Update: Workplace Impairment Policy

Human Resource Services
Gerry McCune
Director, Organizational Development, Equity and Health
Occupational Health and Safety legislation requires that the University of Alberta provide a safe, healthy and productive work environment for all faculty and staff.

This policy is not just about cannabis

The use of drugs, alcohol, medications or other substances and/or physical or mental health conditions can impair work performance and create significant risk to people, property, research and reputation.
Outline the responsibilities and expectations associated with workplace impairment and fitness for work

- Ensure health and safety of all faculty, staff, students, visitors and members of the public
- Set out standards and expectations around use of alcohol and drugs in the workplace
- Reinforce the University’s commitment to ensure staff with alcohol and/or drug dependency or other health conditions that could impair performance are provided with assistance and appropriate temporary modified duties or accommodation
- Guide the management of risks associated with impairment in the workplace
Policy

Procedures
1. Workplace Impairment Disclosure and Reporting
3. Drug Testing

Information Documents
1. Addiction and Health Recovery
2. Accommodation

Workplace Impairment Policy Update
Insights/Observations

Q. Suggestions on how we emphasize that the Policy addresses all forms of impairment not just cannabis.

Q. What do you think key concerns/interests of the academic community as it relates to workplace impairment?
