3. Comments from the Chair

President Samarasekera welcomed to the meeting an observing delegation from China which included 25 leaders from various Chinese universities.

The President provided comments on the Federal Budget, expected on March 29, 2012. She explained that she, along with the Presidents of the other ‘U15’ institutions (ie, the University’s peers in Canadian post-secondary education), had been advocating for an increase in targeted federal funding, emphasizing to the Government that investment in universities is an investment in the future of the country.

President Samarasekera reported to members on a number of recent notable accomplishments tied to the University of Alberta including: the prestigious Canada Gairdner Wightman Award given to Dr Lorne Babiuk, Vice-President (Research), in recognition of his outstanding leadership and work involving infectious diseases and vaccine development; Dr Mark Lewis, Canada Research Chair in Mathematical Biology and Professor in the Department of Mathematical and Statistical Sciences, who received one of only seven Killam Research Fellowships awarded this year in Canada; the Brockhouse Canada Prize for Interdisciplinary Research in Science and Engineering awarded to the Alberta Carbohydrate Science Group, which includes a number of faculty from the University’s Department of Chemistry; the University being named once again one of Canada’s Greenest Employers; the University recently receiving a silver rating for its sustainability efforts from the Sustainability Tracking, Assessment and Rating System (STARS), a new system that rates post-secondary institutions in Canada and the United States; the University of Alberta receiving Sitecore’s Best Education Website Award in Canada; and several awards in
various areas for the Golden Bears and Pandas.

The President also spoke to recent events at the University, including the Festival of Teaching and the ‘Water Event’ and the associated honorary degrees event. President Samarasekera also made mention that an agreement has been signed by the two student association Presidents with the University regarding the institution’s Physical Activity and Wellness Centre.

**ACTION ITEMS**

4. **New Members of GFC**

Materials before members are contained in the official meeting file.

**Presenter:** Indira Samarasekera, President and Chair, General Faculties Council

**Discussion:**
There was no discussion.

**Motion I:** TO APPOINT/REAPPOINT (Amrhein/Molzahn)

The following undergraduate student members elected by the Students’ Union (SU) to the Board of Governors and appointed to GFC for terms that are concurrent with their terms on the Board (May 1, 2012 to April 30, 2013):

- Colten Yamagishi, President, SU
- Brent Kelly, SU Appointee

The following graduate student member elected by the Graduate Students’ Association (GSA) to the Board of Governors and appointed to GFC for a term that is concurrent with her term on the Board (May 1, 2012 to April 30, 2013):

- Ashlyn Bernier, President, GSA

**CARRIED**

**Motion II:** TO RECEIVE (Eccles/Snart)

The following statutory undergraduate student members nominated by the Students’ Union (SU) to serve on GFC for terms beginning May 1, 2012 and ending April 30, 2013:

- Dustin Chelen, Vice-President (Academic), SU
- Saadiq Sumar, Vice-President (Student Life), SU

The following statutory graduate student member nominated by the Graduate Students’ Association (GSA) to serve on GFC for a term beginning May 1, 2012 and ending April 30, 2013:

- Nathan Andrews, Vice-President (Academic), GSA

**CARRIED**

5. **Discrimination, Harassment and Duty to Accommodate Policy Suite (in UAPPOL)**
Materials before members are contained in the official meeting file.

**Presenters:** Phyllis Clark, Vice-President (Finance and Administration); Pat Clements, Chair, GFC 44 Working Group and Former Dean, Faculty of Arts; Margaret-Ann Armour, Associate Dean (Diversity), Faculty of Science; Sandra Kereliuk, Senior Administrative Officer, Office of the Vice-President (Finance and Administration); Wade King, Advisor, Office of Safe Disclosure and Human Rights

**Purpose of the Proposal:** To recommend forward to the Board of Governors approval of the proposed Discrimination, Harassment and Duty to Accommodate Policy Suite and to receive for information the related documents.

**Discussion:**
Vice-President Clark introduced her fellow presenters to Council and emphasized the tremendous amount of effort and time that had gone into this proposal before members; further, she outlined the major changes to existing institutional policies and procedures. Ms Clark noted that this new policy suite will save time and increase ease of comprehension of associated procedures.

Members shared comments, ideas, and concerns, which included: clarification regarding Section 16 of the 'Discrimination and Harassment Complaint Guidelines for Students', as set out in Attachment 6 of the materials before members; the overarching and consistent application of the Code of Student Behaviour in relation to the proposed policy suite before Council; and how the simplified guideline provided in the proposal was intended to help students better understand the new Discrimination, Harassment and Duty to Accommodate Policy Suite.

