3. Comments from the Acting Chair

Acting Chair Dr Martin Ferguson-Pell welcomed members to the 391st meeting of General Faculties Council (GFC) and commented on the following:
- Updates regarding the 2013-2014 and 2014-2015 University of Alberta budget.
- The extension of congratulations to several members of the University of Alberta community including Professor Tim Caulfield, Board of Governors Chair Douglas Goss, Professor Anne McLellan, and Dean John Kennelly for recent personal and professional accolades.
- Updates about the University of Alberta's international rankings.
- Updates about recent meetings with the the Premier of Alberta and the Deputy Premier and Minister of Enterprise and Advanced Education (EAE) regarding Campus Alberta, tuition, funding models, results-based budgeting, the Post-Secondary Learning Act (PSLA), and the Alberta Institute concept.
- An update about the Letter of Expectation (LOE). Dr Ferguson-Pell noted that the Board of Governors had reviewed the LOE and approved it for signature by the Chair of the Board of Governors. He thanked members of the community for their feedback on and engagement surrounding the drafting of the LOE.

DISCUSSION ITEMS

5. University of Alberta Budget 2014-15 – Update

There were no documents.

Presenter(s): Martin Ferguson-Pell, Acting Chair, General Faculties Council (GFC) and Acting Provost and Vice-President (Academic); Phyllis Clark, Vice-President (Finance and Administration)

Purpose of the Proposal: For information/discussion.

Discussion:
At this point in the meeting, Vice-President (Research) Babiuk assumed the Chair.

Aided by a PowerPoint presentation, Vice-President (Finance and Administration) Clark provided a brief outline to frame discussion surrounding the 2014-2015 University of Alberta budget. She explained the elements of the consolidated budget of the institution, which is required to be reported to the Provincial Government, the largest funder of the University of Alberta. She pointed out that the information within the presentation could be found in the 2012 Comprehensive Institutional Plan (CIP). She highlighted for members the differences between restricted versus unrestricted activities and listed the University’s actual expenditures. She noted that there were differences in reporting this year due to the Public Sector Accounting Board (PSAB) changes. Ms Clark detailed the elements of the University’s operating budget and discussed ways in which operating budgets are determined.

Ms Clark continued by explaining the issues associated with the University’s structural deficit. She provided data to highlight the budget cuts for 2012-2013, 2013-2014 and 2014-2015, broken down into ‘Faculties’ and ‘Support’ categories. She noted that the information, at this point, is provisional and that further work is required to finalize the numbers.

Dr Ferguson-Pell noted that the figures contained in the presentation are complex and discouraged members from making blind comparisons across units. He stated that, while there has been an increased focus on transparency surrounding budget planning, there is also a responsibility to use the data correctly. He invited those with questions or concerns to contact his Office to discuss them in greater detail, rather than jumping to conclusions. He reminded members to reference Change@Ualberta.ca for budget primer information and updates.

Dr Ferguson-Pell outlined the core budget table planning assumptions, noting that the assumptions may change between now and final approval of the budget. In terms of the 2014-2015 provisional cuts, he noted that each Dean was individually consulted before final figures were determined, and the range of cuts to Faculties average between 6%-7.5%, but that up to 2% of this can be mitigated by approved revenue generation. He stated that 121 applications for the Voluntary Severance Program (VSP) were approved across the institution and highlighted relevant data from each Faculty.

In his concluding remarks, Dr Ferguson-Pell provided members with a key decision timeline including meeting dates and those bodies delegated to consider, recommend on, and approve the budget.
During the lengthy ensuing discussion, members expressed comments and questions in relation to this presentation, including, but not limited to: clarification surrounding the exact definition of a ‘unit’; clarification about changes to the pension plan; clarification about the exact percentage of the budget that is allotted to the education of students; clarification surrounding changes to the Office of the Provost and Vice-President (Academic); gratitude for the increased level of transparency related to the budget; commentary that there appear to be duplication of services across the academy which warrant further review; commentary that there is a lack of necessary networking available to foster certain areas of research across the institution; clarification about the consolidated budget; clarification about the provisional cuts; a request for the models used to determine the percentages; clarification about the 2% revenue generation concept; commentary that other opportunities to save money exist which could be rolled out quickly and that these opportunities are being missed; a query whether increasing the international student differential is being considered; clarification about the role of the Renaissance Committee; whether the University of Alberta, following in the footsteps of the University of Calgary, will be striking a committee to review long-term budget issues; how Central Administration will be responding to comments and suggestions provided in such forums as IdeaScale; commentary that the numbers within the presentation appear to not match up; commentary that the documentation outlining each Faculty’s cut is not being provided, as had been stated; clarification about what exact percentage of Faculty-generated revenue will remain within Faculties; whether Central Administration has discussed increasing international students with the Ministry of Enterprise and Advanced Education (EAE); whether international tuition covers the actual costs associated with educating international students; clarification about the process of Faculty-led revenue generation; and clarification about the relationship between charged student fees and the related student services.

Dr Ferguson-Pell thanked members for their consideration and noted that any updates relating to the budget would be communicated to members.

Dr Ferguson-Pell reassumed the chair.

Discussion:
Regarding Item 6.1Q, Dr Lemelin expressed confusion about the reported numbers, and Ms Clark replied that the numbers are submitted at different times and from different sources. She pledged to work off-line with Dr Lemelin to better explain the alleged discrepancy.

Regarding Item 6.9Q, Mr Chelen asked if the building of the Leadership College will be a future topic for General Faculties Council (GFC) consideration. Dr Ferguson-Pell replied that he will have more updates about this project as more information becomes available.

Mr Kusmu enquired about the lack of separation between domestic and international students in relation to funding within the Comprehensive Institutional Plan (CIP), and Dr Ferguson-Pell replied that due to the complexity of the answer, a full response would be provided later.
Professor Lowrey complimented Mr Chelen on the calibre of his submitted questions, while noting that the provided answers were, in her opinion, “terrible,” and asked Mr Chelen the reasoning for submitting them. Mr Chelen replied that, in his opinion, GFC is a great venue for discussion and debate and that adding more questions regarding various issues is important to him. Dr Ferguson-Pell noted that he is interested in providing good answers to submitted questions and welcomed any feedback GFC members may have regarding the nature of the written responses provided.

Professor Burshtyn enquired what the University of Alberta’s response will be to the Ministry of Enterprise and Advanced Education (EAE) regarding their recent denial of the University of Alberta’s proposal calling for the establishment of a Master’s program in Women’s and Gender Studies. Dean Cormack replied that the Faculty of Arts was working on a coordinated response to this issue and gathering additional information and that she will be organizing a meeting with the Ministry of EAE to discuss their specific concerns. She noted the Faculty was still very much committed to the offering of this graduate-level program.
