of Advanced Education

**The Purpose of the Proposal is** *(please be specific)*

To build awareness regarding the faculty and staff engagement survey that will be conducted between October 7 and 21, as well as provide background information.

**Executive Summary** *(outline the specific item – and remember your audience)*

The University of Alberta has identified faculty and staff engagement as a key driver for achieving many of the goals and objectives of *For the Public Good*, and further identified an engagement survey as a performance indicator for evaluating and reporting on that indicator.

An engagement survey will be administered to faculty and staff between October 7 and 21, as one component of a broader strategy.

An engagement survey serves three purposes:

1. To provide evidence that informs the development of strategies.
2. To evaluate the effectiveness of the engagement strategies.
3. To establish a baseline of engagement that may enable benchmarking, as well as establishing improvement targets.

In preparation for this university-wide survey, Human Resource Services conducted a pilot survey in collaboration with the Faculty of Education. Wayne Patterson and Dr. Jennifer Tupper, Dean, Faculty of Education, supported by a steering committee and working group, led the pilot project. The pilot was quite successful, with strong participation in both units (91% and 76%, respectively), which is the factor with the biggest impact on data quality. A key contributor to these participation levels was confidentiality and anonymity.

Talent Map Inc. has been chosen after a rigorous search as the external vendor to deliver the confidential and anonymous survey. They are providing guidance and assistance with the deployment, analysis, and interpretation of the engagement survey.

The survey will include all continuing and temporary academic staff, support staff, excluded staff and postdoctoral fellows who are active on October 1st, 2019 and have equal to or greater than three (3) months of service. The scope does not include employed graduate students, undergraduate students or casual support staff.

The scope of this initiative is to measure engagement and identify key drivers but not to measure job satisfaction, culture, climate or specific aspects of culture and climate. These words are often used interchangeably, however they are different in focus and purpose.
Engagement provides a sense of mutual caring and commitment that results in behaviour change, while satisfaction leads to increased contentment at work but does not result in greater emotional, intellectual commitment and behaviour change.

Measuring employee engagement will be new to many of our faculty and staff; therefore, creating readiness is critical and will require a commitment of time and effort. Intensive communication will occur over the month of September. We ask that all levels of leadership fully engage in encouraging high participation, in understanding and disseminating the results, and the subsequent action planning needed to increase engagement.

Results: institution-level aggregated survey results will be provided in a comprehensive Executive Report accompanied by an onsite presentation by the Talent Map subject matter expert. Aggregated reports specific to their units will also be provided to deans, vice-presidents, and associate vice-presidents, subject to meeting the confidentiality/anonymity threshold of > 7 responses. A comprehensive institution-wide communication strategy will be developed to support dissemination of results to the university community.

Action Planning: without focused action to address the results, employee engagement can actually decrease subsequent to the survey. The findings will be assessed at the institutional level to develop institution-wide initiatives. Faculties/departments and central units are also expected to use their survey outcomes as the impetus to continue, enhance or initiate strategies to improve/sustain faculty and staff engagement within their portfolios. Each will be asked for an action plan, while HRS will provide tools and coaching to support.

**Timeline:**
- Survey announcement: Sept 9
- Committee briefings: Sep 4 - 24
- Pre-survey webinar for managers/supervisors: Sept 11 - 24
- Pre and mid-survey communication (all employees): Sept 9 - Oct 20

Question from GFC Elected Faculty Member Dilini Vethanayagam on the process for facilitation of clinical research

Motion that the GFC reviews through either a working group (+/- APRC) the current process for facilitation of clinical research (including research through clinical networks). This is needed to increase capacity for U of A faculty as PIs, as well as participation of U of A students in clinical research more effectively, and facilitate student-led (undergraduate) research projects by U of A students.

The reasons for the above motion and consideration of a working group are many, and listed below. Many clinical research projects are not accepted, as these projects (funded and unfunded) cannot be effectively and efficiently instituted at the University of Alberta. A few reasons for this are below:

1. EMR Privacy Policy - the U of A privacy office does NOT have a consistent privacy policy with regards to use of electronic medical records (EMRs), and needs to develop this specific to the Epic-based system.

2. EMR Access with U of A Hires - a smoother process for both student RAs and other RAs hired for short-term projects is needed. RAs have challenges with this process (and their PIs), specifically due to them being hired through the U of A. If grants signed by the RSO have limited funded dollars, it is imperative that there is improved capacity for U of A HR to have the correct structure in place to get RAs EMR access in a timely and efficient manner (for research timelines / goals).