**Motion:** Clark/Babiuk

THAT General Faculties Council recommend to the Board of Governors the proposed Discrimination, Harassment and Duty to Accommodate Policy Suite, as submitted by the Office of the Vice-President (Finance and Administration) and as set forth in Attachments 1, 2, 3, and 4, and the (proposed) concurrent rescission of GFC Policy Manual Section 44 (Discrimination and Harassment Policy and Procedures and the University of Alberta Reasonable Accommodation Policy), all to take effect upon final approval.

CARRIED

6. **University Encryption Procedure (in UAPPOL)**

Materials before members are contained in the official meeting file.

**Presenters:** Jonathan Schaeffer, Vice-Provost and Associate Vice-President (Information Technology); Gordie Mah, Information Technology Security Officer, Office of the Provost and Vice-President (Academic)

**Purpose of the Proposal:** This procedure provides the institutional standard for encryption of mobile devices that store the University’s sensitive information.

**Discussion:**
Dr Schaeffer introduced the proposal to members and explained that the proposed procedure for encryption was implemented in January, 2012 before final approval out of a necessity to show progress in this area to the Provincial Auditor General and because it is a high risk to the University to go without encryption. He emphasized that the encryption process was relatively easy, fast, and cost-effective.

Mr Mah continued the presentation by noting that the Faculty of Medicine and Dentistry and the Alberta
School of Business have already had successful mandated encryption procedures in place. He added that encryption must be deployed for all public institutions in the Province of Alberta that routinely deal with private/confidential/sensitive information.

A member recommended that more of what the presenters had voiced in their introduction to Council be included in the documentation before members. The member also asked for clarification regarding certain of the wording included therein. Members agreed to move to a vote on this matter, subject to minor changes in wording being made to provide adequate clarification.

Motion: Ferguson-Pell/Francescutti

THAT General Faculties Council recommend to the Board of Governors the proposed University Encryption Procedure (in UAPPOL), as submitted by the Office of the Provost and Vice-President (Academic) and as set forth in Attachment 1 and as amended, to take effect upon final approval.

CARRIED

7. Proposal to Change Collège Saint-Jean’s Official Name to Centre collégial de l’Alberta, University of Alberta

Materials before members are contained in the official meeting file.

Presenter: Ed Blackburn, Associate Dean (Academic), Faculté Saint-Jean, and Chair, GFC Nominating Committee

Purpose of the Proposal: The (proposed) name change is important for Collège Saint-Jean in order for it to better create its own identity. The name Centre collégial de l’Alberta is advantageous in that it distinguishes the Collège Saint-Jean from the current Faculté Saint-Jean and the historical Collège Saint-Jean. Centre collégial de l’Alberta represents more accurately the French language college-level postsecondary education programming offered as part of the University of Alberta, a mandate that is province wide.

Discussion:
Dr Blackburn explained to members that ‘Collège Saint-Jean’ was originally intended as an interim name. He that the proposed name change for the institution to “Centre collégial de l’Alberta” would be appropriate since “Centre collégial” reflects, in the French language, the post-secondary pre-baccalaureate nature of the institution and “de l’Alberta” firmly underlines its claim to being the French-language arm of Campus Alberta.

Dr Amrhein clarified that the name change before members will not affect Faculté Saint-Jean in any manner.

Motion: Blackburn/Molzahn

THAT General Faculties Council approve the proposal submitted by the Dean of Faculté Saint-Jean (FSJ) for the change of Collège Saint-Jean’s official name to Centre collégial de l’Alberta, University of Alberta, to take effect upon final approval.

DISCUSSION ITEMS

8. Question Period
8.1Q Questions from GFC Undergraduate Student Member Scott Nicol Regarding Posting of Sexual Assault Awareness Posters and Relevant Policies Regarding Such Postings at the University of Alberta

8.1R Response from the Vice-Provost and Deans of Students to Mr Nicol’s Questions

8.2Q Question from GFC Undergraduate Student Member Scott Nicol Regarding Counselling Services for Students at the University of Alberta

8.2R Response from the Vice-Provost and Dean of Students to Mr Nicol’s Question

8.3Q Questions from Professor Jeremy Richards, Faculty of Science Representative on GFC, Regarding Tuition Revenue Per Student and Programs Costs at the University of Alberta

8.3R Response from the Office of the President to Professor Richards’ Questions

Discussion:

Mr Nicol thanked the Vice-Provost and Dean of Students for the responses provided to both questions he had posed.

Professor Richards thanked Dr Samarasekera for the response to his queries and asked for clarification regarding the optics of the numbers used since he considered the statistics in the National Survey of Student Engagement (NSSE) to reflect poorly on the University. Dr Samarasekera replied that she did not consider that the University of Alberta did poorly on NSSE since the University performed only slightly below the average. The President added that the real challenge is the student/faculty ratio. Dr Samarasekera explained that the University’s per student funding has been invested in areas that benefit the students’ entire University experience, including facilities and libraries.
