OPENING SESSION

1. Approval of the Agenda

Materials before members are contained in the official meeting file.

_Presenter_: Indira Samarasekera, President and Chair, General Faculties Council

Motion: Cormack/Shirvani

THAT General Faculties Council approve the Agenda. CARRIED

2. Approval of the Minutes of March 24, 2014

Materials before members are contained in the official meeting file.

_Presenter_: Indira Samarasekera, President and Chair, General Faculties Council

_Discussion:_
A member expressed support for the creation of a database clearly outlining all delegations of authority from General Faculties Council (GFC) to its standing committees and other entities and individuals.

Motion: Shirvani/Lynch
THAT General Faculties Council approve the Minutes of March 24, 2014.

CARRIED

3. Comments from the Chair

President and Chair of General Faculties Council (GFC), Dr Indira Samarasekera, noted this was the 395th meeting of GFC. She reported on the following:

- A welcome to all new and returning members of GFC for the Academic Year 2014-2015.
- The status of GFC: She stated that GFC remains an important forum for advancing the academic mission of the University of Alberta and that, as part of an ongoing discussion to keep GFC relevant and effective in this regard, she has proposed to introduce a debate period at GFC. She noted that members of an ad hoc working group, comprising several GFC Executive Committee members, will be determining the structure and function of this debate period. She commented, as well, that the report of President’s GFC Task Force has been completed and submitted to her Office; she is in the process of reviewing the document and determining ‘next steps’.
- The recent ‘State of the University Address’: She reported that the Address, her last before her tenure as President comes to an end, was live-streamed before a large viewership, and she thanked everyone involved in organizing the event. She noted that it was an ideal time to reflect on where the academy has been and on the future direction of the University of Alberta.
- Recent key changes in the Provincial Government: Dr Samarasekera stated that she is optimistic about the new leader and principal ministers within the Provincial Government, particularly in light of the challenging past decade the University of Alberta has faced. She indicated she remains optimistic about achieving predictable financial stability for provincial post-secondary institutions in the years to come. Further, she noted that she is preparing to meet with Premier Jim Prentice as well as members of his Cabinet, including the Minister of Innovation and Advanced Education, the Honourable Donald Scott.
- University of Alberta accolades: She congratulated several members of the University of Alberta community for recent prestigious accomplishments, awards, and recognition.

During the discussion following these comments, members expressed a number of questions and comments, including, but not limited to: whether members of GFC will be able to submit ideas for the proposed GFC debate period; a suggestion for the GFC Executive Committee to establish a call for questions in relation to the debate period; and a query whether suggestions for topics could be submitted via e-mail.

4. Comments from the University Secretary for the New Academic Year

There were no documents.

Presenter: Marion Haggarty-France, University Secretary

Discussion:
Ms Haggarty-France thanked members for their continued service towards academic governance at the University of Alberta and welcomed all to the new Academic Year. She noted, in particular, that there are 65 new members of GFC at this time. She thanked members of the GFC Nominating Committee for their continued hard work in ensuring the academic governing bodies over which it has responsibility for member replenishment are appropriately populated. She invited members to encourage colleagues to volunteer to serve within institutional academic governance.
She provided an update regarding Council Chamber, adding that the Provost and Vice-President (Academic), in concert with the Vice-President (Facilities and Operations), have approved a new space for Council Chamber in University Hall. She stated that appropriate space is vital to the effectiveness of collegial governance. She thanked all members who have provided input during consultation surrounding Council Chamber’s design. She also thanked the Information Services and Technology (IST) audio-visual technicians who have provided excellent service towards the function of GFC meetings in the current meeting space in the Centennial Centre for Interdisciplinary Science (CCIS).

She reminded members that University Governance exists to support them in their various roles in academic and institutional governance. Further, she announced that long-time Secretary to GFC, Mr Garry Bodnar, will be retiring in 2015 and acknowledged his valuable service to the University of Alberta.

She encouraged members to visit the University Governance website to review GFC’s and its Standing Committees’ Terms of Reference as well as the Post-Secondary Learning Act (PSLA), all of which would serve as a reminder of the scope of GFC’s authority. She reminded members that, as participants in academic governance, they represent the whole University and not just their individual Faculties or units.

