1. Attachment 1 (pages 1 – 4): Proposal for the Termination of the Three-Year Augustana University College Bachelor of Arts (General) and Bachelor of Science (General) Degrees

*Prepared by:* Jonathan Hawkins, Assistant Registrar, Augustana Campus ([jh12@ualberta.ca](mailto:jh12@ualberta.ca))
Program Approval Template A

Program changes are essential to program viability and maintenance of program quality and service to both the student and society. They flow from institutional vigilance and continued review of the needs of society and students. They are also carefully monitored for quality through established institutional processes (see Quality Assurance at Alberta’s Universities).

This template is a common form that will be used for central vetting and approval at Alberta’s public universities, and then submitted to Alberta Advanced Education for approval, in some cases after consultation with the Campus Alberta Quality Council (CAQC). Both reserve the right to ask for further information or clarification. (Note that individual universities have been permitted to develop their own version of the Template, which may list additional questions after the set of common ones.).

This Template applies to

☐ Program requirement FLE (full-load equivalents) and load weight changes above 5%
☐ Major/specialization title changes (eg, History to Historical Studies)
☐ Minor degree title changes (eg, BSc Nutrition to BSc Nutritional Science)
☐ Short-term suspensions (note: add an enrolment projection table)
☒ Terminations (note: add an enrolment projection table)
☐ For-credit certificate and diploma changes

Basic Information
1. Title of the program: Augustana University College (AUC) Bachelor of Arts (General) and Bachelor of Science (General) degrees.
2. Proposed start date: NA
3. Length of the program (years): 3 years
4. University and academic unit: University of Alberta, Augustana Faculty (maintaining two AUC programs as mandated by the 2004 merger agreement between the University of Alberta (UofA) and AUC).
5. Collaborating partners at other institutions: NA
6. Contact person, with telephone number and e-mail address: Harry Prest, Associate Dean – Academic Programs, Augustana Faculty. (780) 679-1520, harry.prest@ualberta.ca.
7. Completed/proposed approval path: Augustana Faculty Academic Council, Executive Council, and Faculty Council (anticipated April 2, 2012).
8. Attach proposed program and course University Calendar changes and other supporting documentation. Deletion of current section 54.8 from UofA Calendar (see attached Appendix 2).

Program Impact and Rationale
9. Describe the nature of the change. Termination of the AUC 3-year BA and BSc degree programs.
10. What is the rationale for the proposed change? As part of the official merger agreement between UofA and AUC, dated July 1, 2004, all baccalaureate degree programs offered by AUC that were not approved by GFC would be phased out over a period of seven years from the effective date of the agreement. The two degrees noted here were the only two programs that came under these criteria. As such, these programs were maintained for the possibility of student completion until June 30, 2011. Effectively, this meant that any student desiring to obtain one of these degrees was required to graduate no later than the Fall, 2011, UofA Convocation ceremonies.
11. Provide the expected enrolment (or other) impact on the academic unit(s) offering the program and other affected units if applicable. Include current enrolment. Current enrolment is 0. Enrolment over the last few years has been small, as a handful of students attempted to complete the program by the June 30, 2011 deadline (see attached Appendix 1).
12. Do you anticipate an enrolment (or other) impact on programs at other institutions or regulatory bodies? Describe any consultations that have occurred with other institutions and professional organizations. NA
13. Are there any resource implications (budget, information technology (IT), library (Library Impact Statement), laboratory, space, student services, administrative services (eg, Registrar’s Office), as applicable) for the proposed change? If so, please provide detail and evidence of consultation with affected unit(s) and/or appropriate University officers/committees. No

Re: Elimination of Augustana’s Three-Year Degrees

Yesterday, 2 April 2012, the Faculty Council of the Augustana Faculty unanimously passed the following motion:

THAT the Augustana Faculty approve the termination of three-year Bachelor degree programs in accordance with:

1. The overview and strategic plan for the merger distributed to the faculty on December 3, 2003, and

This motion had previously received support from Augustana’s Academic Council (Dean, Vice Dean, Associate Deans, Chairs) and from our Executive Council. It has my full support. I should add that there are no longer any students in the pipeline for the three-year degrees. Our final student graduated at the Fall Convocation.

My understanding is that Academic Planning Committee requires this letter of confirmation from the Dean.

Assessment and Grading Policy

Overview

The Post-Secondary Learning Act of Alberta (PSLA) gives General Faculties Council (GFC) responsibility, subject to the authority of the Board of Governors, over “academic affairs” (section 26(1)). The PSLA also gives GFC responsibility over “timetables for examinations and for lectures and other instruction” (section 26(1)(d)) and to “consider and make decisions on the reports of faculty councils as to the appointment of examiners and the conduct and results of examinations in the faculties” (section 26(1)(e)). The PSLA gives faculty councils the authority to “appoint the examiners for examinations in the faculty, conduct the examinations and determine the results for them,” “… subject to any conditions or restrictions that are imposed by GFC” (section 29(1)).

Purpose

The University’s Assessment and Grading policy sets out the fundamental principles and core elements which characterize and guide the assessment of student performance and achievement in for credit programming. The purpose of the policy is to promote both consistency in assessment and grading practices across the university and adherence to appropriate academic standards. It provides for the development of rules and processes that manage student assessment and related activities.