3. Criminal Checks - there is currently no section within the U of A HR to review criminal checks to facilitate consistent policies with AHS and this needs to be incorporated.

4. Signature process (for LOIs as well as full grants) - some clinical granting agencies have NOT required a 4 level signature, however policies in place at the U of A still require this. As noted by the FOMD Associate Dean of clinical research, "A greater emphasis on facilitation and improved grant submissions, rather than signatures / process would be welcome."

5. Casual Hire Hours - the reduction in June 2016 for casual hires specifically for short-term clinical research from 21 hours per week to 13 hours per week has hampered the ability to bring on board U of A students and new graduate of the U of A as "student RAs". As such, the student union and the URI office be included in the working group. The current SU VP Academic has already brought this up last year.
Dear Dilini,

University Administration has provided the information below in response to the concerns raised about clinical research at the University.

The information below is intended to be helpful to understand the issues you’ve raised and how the University (as opposed to AHS, for example) can impact them. Administration has also provided suggested contacts for each issue to assist with any follow-up questions you may have.

1. EMR Privacy Policy: We have consulted with the Information Privacy Office on this question. Their understanding is that EMR is an electronic system used to create and/or manage health/patient related records; however, the system is not the record, rather, the records are contained in the system and generated from the system. The issue of custody and control of the records within an EMR is what determines who can grant access to those records under either the Health Information Act or the Freedom of Information and Protection of Privacy Act.

The University does have UAPPOL policies and procedures which address access to information under our custody and control, including in the research context.

- Access to Information and Protection of Privacy Procedure

In addition, FoMD has its own HIA-related policies and procedures accessible to any faculty members via the Faculty’s intranet. We recommend that you contact Steve Hughes, Health Information Privacy Officer in FoMD, for more information about the policies in the Faculty.

2. EMR Access with U of A Hires
The system is owned and governed by AHS. AHS has specific training and sign off requirements that need to be fulfilled prior to them granting any employees (UofA or AHS) access to the system. When an employee starts, the Principal Investigator is to advise the D.A. (Division Administrator) for their corresponding division within FoMD. The D.A. will then fill out a form requesting access, which will trigger the scheduling of training according to availability on
both sides (training dates and employee availability). AHS will not provide EMR access prior to the training/sign off. Being that this is not a University-owned system or training, this may be contributing to the perception of a slow and inefficient process. It is critical that the D.A. be notified of new hires in a timely matter in order not to delay the process. Lilly Siik, HR Manager/Partner, FoMD would be best positioned to answer specific questions.

3. Criminal Checks
There is no consistent policy for criminal record checks at the University. However, it has been discussed at various levels and a number of departments have their own internal processes. To date, FoMD has not adopted a standard process, but it has been discussed several times in the past. Human Resource Services has offered to work with the Faculty to provide guidance on conducting record checks and how to manage that. In order to provide help, HRS would need to better understand the specific needs of the department, why checking is required, and for whom. If you wish to discuss further, please contact Wayne Patterson, Vice-Provost and Associate Vice-President (Human Resources).

4. Signature Process
We only require signatures on LOIs under certain circumstances (see here for details: https://www.ualberta.ca/research/services/proposal-submission/approval-signature-requirements/signatures-and-letters-of-intent). This issue was considered a couple of years ago when the UAPPOL "Research Administration Roles and Responsibilities Procedure" was reviewed, and a reduction in the number of required signatures was proposed, but Faculties were not supportive of a change. In recognition of this, considerable time and effort over the past 18 months has been spent looking at improving ways to gather these signatures that the Departments and Faculties have told us they require. The Vice-President (Research) Office, the Grant Assist Program (GAP) and the Research Services Office are always open to hearing suggestions around how they might be able to help support grant submissions. Julie Stephens, Assistant Director in RSO, is available for further discussion of this issue with you.

5. Casual Hire Hours
While there are no restrictions on the number of hours that a casual employee can work, hours worked in a position are considered through the application of the different employee types defined within the NASA collective agreement. The collective agreement is not restrictive regarding the maximum number of hours for casual/students provided the roles are temporary in nature, but having full-time employees will escalate the time before they move to other levels (i.e. auxiliary/regular). Where positions are anticipated to continue for longer than 1 year at 0.4FTE (14 hours or above for a 35hr/week employee), the position is required to be evaluated through the Human Resource Services Job Evaluation process and posted on the University Careers site.