**ACTION ITEMS**

5. **New Members of GFC**

Materials before members are contained in the official meeting file.

*Presenter: Indira Samarasekera, President and Chair, General Faculties Council*

*Discussion:*

Mr Bodnar announced the inclusion of several additional names for consideration within Motion II.

Motion I: Collins/Cormack

Motion II: Collins/Lau

MOTION II: TO RECEIVE:

The following *ex officio* members, to serve on GFC for terms beginning July 1, 2014 and extending for the duration of their appointments:

- Stanford Blade, Dean, Faculty of Agricultural, Life and Environmental Sciences
- Bill Connor, Acting Dean, Faculty of Extension
- Pierre-Yves Mocquais, Dean, Faculté Saint-Jean
- Paul Paton, Dean, Faculty of Law
- Anita Molzahn, Dean, Faculty of Nursing
- Robert Haen nel, Acting Dean, Faculty of Rehabilitation Medicine
- Colm Renehan, Interim Vice-President (Advancement)

The following statutory faculty members who have been elected or re-elected by their Faculty, to serve on GFC for terms beginning July 1, 2014 and ending June 30, 2017:

- Duncan Elliott, Faculty of Engineering
- Tarek El-Bialy, Faculty of Medicine and Dentistry
- Bernard Lemire, Faculty of Medicine and Dentistry
- Andrew Shaw, Faculty of Medicine and Dentistry
- Katherine Aitchison, Faculty of Medicine and Dentistry
- Richard Fahlman, Faculty of Medicine and Dentistry
- Laurie Mereu, Faculty of Medicine and Dentistry
- Peter Smith, Faculty of Medicine and Dentistry
- Sarah Wall, Faculty of Nursing
- Jeremy Richards, Faculty of Science
- Allen Good, Faculty of Science
- Sheena Wilson, Faculté Saint-Jean

The following statutory faculty member who has been elected by his Faculty, to serve on GFC for a term beginning immediately and ending June 30, 2015:

- Raimar Loebenberg, Faculty of Pharmacy and Pharmaceutical Sciences

The following statutory faculty members who have been elected by their Faculty, to serve on GFC for terms beginning immediately and ending June 30, 2017:

- Carolyn Sale, Faculty of Arts
- Ben Montpetit, Faculty of Medicine and Dentistry

CARRIED
6. Proposed Revisions to the Terms of Reference for the GFC Committee on the Learning Environment (CLE)

Materials before members are contained in the official meeting file.

**Presenter(s):** Carl Amrhein, Provost and Vice-President (Academic) and Chair, GFC Executive Committee; Robert Luth, Associate Vice-Provost (Academic Programs and Instruction) and Chair, GFC Committee on the Learning Environment; Gerald Beasley, Vice-Provost and Chief Librarian

**Purpose of the Proposal:** To revise the Terms of Reference for the GFC Committee on the Learning Environment (CLE) to clearly and formally acknowledge the important role Learning Services units play within the academy and in the fulfillment of the University’s Academic Plan; to modify the Committee’s composition to provide for more realistic replenishment of this body and to reflect the University’s current staff categories; and to accommodate a series of minor/editorial changes to ensure the currency of these Terms.

**Discussion:**
Dr Amrhein stated that GFC CLE is an important Standing Committee of GFC as it relates to teaching and learning within the academy. He noted that this proposal aims to offer a more inclusive role for Learning Services units within academic governance.

Mr Beasley provided members with a brief summary of the proposal, adding that, while most of the revisions are editorial in nature, there are a few substantive changes, including revisions to membership composition and the addition of a subsection on policy creation.

A member sought clarification surrounding the respective roles of the GFC Academic Planning Committee (APC) and the GFC Executive Committee in relation to the consideration of formal recommendations from GFC CLE, as outlined within the proposed new subsection (c) under Section 3 (Mandate of the Committee).