POLICY

ASSESSMENT

Assessment is an integral part of the University’s core mission of teaching and learning. It is undertaken in a formative manner to provide feedback to students and in summative form to measure the level of student achievement. Through the assignment of grades by instructors, in the exercise of their judgment, assessment serves as the means whereby the level of student knowledge and achievement is communicated to a variety of stakeholders in the broader world including prospective employers, other academic institutions and accrediting bodies. Given the variety of purposes served by assessment of student performance and achievement, it should be reliable, valid, fair, transparent and consistent with course or program goals and objectives. It must be capable of clear and timely communication to both students and other stakeholders.

Assessment at the University of Alberta is guided by the following principles:

1. Assessment should be integrated into and aligned with the learning experiences and stated objectives/ outcomes of a course and program;
1. While this policy sets out the minimum expectations concerning the design and delivery of assessments, it does not limit the development of other, additional, innovative forms of effective assessment provided they are compatible with the principles stated in this policy;

2. General assessment methods and grading standards must be communicated clearly to students at the beginning of the course or program of study;

3. Clear and transparent assessment criteria should be provided to students throughout the course;

4. In assessment, the University is committed to providing reliable and valid information in which students, prospective employers and accrediting bodies can have confidence;

5. Where possible, assessment should be multifaceted (varied) and timely. Student achievement and performance should be assessed in a formative manner during a course and in a summative manner both during and at the end of a course and program;

6. In the design, delivery and reporting of summative assessments, the University is committed to open, accountable and equitable processes.

GRADING

Grades in any course, examination or other academic assessment shall not be mandated on the basis of a curve or historic distribution of student grades. The distribution of grades shall not be predetermined by any system of quotas that requires a certain number or percentage of grades at a particular level. However, a Faculty, department or unit may develop and provide guidelines to instructors setting out a reasonable distribution of grades in the Faculty or department. Such (i.e., Faculty or department-specific) guidelines must be brought to the Academic Standards Committee for information and communicated to students through the University Calendar.

University Calendar (University of Alberta)
Grading Procedure

**Office of Administrative Responsibility:** Provost and Vice-President (Academic)

**Approver:** General Faculties Council

**Scope:** Compliance with University procedure extends to all members of the University community.

**Purpose**
- To explain acceptable methods of grading.
- To define the roles and responsibilities of instructors, Chairs, and Faculty Councils in matters concerning the assignment and approval of grades in courses.

**PROCEDURE**

1. **GRADING**
   
   There will be no pre-determined quota of letter grades in a course. A student’s level of achievement of the goals/outcomes of a course, their grade, and the descriptor of that grade (i.e., A and “excellent”, B and “good”, C and “satisfactory”, etc., as defined in the University Calendar section on Academic Regulations) must be aligned. Faculties may recommend grade distributions as approved by the Faculty Council. Such (i.e., Faculty or department-specific) guidelines must be brought to the Academic Standards Committee for information and communicated to students through the University Calendar.

2. **COMMUNICATION WITH STUDENTS**
   
   Course expectations regarding assignments, grading, and other course-related matters must be communicated clearly in the course syllabus. Regulations concerning matters related to the conduct of courses are contained in the University Calendar section on Academic Regulations.

3. **AUTHORITY TO ASSIGN GRADES**
   
   The assignment of final grades in a course will be the initial responsibility of the instructor(s). Under the *Post-Secondary Learning Act* of Alberta, the Faculty Council under whose auspices a course is offered has the ultimate authority to determine the examination grades and final grades in a course, “subject to any conditions or restrictions imposed by GFC” (section 29(1)). Faculty Councils may delegate this final authority over grades to Deans or Chairs of Departments. Final grades must be approved by Faculty Council or delegate before they are submitted to the Office of the Registrar and Student Awards.

4. **GRADING DISAGREEMENTS**
   
   Where a disagreement arises between an instructor of the course and the Faculty Council or delegate who approves the grades, the disagreement will be resolved by a process defined by the Faculty Council.
5. DATA DISSEMINATION

The historical, University-wide mean grades by course level are included in Appendix A. The Office of the Registrar will provide grade distribution data to Faculties and Departments annually. These data allow monitoring of consistency in grading over time and between sections of multiple-section courses, and provide insight into comparative grading across the institution.

6. RECORDS RETENTION

Each instructor will keep a record of either the raw scores or numerical grades achieved by students in each test, examination, or other assignment that will count towards the final grade and of the percentage weight assigned to each. The details contained in this documentation must enable the instructor (or the Department on the instructor's behalf) to reconstruct the student's final grade where the necessity arises.

Departments shall keep this documentation with the detailed record of the component marks for at least one year after the final examination.

Students' final examinations, and any unreturned term work, shall be retained and then shredded six months after the deadline for reappraisal and grade appeals (see §23.5.4(2)).

Grading Procedure (Appendix A): Historical Distribution of Grades

Office of Administrative Responsibility: Provost and Vice-President (Academic)

Approver: General Faculties Council (Executive Committee)

Historical mean grades by course level are based on University-wide data from 2003 to 2010. They are provided for information and reference for instructors and students. They are inappropriate to use for small classes, and must not ever be applied rigidly even in large classes. Grades must reflect the level of student achievement.