OTHER COMMITTEES TO WHICH GFC ELECTS

2019 ADVISORY SEARCH COMMITTEE FOR PRESIDENT

The composition of this Advisory Search Committee for the President includes three faculty members from Categories A1.1, A1.6, or their counterparts in A1.5 and A1.7 (that is, only faculty members employed at the University under the terms and conditions of the Faculty Agreement are eligible), who do not hold administrative positions as defined in Section 2 of the UAPPOL Presidential Search and Review Procedures (Appendix A): Committees for President Position Definitions and Eligibility, elected by the faculty and the appointed academic staff representatives on GFC.

MAY 2019 - The following individuals have been declared elected to serve:

- J. Nelson Amaral (Faculty of Science)
- Natasha Hurley (Faculty of Arts)
- Jonathan White (Faculty of Medicine and Dentistry)
The Board of Governors held a special meeting on May 27, 2019 dedicated to the annual financial statements. At the meeting, as recommended by the Board Audit Committee, the Board approved the Audited Financial Statements for the year ended March 31, 2019.

I am pleased to report on the following highlights of the Board of Governors’ Open Session meeting held on June 14, 2019:

REPORT OF THE PRESIDENT
The President provided a written report on his activities since May 10, 2019, including updates on the five strategic goals of For the Public Good: build; experience; excel; engage; and sustain. In addition to his written report, Dr Turpin provided verbal remarks on: continued advocacy for the Council of Post-secondary Presidents of Alberta (COPPOA) principles of increased capacity, affordability, and support for research and innovation; the forthcoming federal election and advocacy work with Universities Canada and the U15 (a collective of Canada's research-intensive universities); and his recent meeting with the Minister of Advanced Education, Demetrios Nicolaides. At Dr Turpin’s request, Vice-President (Finance and Administration) Gitta Kulczycki provided a brief update on the recent Canadian Association of University Business Officers (CAUBO) conference, at which Chad Schulz, Director of Integrated Finance Services, was awarded the Emerging Leader Award. Finally, Dr Turpin acknowledged Interim Vice-President (Advancement) Kelly Spencer and her team for surpassing their fundraising goal for the year, and at his request, Ms Spencer provided comments on the strength of the donor community and continued plans for communicating to donors the difference their gifts can make.

DISCUSSION ITEMS
The Board discussed the Board Investment Committee Annual Report with David Lawson, Chair of the Board Investment Committee. Board members received an overview of the endowment’s performance over the past year in light of the shift to a more conservative investment strategy and discussed responsible investing and the restricted nature of endowed funds.

BOARD OF GOVERNORS’ MOTION SUMMARY
On the recommendation of the Finance and Property Committee and the General Faculties Council Academic Planning Committee, the Board of Governors approved:

- proposed revisions to the Space Management Policy;
- a new program fee-based model for tuition for international students, to take effect for the Fall 2020 intake of new international students; and
- tuition fees to take effect for the Fall 2020 intake of new international students.

On the recommendation of the Learning and Discovery Committee and General Faculties Council, the Board of Governors approved:

- the termination of the Bachelor of Physical Education specializations in (1) Cultural and Managerial Study of Sport and Leisure and (2) Activity and Nutrition; and
- the proposed University of Alberta International Strategic Plan, as proposed by the Provost and Vice-President (Academic).

On the recommendation of the Reputation and Public Affairs Committee (University Relations Committee), the Board of Governors approved and adopted the University of Alberta 2018-19 Annual Report.

On the recommendation of the Finance and Property Committee, the Learning and Discovery Committee, and General Faculties Council, and whereas the University of Alberta 2019-2020 Consolidated Budget was previously
approved by the Board of Governors on March 15, 2019, the Board of Governors approved the University of Alberta Comprehensive Institutional Plan (2019 – 2022) (CIP).

On the recommendation of the Finance and Property Committee, and whereas the Board of Governors approved the Principles for Board of Governors Delegation of Authority on June 15, 2018, the Board of Governors delegated:

- approval of increases to residence rental rates equal or less than five percent (5%) to the Board Finance and Property Committee; and
- approval of increases to meal plan rates equal or less than the most recently reported Alberta Consumer Price Index plus one percent (1%) to the Board Finance and Property Committee.

On the recommendation of the Finance and Property Committee and General Faculties Council, the Board of Governors approved the Integrated Asset Management Strategy, as proposed by the Office of the Vice-President (Facilities and Operations), as the basis for future infrastructure decisions across all campuses.

On the recommendation of the Board Human Resources and Compensation Committee and General Faculties Council, the Board of Governors approved the Workplace Impairment Policy, the Workplace Impairment Disclosure and Reporting Procedure, the Managing Impairment in Safety-Sensitive Positions Procedure, and the Drug Testing Procedure, to take effect September 1, 2019.