Motion: Shirvani/Kehrer

**THAT General Faculties Council approve proposed revisions to the GFC Committee on the Learning Environment’s (CLE’s) Terms of Reference, as recommended by the GFC Executive Committee and as set forth in Attachment 1, to take effect upon final approval.**

CARRIED

7. Electronic Universal Student Ratings of Instruction (eUSRI) System – Proposed Revisions to Section 111.3 (Teaching and Learning and Teaching Evaluation/Universal Student Ratings of Instruction) of the GFC Policy Manual

Materials before members are contained in the official meeting file.

**Presenter(s):** Carl Amrhein, Provost and Vice-President (Academic) and Chair, GFC Executive Committee; Mike MacGregor, Vice-Provost and Associate Vice-President (Information Technology); Scott Delinger, Information Technology Strategic Initiatives Officer, Office of the Provost and Vice-President (Academic)

**Purpose of the Proposal:** The purpose of this proposal was to introduce the use of electronic, rather than current paper-based, delivery of the Universal Student Ratings of Instruction (eUSRIs) via proposed changes to GFC Policy Manual Section 111.3 (Teaching and Learning and Teaching Evaluation/Universal
Student Ratings of Instruction). Upon approval, the eUSRI system will be the only method by which the USRI evaluation tool is delivered at the institution.

**Discussion:**

Dr Amrhein noted that this proposal has been carefully developed over time and that there has been substantial consultation with a number of University of Alberta stakeholders including the Association of Academic Staff - University of Alberta (AASUA). He stated that the proposal is intended to introduce institution wide the electronic delivery of USRIs.

Dr MacGregor provided members with a summary of the proposal, noting that it is based on data collected during a series of pilots conducted over the past two years. He explained that the data from the pilots reflected that instructors were receiving longer comments in electronic format and that support staff no longer had to transcribe long-form USRI responses. He added that the data did not support several concerns that changing the delivery would impact instructor ratings. He reported that individual student Campus Computing IDs (CCID) are removed during the aggregation of responses and that anonymity is preserved throughout the process.

During the discussion surrounding this proposal, members expressed a number of comments and questions, including, but not limited to: a comment that students would like to see mid-term evaluations; support from the Graduate Students' Association (GSA) for this proposal, with a recommendation to revisit the implementation of eUSRIs for review in the medium future; a suggestion to use the eUSRI format for all courses; clarification surrounding the number of respondents during the pilots; concern that some students lack the technical devices to complete eUSRIs; a suggestion to improve the efforts towards encouraging students to complete eUSRIs, as they are critical to certain academic functions, including annual Faculty Evaluation Committee (FEC) reporting; clarification surrounding the expressed concerns of the AASUA; concern with the possibility of small number of responses; expressions of support for this endeavor; and a suggestion for the Administration to clearly inform instructors when the eUSRIs are available.

Motion: Collins/Orydzuk

**Resolved:** THAT General Faculties Council (GFC) approve proposed revisions to Section 111.3 (Teaching and Learning and Teaching Evaluation/Universal Student Ratings of Instruction) of the GFC Policy Manual, as submitted by the Vice-Provost and Associate Vice-President (Information Technology) and set forth in Attachment 1, to take effect upon final approval.

**CARRIED**

**DISCUSSION ITEMS**

8. Updates from the Provost and Vice-President (Academic)

There were no documents.

*Presenter:* Carl Amrhein, Provost and Vice-President (Academic) and Chair, GFC Executive Committee

*Purpose of the Proposal:* For information/discussion.

*Discussion:* Dr Amrhein noted that, during the summer, a number of important initiatives in his Office continued to be discussed and developed, and, because of this, he felt it important to provide updates in these key areas at the first General Faculties Council (GFC) meeting of the new Academic Year.
8.1 Reorganization of Digital Learning Program

There were no documents.

*Presenter:* Robert Luth, Associate Vice-Provost (Academic Programs and Instruction) and Chair, GFC Committee on the Learning Environment

*Purpose of the Proposal:* For information/discussion.

*Discussion:*
Dr. Luth provided members with a brief history of the University-wide focus in the area of online learning spaces and noted that, aside from a few established pilots including the Dino 101 Massive Open Online Course (MOOC) as well as pilots related to blended courses, an overall institutional strategy for online learning spaces at the University of Alberta still needs to be determined. He stated that this topic will very likely be discussed by the GFC Committee on the Learning Environment (CLE), of which he is Chair, at some point this Academic Year. He noted that any updates with respect to this topic would be communicated to members accordingly.