It is the responsibility of the Registrar’s Office, as custodian of the official grade records, to provide relevant grade distribution data annually to Faculties and Departments to allow monitoring of consistency in grading over time and between sections of multiple-section courses, and provide insight into comparative grading across the institution.

Access to Evaluative Course Material Procedure

Office of Administrative Responsibility: Provost and Vice-President (Academic)

Approver: General Faculties Council

Scope: Compliance with University procedure extends to all members of the University community.

Overview
University regulations regarding the conduct of examinations are contained in Section 23 of the University Calendar, with the exception of this procedure concerning access to past evaluative material and the procedure concerning Consolidated Final Examinations.

Purpose
To define University-wide procedures with respect to access to past or representative evaluative material.

PROCEDURE

1. EVALUATIVE COURSE MATERIAL
The provision of student access to past or representative evaluative course material in undergraduate courses as outlined herein is intended to (a) ensure equal access to such material by all students and (b) provide students with a potentially useful aid to their studying.

   a. Assessable Materials
Access must be provided to past or representative evaluative course material, listed below:
   - Final examinations;
   - Evaluative course material that accounts for 30% or greater of a student’s course grade;
   - Past evaluative course material that is made available by the Faculty, department or professor to students directly or via students’ associations;
   - Past evaluative course material that is permitted to leave the classroom;
   - Representative evaluative course material where actual examinations are not provided.

   b. Access requirements
Evaluative material will be made available in at least one of the following ways:
   - By submission to the Students’ Union Exam Registry by a representative of the teaching unit, such as a department or, in the case of non-departmentalized Faculties, the Faculty.
- By electronic publication on a website maintained by an instructor, a department or a Faculty where every student registered in a course will have equal access to the material.
- Answer keys are not required to be made available. No keys or answers to evaluative material will be made available unless the instructor has made these keys or answers available to students.
- Evaluative course material submitted by students or student associations must be approved by the Faculty, Department, or instructor.
- For the purposes of administering the Exam Registry, the Registrar’s Office shall provide a list of all course changes to the Students’ Union Exam Registry.

c. Exemptions

Particular courses or entire departments can be exempted from this policy at the discretion of each Faculty Council, provided that the Faculty has a policy that ensures the evaluative material to be exempted is neither permitted to leave the classroom nor made available to students in any manner outside the classroom.

Faculty Councils shall refer these exemptions, together with the minutes of that meeting, to the Students’ Union for information.

Where a Faculty Council has approved the withholding of evaluative material, it is encouraged to provide access to representative course material, where possible.

Overview
University regulations regarding the conduct of examinations are contained in the University Calendar, with the exception of this procedure concerning **consolidated final examinations** and the Access to Evaluative Course Material Procedure.

**Purpose**
To define University-wide procedures with respect to consolidated final examinations.

**PROCEDURE**

1. COMMON (CONSOLIDATED) FINAL EXAMINATIONS IN MULTI-SECTIONED COURSES
   a. Approval of consolidated examinations
      
      Faculties will determine which courses best demonstrate the need for a consolidated final examination on a continuing basis, and request approval by the GFC Executive Committee. Approval must be obtained from the GFC Executive Committee prior to scheduling or conducting a consolidated final examination.
   
   b. Time of consolidated examinations
      
      Consolidated examinations will be scheduled as follows:
      - The day immediately following the official end of classes for the term will not be used to schedule consolidated final examinations;
      - Other days, excluding Sundays and holidays, prior to the official start of final examinations may be used;
      - The Saturday during the official examination period may be used if it is not used for normally scheduled examinations;
      - Days after the official examination period may be used providing they are prior to December 23rd in the Fall Term and allow a minimum of 23 working days between the last day of Winter Term examinations and the first day of Spring convocation.
   
   c. Coordination of examinations
The examinations are coordinated by the Faculty in which the courses are taught. Faculties and departments are responsible for providing instructional and support staff on exam day. There is no guarantee that gymnasium seating will be available.

d. The Examinations and Timetabling division of the Registrar’s Office will consult with Faculties regarding the dates and time of the consolidated examinations. Every attempt will be made to construct a conflict-free schedule. However, should a student have conflicting consolidated examinations scheduled, the Faculties involved will make an accommodation for the student. Courses for which consolidated examinations are given will be identified as such in the course listings and the times of writing presented on the website of the Registrar's Office (www.registrar.ualberta.ca).

e. The Office of the Registrar will keep a list of courses that have used, or currently use, consolidated examinations.

DEFINITIONS

| Consolidated Final Examination | A final examination for a multiple-section course that is held at a single time. |

### 23.3 Attendance

Since presence at lectures, participation in classroom discussions and projects, and the completion of assignments are important components of most courses, students will serve their interests best by regular attendance. Those who choose not to attend must assume whatever risks are involved. In connection to this students should review the following sections.

The University recognizes that occasionally life events occur that require a student to miss term work, term examinations, or final examinations. However, excused absences are not granted automatically and will be considered only for acceptable reasons such as incapacitating illness, severe domestic affliction, or religious convictions.

Unacceptable reasons include, but are not limited to personal events such as vacations, weddings, or travel arrangements. When a student is absent without acceptable excuse, a final grade will be computed using a raw score of zero for the work missed. Any student who applies for or obtains an excused absence by making false statements will be liable under the Code of Student Behaviour. Students should consult their Faculty for detailed information and requirements.