On the recommendation of its standing committees, the Board of Governors approved:

- the proposed Terms of Reference for the following standing committees of the Board of Governors:
  - Audit and Risk Committee
  - Finance and Property Committee
  - Governance Committee
  - Human Resources and Compensation Committee
  - Investment Committee
  - Learning, Research, and Student Experience Committee, and
  - Reputation and Public Affairs Committee
to take effect July 1, 2019; and

**Legislative Compliance and jurisdiction**

1. *Post-Secondary Learning Act (PSLA):* GFC has responsibility, subject to the authority of the Board of Governors, over academic affairs. (Section 26(1)) GFC has thus established policies governing University Museums Collections, as set out in University of Alberta Policies and Procedures On-Line (UAPPOL).

2. **GFC Policy:** The University of Alberta Museums Annual Report is one of several reports from non-GFC committees/entities requested to provide an annual report to GFC.

3. **GFC Terms of Reference (GFC Procedures (GFC Agendas) (Reports)):** “Reports not requiring action by GFC will be discussed by the Executive Committee (with committee chairs in attendance) and placed on the GFC agenda for information. If a GFC member has a question about a report, or feels that the report should be discussed by GFC, the GFC member should notify the Secretary to GFC, in writing, two business days or more before GFC meets so that the committee chair can be invited to attend. Such reports will be discussed as the last of the standing items.” (Section 4.a.)

Annual reports are made available to GFC online (GFC, February 24, 2003, Minute 14).

The University of Alberta Museums Policy and Planning Committee is a committee of the Provost and Vice-President (Academic), reporting to the Vice-Provost (Learning Services), to advise University administration and governance bodies, as appropriate or required, on matters relating to the University of Alberta Museums and Collections (UA Museums and Collections).

The Museums and Collections Policy in UAPPOL governs the UA Museums collections under which there are 29 registered museum collections from eleven departments in five faculties. Each UA Museums collection is administered by a designated academic curator who is a full-time faculty member. University of Alberta Museums and Collections/Museums and Collections Services is the central academic unit that is the Office of Administrative Responsibility for the UAPPOL Museums and Collections Policy.

The University of Alberta Museums Policy and Planning Committee met on November 22, 2017 and November 20, 2018.

The following issues and items of business were brought forward at the Policy and Planning Committee Meetings during the reporting period.

**RETURN OF CULTURAL PROPERTY**

The request to return and rebury the remains of three individuals held at the University of Alberta (which was initially received by Member of the Legislative Assembly from Medicine Hat the Right Honourable Robert Wanner) was discussed as was progress to date. This includes:

- Completion of a research report that determined the University of Alberta has the remains of only three individuals in its holdings.
- Development of a draft implementation plan (identifying stakeholders and roles) and a budget.
- Receipt of a $10,000 grant from the Government of Alberta for community consultations.
- Meeting with the City of Medicine Hat which is currently confirming its role in the process.

**BENCHMARK SURVEY**

The Benchmark Survey methodology and purpose was reviewed as were preliminary results from the first year of data collection. The survey’s intent is to collect data on registered UA Museums and Collections over the next five years to inform programs, services, and policy compliance. Anticipated completion of data collection for year one is January 2019. Preliminary results include:

- Resources both human and financial, as well as facilities, continue to be a critical need for museum collections to be adequately researched, documented, and available for teaching and research.
- Student use (undergraduate and graduate) through student enrollment in courses indicates the essential role that museum collections have to the academic mission. In some instances, students are on waiting lists for courses due to lack of facilities and resources.
- Chairs/Deans of units that house museum collections for their academic programs have requested “Job Descriptions” outlining responsibilities for themselves relative to the University’s overarching responsibilities, and for academic curators as per the UAPPOL Museums and Collections Policy.
FRIENDS OF THE UALBERTA MUSEUMS
CASINO FUNDING EXPENDITURES

The Committee reviewed a methodology for distributing funds raised by the Friends through casinos, to be compliant with both UAlberta Financial Services and Alberta Gaming and Liquor Commission (AGLC) procedures.

TERMS OF REFERENCE POLICY
AND PLANNING COMMITTEE

The Committee Terms of Reference were revised to better reflect that this Committee advises on University policy relative to the UA Museums and Collections.

TERMS OF REFERENCE FOR THE RETURN OF CULTURAL PROPERTY AD HOC COMMITTEE

The Terms of Reference were revised, based in part on discussions with the Committee to ensure committee composition is developed in relation to the type of material and diversity requested.