Members, during the ensuing discussion on this topic, expressed a number of comments and questions, including, but not limited to: concern regarding the deterioration of existing classroom technical capabilities; clarification regarding how such courses can be effectively delivered; and a member’s commentary on standardizing delivery protocols across the University in order to save staff and monetary resources.

8.2 Enrolment Management/Admissions Pilot Project

There were no documents.

*Presenter:* Lisa Collins, Vice-Provost and University Registrar

*Purpose of the Proposal:* For information/discussion.

*Discussion:*
Ms. Collins provided members with an update regarding the Enrolment Management/Admissions Pilot Project being developed by the Office of the Registrar with the support of the Office of the Provost and Vice-President (Academic), emphasizing that there is an urgent need at this time to strategically manage enrolment at the institution. She stated that, although she has consulted with the Faculties extensively in relation to this project, it is a complicated issue and that the approaches deployed across and amongst the Faculties will need to be adjusted according to a range of factors.

She explained that a key element of the project is to offer applicants a single, firm admission offer in the Spring based on a new system for determining the basis of admission, incorporating Grade 11 as well as Grade 12 grades for high school applicants and, where requested by specific Faculties/programs, incorporating Fall term grades and second-term registrations for post-secondary transfer applicants. She commented that offers of admission to successful highly-qualified applicants will be accompanied with the proffering of on-campus housing options and, eventually, scholarship eligibility information.

A member sought clarification surrounding the consideration of final grades as the basis of admission.

8.3 Graduate Student Professional Development Program

There were no documents.
Presenter: Mazi Shirvani, Vice-Provost and Dean, Faculty of Graduate Studies and Research

Purpose of the Proposal: For information/discussion.

Discussion:
Dr Shirvani provided a summary of the Graduate Student Professional Development Program to members, noting that, as statistics reflect, there are not enough current academic faculty positions for graduate students and post-doctoral fellows (PDFs). He reported that, as such, these graduates and PDFs have moved into other sectors of the economy and that this shift warrants further examination. He explained that, although the topic of professional development is not clearly defined as it relates to graduate students, the University of Alberta has a duty to prepare its students for employment within non-academic sectors in order to set them up for successful and meaningful careers. He stated that an advisory board has been established to create a professional development strategy for graduate students and PDFs and, once a plan is fully drafted, it will be distributed for discussion. He noted that the advisory board will consider several key factors in relation to this large issue, including: skills and competencies; the added value of graduate degrees in non-academic workplaces; whether a culture change is required surrounding the value placed on non-academic careers; and whether there is time for graduate students to add this element of learning to their existing programs.

During the discussion surrounding this project, members provided a number of comments and questions, including, but not limited to: support for this project and encouragement to move quickly on it; that discussions surrounding career choices should occur early within a graduate student’s education; clarification surrounding graduate student enrolment in light of the academic sector employment statistics; and whether more detailed data exist in relation to the eventual career paths followed by recent graduates.

9. Information Session on the University Budget 2014/2015 – Preliminary Forecast

There were no documents.

Presenter(s): Carl Amrhein, Provost and Vice-President (Academic) and Chair, GFC Executive Committee; Phyllis Clark, Vice-President (Finance and Administration)

Purpose of the Proposal: For information/discussion.

Discussion:
Dr Amrhein explained to members that the next University of Alberta budget is being drafted under the assumption that there will be a 0% increase to the University’s Campus Alberta Grant, as provided by the Provincial Government. That said, he acknowledged that it is still early in the annual budget planning process.

Vice-President Clark invited members to review the 2013-2014 institutional budget as set out within the University of Alberta Comprehensive Institutional Plan (CIP), adding that it contains very detailed information. She then, aided by a PowerPoint presentation, provided members with a detailed report on the 2014-2015 University of Alberta budget, with an emphasis on the institution’s consolidated budget; funding and additional revenue sources; recent endowment achievements; and details with respect to institutional expenses. She provided members with an overview of the University’s operating, ancillary, research, capital, and special purpose budgets.