#### (1) Absence from Term Work or Term Examinations

Approval for an excused absence from term work (e.g., classes, labs, assignments, quizzes, term papers, reports, etc.) or term exams is at the discretion of the instructor.

To apply for an excused absence, a student must present supporting documentation pertaining to the absence to the instructor within two working days following the scheduled date of the term work or term exam missed, or as soon as the student is able, having regard to the circumstances underlying the absence.
a. Where the cause is incapacitating illness:
   i. a medical note cannot be required.
   
   ii. if a student chooses to provide a medical note, the University of Alberta Medical Statement Form may be downloaded from the Online Services section of www.registrar.ualberta.ca
   
   iii. Instructors may request other adequate documentation at their discretion such as a form from the student’s Faculty or a statutory declaration.

b. In other cases, including domestic affliction or religious conviction, adequate documentation must be provided to substantiate the reason for an absence. Instructors may either waive the term work or term exam, or require the student to make up the term work or term exam.

   For a waiver, the percentage weight allotted to the term work or term exam missed may be distributed to other term work, term exams, and/or the final exam as decided by the instructor.

   For make-ups, the student is required to complete equivalent term work or term exam as decided by the instructor. If the student does not complete the make-up as prescribed by the instructor, a raw score of zero will be assigned for the missed term work or term exam.

(2) Absence from Final Exams: A student who has missed a final exam because of incapacitating illness, severe domestic affliction or other compelling reason (including religious conviction) may apply for a deferred exam.

To apply for a deferred exam, a student must present supporting documentation pertaining to the absence to their Faculty office within two working days following the scheduled date of the exam missed, or as soon as the student is able, having regard to the circumstances underlying the absence.
a. Where the cause is incapacitating illness:
   i. a medical note cannot be required.
   ii. if a student chooses to provide a medical note, the University of Alberta Medical Statement Form may be downloaded from the Online Services section of www.registrar.ualberta.ca
   iii. Faculties may request other adequate documentation such as a Faculty specific form or a statutory declaration.

b. In other cases, including domestic affliction or religious conviction, adequate documentation must be provided to substantiate the reason for an absence.

c. A deferred exam will not be approved if a student
   i. has not been in regular attendance where attendance and/or participation are required, and/or,
   ii. excluding the final exam, has completed less than half of the assigned work.

d. Students with two or more deferred exams outstanding from a previous term may be required to reduce the number of courses in which they are registered.

e. The student must seek the approval of the dean or designate of the student’s Faculty on the application for a deferred final exam, if approved, students should refer to §23.5.6 for details on writing deferred exams;

f. In the case of an approved application for deferred final exam, the student’s Faculty will inform the Department responsible for the course of the approved deferred exam. The Department will then notify the instructor;

g. Payment of the required fee will normally be made at the time of approval of the application for deferral but must be made no later than two weeks after approval. Refer to §22.2.8 for details
on where to pay fees and to §22.2.12 for fees for special services.

b. Every course outline should contain the following statement: "Policy about course outlines can be found in §23.4(2) of the University Calendar."

c. Every course outline should contain the following statement: "The University of Alberta is committed to the highest standards of academic integrity and honesty. Students are expected to be familiar with these standards regarding academic honesty and to uphold the policies of the University in this respect. Students are particularly urged to familiarize themselves with the provisions of the Code of Student Behaviour (online at www.governance.ualberta.ca) and avoid any behaviour which could potentially result in suspicions of cheating, plagiarism, misrepresentation of facts and/or participation in an offence. Academic dishonesty is a serious offence and can result in suspension or expulsion from the University."

d. Nothing in any course outline, syllabus or course web-site may override or contravene any Calendar regulation or GFC policy. In resolving any discrepancy, GFC policy and Calendar regulations will take precedence.

e. Instructors may indicate in the course outline the date, time and place on which the deferred examination for the course will occur, should one be required. See §23.5.6.

b. Nothing in any course outline, syllabus or course web-site can override or contravene any Calendar regulation or University policy. In resolving any discrepancy, University policy and Calendar regulations take precedence.

c. Instructors may indicate in the course outline the date, time and place on which the deferred examination for the course will occur, should one be required. See §23.5.6.
f. Instructors should discuss with the class their expectations with respect to academic honesty issues and outline both permitted and prohibited behaviour.

g. Every course outline must contain the following statement: "Audio or video recording of lectures, labs, seminars or any other teaching environment by students is allowed only with the prior written consent of the instructor or as a part of an approved accommodation plan. Recorded material is to be used solely for personal study, and is not to be used or distributed for any other purpose without prior written consent from the instructor."

h. Instructors must follow copyright regulations as established by the University from time to time in the duplication of course material.

i. Instructors should allow students a reasonable time in which to complete an assignment, bearing in mind its weight.

j. Instructors should mark and return to students with reasonable dispatch all term examinations and, provided the students submit them by the due date, all course projects, assignments, essays, etc.

k. All projects, assignments, essays, etc., should be returned on or by the last day of classes in the course, with the exception of a final major assignment (which may be due on the last day of classes), which should be returned by the date of the scheduled final examination or, in non-examination courses, by the last day of the examination period.

l. Upon request, instructors are required to provide the method which was used to translate
(3) Procedures for Registering Complaints about Marking, Grading, and Related Issues:

a. Where the above guidelines have not been followed or where students have concerns about the instructor’s teaching, the student should make the concern known to the appropriate individual in the following sequence:
   i. Instructor
   ii. Chair of the department in which the course is taught
   iii. Dean of the Faculty in which the course is taught (some Faculties have delegated this authority to departments)

b. A student needing advice on these matters should see the student advisors in the Office of the Dean of Students.

c. These procedures do not constitute a mechanism for appeals and grievances regarding the academic standing or individual grades of a student. Appeals and grievances of that nature are dealt with in §23.8 of the Calendar.