RECOGNITION PROGRAM

UA Museums and Collections implements an annual program of awards to recognize academic curators, museums and collections staff, and volunteers. The Committee reviewed suggested changes to the award program’s wording in response to questions received from potential applicants over the past two years requesting further clarity.
Introduction

The 2017/2018 Annual Report of the UA Museums and Collections reflects the strategies, activities, and progress towards achieving the goals of the UA Museums and Collections Strategic Plan 2017–2021 Contributing to the Public Good.
GOAL 1

Excel

University of Alberta Museums and Collections excel at contributing to a University of Alberta sustainable culture that fosters and champions distinction in teaching, learning, research and service.

**Strategy – Academic Alignment:** Align UA Museums and Collections with established and emerging areas of signature research and teaching to ensure museum programs are prioritized to meet University of Alberta needs.

**Progress**
- Conducted a preliminary review of signature research areas posted on the University of Alberta website for connections to the UA Museums collections.

**Strategy – Training to Excel:** Proactively train Curators, professors, staff and students to excel at integrating UA Museums collections into teaching, learning and research activities.

**Progress**
- A survey was sent to all museum collection curators and collection staff in December 2017 asking them to identify which areas of training they would like to receive from UA Museums and Collections. The areas of high interest included: Managing Loans (Incoming and Outgoing), Storage, Data Entry, Media Relations and Communications. Results from this survey will help to determine our future training calendar for 2018/2019.
- In June 2018, UA Museums and Collections presented an “Intro to the University of Alberta Museums” to eight summer students from six different museum collections (Meteorite Collection, Invertebrate Paleontology Collection, Laboratory for Vertebrate Paleontology, Ukrainian Folklore Archives, University of Alberta Art Collection and Bryan/Gruhn Ethnographic Collection). In a follow up survey, all respondents reported saying the information they learned will help them with their work in museum collections over the summer.

**Strategy – Facilities Review:** Plan and advocate for multi-purpose museum accessible facilities that support strategic research and teaching areas across disciplines and programs.

**Progress**
- Review of facilities has been deferred until the collection of information from the Benchmark Survey is complete in 2018/2019.

However, UA Museums and Collections continue to have facility issues. For example:
- Water issues continue to impact Laboratory of Vertebrate Paleontology storage spaces, including a burst water pipe.
- One of the HVAC systems for the Mactaggart Art Collection continued to have problems which resulted in very low humidity levels for a short period of time.
- Continued water leaks in the ceiling of the Vascular Plant Herbarium could lead to permanent specimen damage.
- Two break-ins in the Earth and Atmospheric Sciences collections resulted in theft and damage to museum objects as well as damage to University of Alberta property.

---

1. High interest is defined in this survey as 35 per cent or more (6 out of 16) identified a topic as “high interest” (as opposed to “low interest” or “N/A”).
2. Results from a survey sent to students after the session. Seventy-five per cent of students who attended the session replied to the survey.
Strategy – Innovate Online Catalogue Access:
Innovate online catalogue access to advance priority research and teaching areas (e.g., Biodiversity Interfaces).

Progress

• Natural sciences beta search site was integrated with Sitecore 3. Preliminary comments and feedback have come in from curators and the community user-group members.
• Based on evaluations of the natural sciences beta search site and the need for a humanities search site, a project plan and charter documents were developed for the implementation for a revised vision of a single point of access search site for all UA Museums collections.
• Research report assessing the museum collection management system (MIMSY XG) user privilege access has been completed. This will ensure user access and privileges are appropriate to match employee needs and skill level within museum collections on campus. This assessment will contribute to the integrity of data and ease of use for MIMSY XG users.
• First draft of image capture standards document completed to ensure consistent processes and best practices are being followed for museum collection photography projects and the eventual upload of those photos in the museum collection management system (MIMSY XG).
Strategy – Respectful Acquisitions/Returns:
UA Museum collections are respectfully acquired, managed and returned (if appropriate) within our diverse cultural and scientific obligations, relationships and priorities with our communities.