Ms Clark explained that there are several projects which tie into the Budget this year, including the ongoing development of the new University of Alberta Budget Model (UABM); the adoption of a new financial
management structure; and the utilization of the new data warehouse. She pledged to continue to keep members updated with regard to these initiatives as more information is obtained.

A member enquired whether the University of Calgary’s budget model had been reviewed as part of this undertaking.

10. **Response and Update Regarding Recommendations in the Renaissance Committee Final Report**

Materials before members are contained in the official meeting file.

*Presenter(s):* Carl Amrhein, Provost and Vice-President (Academic) and Chair, GFC Executive Committee; Roger Epp, Vice-Provost (Academic)

*Purpose of the Proposal:* For information/discussion.

*Discussion:*
Dr Epp explained that, as part of the first formal response to the Renaissance Committee Final Report, certain recommendations contained within the document have been identified as high priority, while others are subject to negotiation with the staff associations. He stated that one possible item for consideration is the creation of a new class of teacher-lecturer and that this concept could be discussed at an upcoming GFC meeting.

Dr Amrhein commented that there are several additional recommendations from the Renaissance Committee Final Report being discussed and developed and that some of those items may, in the future, come before members of GFC. He suggested that perhaps some of these items could be discussed during the suggested debate period at GFC.

11. **Question Period**

Materials before members are contained in the official meeting file.

*Presenter: Indira Samarasekera, President and Chair, General Faculties Council*

11.1Q **Question** from Past GFC Member Mr Dustin Chelen Regarding Advocacy for Funding Student Services and Engagement *and*
11.1R **Response** from Acting Dean of Students Robin Everall to Question Raised by Mr Chelen

11.2Q **Questions** from Past GFC Member Mr Dustin Chelen Regarding the Status of the (Proposed) Student Ambassador Academic Accommodation Policy Suite *and*
11.2R **Responses** from Acting Dean of Students Robin Everall to Questions Raised by Mr Chelen

11.3Q **Question** from Past GFC Member Mr Dustin Chelen Regarding Exceptions Under the UAPPOL Student Groups Procedure *and*
11.3R **Response** from Acting Dean of Students Robin Everall to Question Raised by Mr Chelen

11.4Q **Questions** from Past GFC Member Mr Dustin Chelen Regarding Metrics Associated with the Provost Fellow’s Report on Student Mental Health at the University of Alberta *and*
11.4R **Responses** from Acting Dean of Students Robin Everall to Questions Raised by Mr Chelen

11.5Q **Questions** from GFC Member Professor Kathleen Lowrey Regarding the Administration of the Peter Lougheed Leadership College *and*
11.5R Responses from the Office of the President to Questions Raised by Professor Lowrey

Discussion:
The President asked Students’ Union Vice-President (Academic) Kathryn Orydzuk if she had any follow-up queries regarding Items 11.1Q/R to 11.4Q/R. Ms Orydzuk replied that she did not.

Mr Bodnar noted that Professor Lowrey had sent her regrets for today’s GFC meeting and thanked the Office of the President for the responses to her written questions.

During ‘Question Period’, members expressed a number of comments and questions, including, but not limited to: whether there are current discussions with the Provincial Government in relation to providing additional financial incentives for students to attend the University of Alberta; whether the University of Alberta Budget Model (UABM) would be coming forward to General Faculties Council (GFC) for discussion in the near future; and a query regarding international tuition rates in relation to market modifiers.

INFORMATION REPORTS

12. GFC Executive Committee Minutes (March 13, April 7, May 20, and June 16, 2014)
Materials before members are contained in the official meeting file.

Presenter: Carl Amrhein, Provost and Vice-President (Academic) and Chair, GFC Executive Committee

Discussion:
There was no discussion.

13. Reports of the Board of Governors (March 14, May 9, June 2, and June 20, 2014)
Materials before members are contained in the official meeting file.

Presenter: Mike Belosevic, Member, Board of Governors (GFC Nominee)

Discussion:
There was no discussion.

14. E-Mail Reports of the GFC Nominating Committee (April 22 and June 17, 2014)