(4) Assigning Grades: Grades reflect judgements of student achievement made by instructors. These judgements are based on a combination of absolute achievement and relative performance in a class. The instructor should mark in terms of raw scores, rank the assignments in order of merit, and, with due attention to the verbal descriptions of the various grades, assign an appropriate letter grade to each assignment.

c. These procedures do not constitute a mechanism for appeals and grievances regarding the academic standing or individual grades of a student. Appeals and grievances of that nature are dealt with in §23.8 of the Calendar.

(4) Assigning Grades: Grades reflect judgements of student achievement made by instructors and must correspond to the associated descriptor. These judgements are based on a combination of absolute achievement and relative performance in a class. Faculties may define acceptable grading practices in their disciplines. Such grading practices must align with the University of Alberta Assessment and Grading Policy and its procedures, which are available online at the University of Alberta Policies and Procedures Online (UAPPOL) website (www.policiesonline.ualberta.ca).

**Final Grades**

- AE: aegrotat standing
- AU: registered as an auditor
- AW: registered as an auditor and withdrew
- CR: completed requirements, no grade point value assigned
- EX: exempt
- IN: incomplete
- IP: course in progress
- IP*: withdrew from or failed course in progress
- NC: failure, no grade point value assigned
- W: withdrew with permission

**Remarks**
1 grade includes a mark of ‘0’ for final examination missed, or for term work missed, or both
2 grade includes a mark of ‘0’ for final examination missed, or for term work missed, or both, and deferred final examination granted
3 credit withheld
4 reexamination granted
5 failure (assigned to failing Graduate Student grades only)
6 failure, grade includes a mark of ‘0’ for final examination missed, or for term work missed, or both (assigned to failing Graduate Student grades only)
7 failure, grade includes a mark of ‘0’ for final examination missed, or for term work missed, or both, and deferred final examination granted (assigned to failing Graduate Student grades only)
8 disciplinary sanction for serious instances of inappropriate academic behavior
9 failure, disciplinary sanction for serious instances of inappropriate academic behavior (assigned in the same circumstances as the remark of 8 but to failing Graduate Student grades only)

(6) Grade Point Average (GPA): All courses have been assigned an appropriate weighting factor, which along with a student’s grade point values, enables the Registrar’s Office or the Dean’s office to compute the Grade Point Average.

The Grade Point Average (GPA) is a measure of a student’s weighted average, obtained by dividing the total number of grade points earned by the total units of course weight attempted.

Rules for Computing the GPA

a. The GPA for any period is based on the final grades, including failing grades in all courses taken during a specified period.

b. GPAs are calculated according to the following formula: GPA = \[\frac{\text{sum of [grade point value x units of course weight]}}{\text{sum of units of course weight}}\]
GPA = \frac{\text{sum of } [\text{grade point value } \times \text{ units of course weight}]}{\text{sum of units of course weight}}

c. A reexamination mark or a deferred examination mark replaces the original final examination mark. The revised final grade is included in the computation of the GPA.

d. When a student has a deferred, incomplete or a missing grade, the GPA is not computed until a final grade is reported.

e. Grades of IN5 are counted as numeric grades of 0.00 in the computation of any GPA.

f. Grades of W (withdrew) are excluded from the computation of the GPA.

g. Grades of CR and NC are not included in the computation of any GPA.

h. Any GPA is rounded to the nearest decimal place using standard rounding rules – that is it is rounded up with a value of 5 or greater in the first nonsignificant place and rounded down with a value of 4 or less in the first nonsignificant place.

Types of Grade Point Averages: Faculties may use different averages for various decisions regarding academic standing, promotions, and graduation, as long as these have been approved by General Faculties Council. Such averages are descriptively labelled.

a. Admission Grade Point Averages (AGPA) see §14.2.1.

b. Fall/Winter and/or Spring/Summer Grade Point Averages are reported on transcripts and is used by most Faculties to determine academic standing.

c. Term Grade Point Average may be calculated at the end of Fall, Winter, Spring or Summer, and used to determine eligibility for reexamination (see §23.5.5).
d. **Promotion and Graduation Grade Point Averages** are Faculty specific and are defined in the Faculty sections of the Calendar.

e. **Faculty Grade Point Average (FGPA):** The Faculty Grade Point Average (FGPA) is a cumulative measure of a student’s grade points obtained while registered in a Faculty in all years and terms, including Spring/Summer. FGPA is a weighted average obtained by dividing the total grade points earned by the total units of course weight attempted. The FGPA is currently used by the Faculty of Arts.