Progress
• Review of internal procedures and forms regarding museum collection donations has been completed.
• Negotiations with stakeholders continue regarding the Medicine Hat Reburial.
  › A research report completed in December 2017 confirms that the UA Museums collections holds the remains of only three individuals and not the ten that was originally thought. The research report has been shared with the City of Medicine Hat.
  › The UA Museums and Collections received a $10,000 grant from the Government of Alberta – Indigenous Relations Office in support of the UA Museums and Collections initiative to respectfully rebury the remains of three individuals from the Medicine Hat area. It will be used to facilitate the community consultation process to ensure the reburial reflects the wishes and protocols of the community members.
• UA Museums and Collections respectfully acquired over 400 museum objects over the last year as recorded in the UA Museums and Collections annual insurance report to Risk Management Services.
  › Anne Lambert Clothing and Textile Collection – 116 museum objects (including clothing and accessories, handbags, eyewear, and more)
  › Bryan / Gruhn Archaeology Collection – 87 museum objects (including lithic tools, cores, and debitage)
  › Meteorite Collection – 108 meteorite specimens
  › University of Alberta Art Collection – 133 museum objects (including prints, Chinese rank badges, sculptures, and more). UA Museums and Collections staff also completed the backlog of recent acquisitions to the University of Alberta Art Collection dating back to 2014.
University of Alberta Museums and Collections are integral to the learning experience at all stages of life through the development of inspiring opportunities that nurture talents, expand knowledge and skills, and enable individual success.

**Strategy - Volunteer Program:** UA Museums and Collections Volunteer Program is an integral part of the University of Alberta learning and development experience and the priorities of the UA Museums and Collections.

**Progress**
Volunteer Pilot Program Phase 2 completed by July 2018.

- It was determined that a centrally coordinated UA Museums and Collections Volunteer Program was not feasible at this time, as most museum collections do not have the capacity to take on volunteers, or to expand existing programs.
- Volunteers are viewed as important and valued but curators cited lack of space and time to supervise volunteers as the primary barriers.
- Student and community volunteers will continue to be engaged by those museum collections that have a capacity for volunteers working in their collections.
- UA Museums and Collections will provide a range of tools to curators, developed during the pilot, such as job descriptions, handbooks, recruitment procedures and guidelines.
- UA Museums and Collections will continue to provide selected training to volunteers (e.g., data entry, care and handling) and provide recognition events and activities.

**FAST FACT**
Volunteers in UA Museums and Collections have contributed well over 1,500 volunteer hours in 2017/2018.
Strategy – Student Internship Program: UA Museums and Collections Student Internship Program is a meaningful, paid program and aspirational learning experience that is accessible to all students and is sustained as a dynamic complement to the UA Museums and Collections strategic priorities.

Progress
- One student intern was hired in each summer of 2017 and 2018 as part of the annual Friends of the UA Museums Internship in Museum Innovation, which was established in 2009.
- Jean Middleton (2017) was subsequently accepted into Master of Letters in Museum Studies at the University of Aberdeen. Martin Bierens (2018) is completing his Anthropology undergraduate degree at UAlberta.
- A review of existing University of Alberta student work experience programs, and museum-related programs at external institutions was conducted to determine potential models for expanding student learning options at the UA Museums and Collections.
- UA Museums and Collections will assess the models and costs to determine next steps such as funding sources, implementation plans, etc.

Strategy – Use of UA Museums collections and exposure to UA Museums and Collections practices is an integral component to student learning at the University of Alberta.

Progress
- Data on the progress of this strategy is currently being collected as part of the Benchmark Survey and will be available in the 2018/2019 annual report.
GOAL 3

Engage

University of Alberta Museums and Collections are fully accessible and engage individuals and communities by creating reciprocal, mutually beneficial learning experiences, research projects and collaborations.

### Strategy – Focused Communications Tools:

UA Museums and Collections communication tools (e.g., website; social media; print media; presentations) are focused and built to effectively engage our priority communities.

### Progress

The UA Museums and Collections worked to meet the deadline set by the University of Alberta of March 31, 2018 for the migration of the Museums website from Sitecore 2 to Sitecore 3. The UA Museums and Collections website was migrated ahead of schedule on March 9, 2018.

- The complete review, revision, content update and refresh, and content migration of the UA Museums and Collections website included webpages of the 29 collections in the UA Museums network in addition to approximately 100 other webpages.
- The complete project will take place over three phases: Phase One – migrate content over (completed March 9, 2018), Phase Two – refine and edit content (to be completed December 31, 2018), and Phase Three – build and grow new content (ongoing into 2019).
- Feedback continues to be collected over the website migration by both email and an open Google Form.
- Revisions to the social media plan have been researched.

### Strategy – Public Programs:

Facilitate and promote public research and aspirational information experiences through innovative and meaningful access to UA Museums and Collections on and off campus.

### Progress

- The UA Museums and Collections received support from the University of Alberta to participate in the opening years of the Royal Alberta Museum (RAM) and negotiations with the RAM continue.
- UA Museums and Collections met with the Edmonton International Airport regarding an exhibition plan and confirmation is pending.

### FAST FACT

The UA Museums and Collections social media pages (Facebook and Twitter) received 461,288 impressions (views) in this reporting period. This is down four per cent over last year, which can most likely be attributed to the Sitecore migration project.

3. Industry average comes from the 2018 Social Media Industry Benchmark Report from Rival IQ.
Strategy – Public Art Program: UA Museums and Collections Public Art Program is an inspiring learning program offered across all campuses for the public good.

Progress
- A draft of the Public Art Program plan and procedure is complete.
- UA Museums and Collections staff completed an inventory of over 1,500 works of art in the University of Alberta Art Collection. The inventory identified over 500 works of art that are suitable for the public art placement program. This will help us in developing a new annual cycle for requests for public art and loans.

Strategy – Relationship Building & Recognition:
Build strategic, meaningful, reciprocal relationships and collaborations with our UA Museums and Collections communities.

Progress
- An orientation to new and existing board members of the Friends of the University of Alberta Museums was delivered.
- UA Museums and Collections recognition program event reviewed and implemented.
  - One curator and two volunteers were honoured at the annual UA Museums Celebration in May 2018.
  - **Curator:** Jim Corrigan (posthumous), University of Alberta Art Collection
  - **Volunteer:** Kendra Jungkind, Bryan/Gruhn Archaeology Collection, Zooarchaeology Reference Collection
  - **Volunteer:** Nicolas Beausoleil, Invertebrate Paleontology Collection, Mineralogy and Petrology Collection
- The UA Museums Hall of Fame was relocated from Enterprise Square to Ring House 1 in December 2017.

The following information is a sample of responses to the Benchmark Survey from 16 of the 29 registered UA Museums collections. The respondents are designated curators from both natural science and humanities collections, who were asked to report on the fiscal year 2017/18. A second set of survey questions is directed at chairs, deans, or directors who are responsible for museum collections but whose responses are not reflected here.

**New Acquisitions (16 responses)**

- 75% of the collections reported that they acquired new museum objects and specimens
- 59% of the acquisitions (2,489 objects and specimens) were acquired through donation
- 39% of the acquisitions (1,661 objects and specimens) were acquired through field research

**Outgoing Loans of UA Museums Objects and Specimens (11 responses)**

- 55% of respondents loaned museum objects and specimens
- Of those, 83% of the loans were for research
- 59% of the research loans were to other post-secondary institutions

**Public Visitors to UA Museums Collections (aggregated of 10 responses)**

- Museum collections reported a total number of 5,558 visitors to collections for the purpose of group tours, school group tours, and individual visits
- These numbers do not reflect foot traffic to exhibition or display spaces as spaces are not staffed and visitor numbers not recorded

**Courses Taught that Utilize UA Museums Collections (13 responses)**

- 53 undergraduate and graduate courses with a total of 2,949 students enrolled
- Courses were offered in four faculties and eight departments
University of Alberta Museums and Collections people and their work are sustained and enhanced by attracting and stewarding the resources we need to deliver excellence to the benefit of all.

**Strategy – Best Practice/Policy Compliance:** Implement continuous improvement in UA Museums and Collections practice and adherence to UA Museums and Collections policies campus-wide through training, communication, collaboration and best practice.

**Progress**
- A review of internal policies and procedures regarding museum transfers and loans has been completed.
  - UA Museums and Collections in combination with the University of Alberta general counsel reviewed Museums and Collections policies and forms as they are associated to UAPPOL policy. These forms were reviewed in order to align them with current University of Alberta and industry best practices.
- UA Museums and Collections developed an annual Benchmark Survey, an online tool that participants can fill out annually, to collect data on UA Museums and Collections Policy compliance, best practice, and collection-related activities. Data collection for year one is underway and about 50 per cent of participants have completed surveys. Selected preliminary data results are included in this annual report.
- An Emergency Management Plan draft has been completed.
- Funding needs program assessed and a new model was approved and implemented before it was presented to the Friends of the UAlberta Museums as the most suitable way to distribute casino funds.

**Strategy – External Resource Building:** Secure and steward financial and other resources to support the UA Museums and Collections goals and strategies.

**Progress**
- Grant applications and fundraising sources have been researched – strategy pending.
- Four UA Museums collections (Laboratory for Vertebrate Paleontology, Vascular Plant Herbarium, Paleobotanical Collection, University of Alberta Art Collection) were successful in receiving five Young Canada Works federal summer student grants.
- The Friends of the UAlberta Museums donated $85,433.94 to the UA Museums and Collections for the summer internship program and projects in the registered museum collections.