**Rules for Computing the FGPA**

i. The rules related to calculation of GPA [see §23.4(6)] also apply to the calculation of FGPA.

ii. The initial assessment and any subsequent reassessment of academic standing using FGPA is based on a student’s performance in a minimum of nine units of course weight (≥9). If, at the time of review, the student has attempted less than ≥9 since the last assessment while registered in the Faculty, the assessment will be deferred until the next assessment period.

iii. Assessments are performed at the end of a student’s registration in Fall/Winter (or at the end of a student’s program) and are based upon the final grades in all courses taken in that and prior periods while registered in the Faculty. At the discretion of the faculty an assessment may also be performed at the end of a student’s registration in Spring/Summer.

iv. If a student is required to withdraw and subsequently allowed to continue (after a successful appeal or after successfully completing required work at another institution) the FGPA will be calculated from the term in which readmission or continuation is granted, not from the time of first admission into the Faculty. Such a restart of FGPA will be allowed only once for any
student in a Faculty.

v. Students continuing in a Faculty following a restarted FGPA as described above must thereafter maintain a minimum FGPA of 2.0.

(7) Aegrotat Standing: Aegrotat standing may be granted, in special circumstances, on the grounds of illness to deserving students who have completed at least one year at the University of Alberta in the Faculty in which they are currently registered. Any student wishing to take advantage of this privilege should apply without delay to the dean of the Faculty concerned. Any other student absent from a final examination because of illness may apply for permission to write the regular deferred examination.

(8) Competence in Written Work: General Faculties Council urges all instructors of University undergraduate courses to provide that suitable portions of course testing or other course work should be in the form of written essay responses and to emphasize to students that competence in written work is integral to competence in a subject and will constitute part of the basis on which the student’s course grade is determined.

All instructors should make clear at the outset of each course their expectations in regard to the standard and importance of writing in assignments and examinations. Refer to §24.16 for information on Effective Writing Resources.

(9) Official Grades: Student grades are unofficial until they have been approved by the appropriate Faculty Council at the end of Fall/Winter or Spring/Summer. Prior to approval by Faculty Council, unofficial grades are reported on transcripts and so noted. Students can generally expect that official grades will be available in early June for Fall/Winter, and early September for Spring/Summer. Students obtain their Statement of Results on Bear Tracks (https://www.beartracks.ualberta.ca) following the approval of grades.

(1) **Final Examinations:** A final examination is held in each course except where departure from this arrangement has been authorized by the Faculty council governing the department offering the course. Final examinations for Fall courses shall be held in December. Final examinations for Winter or two-term Fall/Winter courses shall be held in April. Final examinations for Spring courses shall be held in June. Final examinations for Summer or two-term Spring/Summer courses shall be held in August. Examinations for evening credit program and late afternoon and evening courses are to be held during the last regular class period, excluding Augustana Faculty. Final examinations in Augustana Faculty evening courses are to be held in the evening during the regular examination period.

(2) **Examination Schedule:** The schedule of Fall and Winter Terms final examinations (and mid-term examinations in two-term courses) shall be related directly to the basic University timetable. Where possible, the final examination schedule for Augustana Faculty courses shall be related directly to the basic University timetable. Some dates may vary. Students should also see §54.4.

In the Faculty of Education, for those Faculty courses which form part of a professional term and hence do not conform to the standard timetable, the scheduling of the final examinations shall become the responsibility of the Faculty.

In the Faculty of Education, for those Faculty courses which form part of a professional term and hence do not conform to the standard timetable, the scheduling of the final examinations shall become the responsibility of the Faculty.
In the MBA program final examinations in all evening courses shall be scheduled into the week immediately following the last week of classes in each term in order to allow for equal instructional hours in the full- and part-time programs.

Final examinations or mid-term examinations in two-term courses shall not exceed three hours in length.

The Examination Schedule shall be adhered to and no attempt made to adjust examination schedules to accommodate students who have failed a course and are repeating without attendance.

Normally there shall be no departure from the official Final Examination Schedule. Instructors and students may, however, petition the Faculty Council concerned for permission to depart from the Schedule if justified reasons can be established. No departures shall be considered for approval unless the instructor of the class concerned and every student registered for credit in the class have given their written consent. Such consent shall take the form of either written letters or signed and dated forms made available from the Dean’s office. These notices of consent shall be conveyed to the Dean of the Faculty offering the course on an individual basis at least one month prior to the new dates being requested. If and when unanimous consent is received from the class, this fact shall be communicated to both the instructor involved and the Faculty Council. All such notices of consent shall be received by the Dean, in confidence, and it will not be the Dean’s responsibility to insure that all members of the class have been informed of the need to submit such written consents. This will be the responsibility of the Instructor or of those members of the class who have initiated the request for a change in the examination date.

The requirement that notices of consent for

**Note:** Permission to depart from the Final Examination Schedule may be authorized by the Dean in Faculties where the Faculty Council has delegated this responsibility to the Dean.

The requirement that notices of consent for
Departures from the official Final Examination Schedule shall be conveyed to the Dean at least one month prior to the new date being requested, shall be rigidly enforced.

The rescheduling of examinations or tests in the final week of classes is not permitted.

(3) Where a final examination has been scheduled, students registered in the course may not be debarred from writing that final examination.

(4) **Marking of Papers:** Departments and instructors shall be informed that the marking of examinations be given first priority in order to expedite the submission of Grade Report Forms to the Registrar.