UNIVERSITY OF ALBERTA MUSEUMS POLICY AND PLANNING COMMITTEE
TERMS OF REFERENCE

1. PURPOSE

   a) A committee of the Provost and Vice-President (Academic), reporting to the Vice-Provost (Learning Services), to advise University administration and governance bodies, as appropriate or required, on matters relating to the University of Alberta Museums.

   b) To support the vision, values and objectives of the University of Alberta Museums.

2. TERMS OF REFERENCE

   a) To advise and make recommendations to the appropriate Vice-President(s) and other bodies, on any matters affecting teaching and research collections, including the acquisition/disposition, registration, cataloguing, preservation and exhibition of the University of Alberta Museums collections in order to ensure compliance with appropriate provincial, national and international standards of practice and legislation.

   b) To assess and recommend strategic and business plans related to the University of Alberta Museums.

   c) In conjunction with Museums and Collections Services, to be an advocate for the University of Alberta Museums.

   d) To assess and recommend funding strategies required to support the University of Alberta Museums.

   e) To study and recommend on the physical facilities provided and needed for the University's teaching and research collections.

   f) To review and recommend on policies related to the University of Alberta Museums.

   g) To support the Executive Director, Museums and Collections Services/University of Alberta Museums with compliance issues related to the policies governing the University of Alberta Museums.

   h) To receive, publicize and communicate annual reports from the Executive Director, Museums and Collections Services.

   i) To submit to the General Faculties Council, and other committees/bodies as appropriate, an annual report dealing with the discharge of its responsibilities.

3. COMPOSITION

   Ex Officio Voting Members

   Vice-Provost (Learning Services) and Chief Librarian
Executive Director, Museums and Collections Services

Chair, University of Alberta Museums Curators Committee

Elected Voting Members

Four members who are designated academic curators under the University of Alberta Museums and Collections Policy (2008) elected by the University of Alberta Museums Curators Committee. There shall be no more than one representative from any one registered collection, and no more than two from any one traditional discipline within a department.

Two members from either Continuing Academic Staff or Continuing Non-Academic Staff, elected by the General Faculties Council, who are not designated academic curators of registered University of Alberta Museums Collections.

One graduate student nominated by the Graduate Students’ Association.

Appointed Voting Members

One undergraduate student

4. QUORUM

The quorum for the Committee shall be one-half the voting members (where there is an even number of voting members) or one-half plus one member (where there is an odd number of voting members).

Vacancies (but not absences) on the Committee are excluded when counting the voting members in order to establish the quorum, and the Committee Chair is counted as a voting member.

If a quorum cannot be obtained, the Chair should call the meeting to order and announce the absence of quorum.

In the event of an absence of quorum, the remaining members may choose:
   a) to adjourn the meeting; or
   b) to continue the meeting, in which case the minutes shall record that it was acting on business without a quorum being present; ratification will then be considered at the next meeting.

5. VOTING PROCEDURE

a) It is standard practice for Committee decision-making and voting to take place in person during a meeting. However, from time to time it may be necessary to facilitate decision-making and voting by electronic means (e.g., electronic mail, voice mail, telecommunications).
b) Minutes of meetings will be recorded by a Museums and Collections Services staff member.

6. CONDITIONS OF MEMBERSHIP

a) Each elected, non-student member will serve for a three-year period (staggered) beginning 1 July and ending 30 June.

b) Members elected by the Graduate Students' Association or representing undergraduate students will serve a term of one year, beginning 1 July and ending the following 30 June. Undergraduate students may serve to a maximum of two consecutive terms. Graduate students may serve to a maximum of three consecutive terms.

c) Members on Study Leave will have the option of retaining membership on the Committee if they so desire, but must remain active.

d) Members must maintain an active role on the Committee; absence from more than two successive meetings without just cause may result in the Chair requesting a replacement.

e) Membership will be terminated prior to the end of the elected term, if the member is no longer eligible to represent the body that nominated him/her.

f) Members elected by the Curators Committee can serve a maximum of two consecutive three-year terms, but must be re-nominated and re-elected for the second term.

g) An academic curator who has completed two consecutive, three-year terms must wait a period of two years prior to standing again for election.

7. ELECTION OF CHAIR

a) The Chair shall be elected by the members of the Committee from the continuing academic or non-academic members of the Committee.

b) The Chair will serve a two-year term of office, to a maximum of two consecutive terms.

c) In the absence of the Chair, the Committee members shall appoint an Acting Chair from the continuing academic or non-academic members of the Committee for a period of time deemed appropriate by the Committee.