No member of a Department shall be permitted to go away taking the original examinations papers with him or her for marking without permission of the unit head. In a case where a member of a Department applies for leave before the end of term, this will only be granted on condition that the head of the Department arranges for the papers to be read here in the usual way.

All examinations and assignments shall be marked only by the instructor(s) or by persons expressly authorized by the Department Chair (or by the Dean in non-departmentalized Faculties) to mark them.

(5) The following discretionary policy on student access to final examination papers was affirmed by General Faculties Council:

Departments subscribing to the belief that there is educational value in permitting students to see
their final examination papers after they have been marked are not only at liberty, but are encouraged, to make the papers available on request, and to allow for discussion where possible; that the objective here is an educational end: i.e., it is *not* a substitute for existing reappraisal procedures for the reconciliation of grades; that where the department is prepared to grant outright release of the paper it must not do so until the deadline for applications for reappraisal has passed, since an appeal cannot be entertained after the custody of the paper has been relinquished to the student.

(6) **Grades of Incomplete:** The grade of “incomplete” (IN) is normally awarded when an undergraduate student is prevented by illness, domestic affliction, or other extreme circumstance from submitting an assignment by the end of term. When a grade of IN is awarded, the student is required to submit the assignment within 10 days after the end of the final examination period of the term for the course. At the request of the Department Chair concerned, the student’s Dean may grant an extension of time to a maximum of four months after the end of the term. If the assignment is not submitted by the prescribed deadline, the Registrar will record a grade of “NC” or a grade of “F” plus a remark of “1”, as appropriate. Before finalizing the student’s grade the Office of the Registrar and Student Awards will give 30 days written notice to the student’s Faculty and to the Department in which the course is offered.

### 52. Examinations

**Note from the University Secretariat:** The Post-Secondary Learning Act gives General Faculties Council (GFC) responsibility, subject to the authority of the Board of Governors, over "timetables for examinations and for lectures and other instruction" (section 26(1)(d)). GFC also has the responsibility to "consider and make decisions on the reports of faculty councils as to the appointment of examiners and the conduct and results of examinations in the faculties" (section 26(1)(e)). GFC has thus enacted a policy on Examinations, as set out below.

The complete wording of the section(s) of the Post-Secondary Learning Act, as referred to above, and any other related sections, should be checked in any instance where formal jurisdiction or delegation needs to be determined.

**NOTE FROM THE UNIVERSITY SECRETARIAT:** GFC regulations concerning examinations are contained in the Calendar with the exception of the following regulations. In accord with a motion passed by the GFC Executive Committee on November 9, 1992, the academic regulations contained in the Calendar may not be changed without GFC approval.

#### 52.1 Deferred Final Examinations

A deferred final examination may be granted at the Dean's discretion when a student has missed the final examination because of negligence (eg, misreading timetable).

#### 52.1.1 Final Examinations

Where a final examination has been scheduled, students registered in the course may not be debarred from writing that final examination.

#### 52.2 Authority for Determining Examination and Final Grades

The determination of the final grades in a course shall be the initial responsibility of the instructor(s) or of the persons expressly authorized by the Department Chair (or the Dean in non-departmentalized Faculties) to determine the final grade. The Faculty Council under whose auspices a course is offered has the ultimate authority to determine the examination grades.

whose auspices a course is offered has the ultimate authority to determine the examination grades and final grades in courses.

It is suggested that the larger Faculties delegate to Departments the authority over grades which is specified above, and that any such delegations of authority be filed with the Secretary to GFC.

It is suggested to all Faculties that they determine, and make known within their Faculty, the following informal grievance route concerning problems which involve a course/grade: instructor of the course, Chair of the Department where the course is taught, Dean of the Faculty which offers the course. This informal process is meant to precede and to avoid formal appeal, but does not preclude formal appeal to the Faculty Council.

This informal grievance route is described in Calendar §23.4(3)

52.3 Release of Final Examination Answers

Student answers to final examination questions should be disposed of six months after the lapse of the request for reappraisal appeal deadline date.

Moved to Grading Procedure #6

Students’ final examinations, and any unreturned term work, shall be retained and then shredded six months after the deadline for reappraisal and grade appeals.

52.4 Recording of Results on Examination Returns

1. The term work and the final examination mark will no longer be required on the examination return. Only the final grade, the percentage weights of the component marks used in establishing the final grade, and other required remarks shall be recorded on the examination return.

Departments shall keep the class record books with the detailed record of the component marks for at least one year after the final examination.

Moved to Grading Procedure #6

Departments shall keep this documentation with the detailed record of the component marks for at least one year after the final examination.

Moved to Calendar §23.5.3(4)

Duplicate of Calendar §23.5.3(6)

2. In the case where a Department has been instructed to calculate a final grade and the student has missed the final examination, the instructor should compute and record the grade, but should enter the remark "1" in the Examiner’s Recommendation column of the examination return to indicate that the student was absent from the final examination or to indicate that work was missing.

3. The grade of "incomplete" (IN) is normally awarded when an undergraduate student is prevented by illness, domestic affliction, or other extreme circumstances from submitting an assignment by the end of the term. When a grade of IN is awarded, the student is required to submit the assignment within 10 days after the end of the final examination period of the term for the course. At the request of the Department Chair concerned, the student’s Dean may grant an extension of

If the assignment is not submitted by the prescribed deadline, the Registrar will record a grade of “F” or a grade of “F” plus a remark of “6”, as appropriate. Before finalizing the student's grade, the Office of the Registrar and Student Awards will give 30 days written notice to the student's Faculty and to the Department in which the course is offered.

4. Each instructor should keep a record in the Class Record Book of either the raw scores or numerical grades achieved by students in each test, examination, or other assignment that will count towards the final grade and of the percentage weight assigned to each. The details contained in the Class Record Book should enable the instructor (or the Department on the instructor's behalf) to reconstruct the student's final grade where the necessity arises, as it may if the student applies to have a final examination reappraised, or if the student is reexamined or writes a deferred final examination.

NOTE FROM THE UNIVERSITY SECRETARIAT: The remark “I” (above) has the following meaning: (EXEC 13 JAN 2003)

1—grade includes a mark of ‘0’ for final examination missed, or for term work missed, or both.

52.5 Reappraisals

The fee for reappraisal shall not be paid to the instructor conducting the reappraisal.

52.6 Examination Schedule

1. The GFC regulation that the Faculty Council concerned shall be petitioned for permission to depart from the official Examination Schedule is interpreted to mean that such changes can be authorized by a Dean provided that the Faculty Council has delegated the responsibility to the Dean.

2. Department Chairs, after consultation with the Dean of the Faculty, may authorize the setting of separate final examinations for off-campus Credit Program classes when the regular final examinations are scheduled for days when the public schools are in session.

Each instructor will keep a record of either the raw scores or numerical grades achieved by students in each test, examination, or other assignment that will count towards the final grade and of the percentage weight assigned to each. The details contained in this documentation must enable the instructor (or the Department on the instructor’s behalf) to reconstruct the student’s final grade where the necessity arises.
### Approval of Consolidated Examinations

Faculties will determine which courses best demonstrate the need for a consolidated final examination on a continuing basis. **Approval must be given by the GFC Executive Committee.**

### Time of Consolidated Examinations

Consolidated **Final Examinations** will be scheduled as follows:

- The day immediately following the official end of classes for the term will not be used to schedule consolidated final examinations;
- Other days, excluding Sundays and holidays, prior to the official start of final examinations may be used;
- The Saturday during the official examination period may be used if it is not used for normally scheduled examinations;
- Days after the official examination period may be used providing they are prior to December 23rd in the Fall Term and allow a minimum of 23 working days between the last day of Winter Term examinations and Spring convocation.

### Coordination of Examinations

The examinations are coordinated by the Faculty in which the courses are taught. Faculties and Departments are responsible for providing instructional and support staff on exam day. There is no guarantee that gymnasium seating will be available.

### The Examinations and Timetabling Division of the Registrar's Office

The Examinations and Timetabling Division of the Registrar's Office will consult with Faculties regarding the dates and times of the consolidated examinations. Every attempt will be made to construct a conflict-free schedule. However, should a student have conflicting consolidated examinations scheduled, the Faculties involved will make an accommodation for the student. Courses for which consolidated examinations are given will be identified as such in the course listings and the times of writing presented on the web. ([www.registrar.ualberta.ca](http://www.registrar.ualberta.ca))

The Office of the Registrar and Student Awards will keep a list of past and current consolidated examinations.

### Past Evaluative Course Material (Examination Registry)

**Moved to Access to Evaluative Course Material Procedure**
Note from the University Governance: At the February 15, 2007 meeting of the GFC Academic Standards Committee, changes to Section 52.8 (Past Evaluative Course Material) were approved. These changes will take effect September 1, 2008. Please contact University Governance for further information.

52.8.1 Definitions

Evaluative Course Material

For the purposes of this policy, evaluative course material shall be considered to be any final examination paper, any midterm examination paper and any other examination paper which counts towards a student's course grade.

Final Examinations

Any examinations held during the Final Examination Period in each term of all sessions as described in the University Calendar.

Representative Evaluative Course Material

For the purpose of this policy, representative evaluative course material shall be sample examination papers or questions that give a fair representation of the length, nature and level of difficulty of an actual examination in the course.

52.8.2 Rationale

A policy of providing access to past or representative evaluative course material shall be adopted in order to:

1. ensure equal access to past evaluative material by all students; and,

2. provide students with a useful study tool.

52.8.3 Evaluative Material to be Provided

(See definition of evaluative material above.)

Access must be provided to any evaluative course material, listed below, used in any undergraduate course during any University session, with the exception of term paper or other paper topics:

- Final examinations;

Not necessary; the term is defined in the course of the procedure.

Moved to Access to Evaluative Course Material Procedure Purpose

To define University-wide procedures with respect to access to past or representative evaluative material.

Moved below.

1. Evaluative Course Material

a. The provision of student access to past or representative evaluative course material in undergraduate courses as outlined herein is intended to

   (a) ensure equal access to such material by all students
   
   and (b) provide students with a potentially useful aid to their studying,

   Access must be provided to past or evaluative course material, listed below, used in any undergraduate course during any University term:
### §52.8.4 Access Requirements

Evaluative material shall be made available in at least one of the following ways:

1. By submission to the Students’ Union Exam Registry by a representative of a teaching unit, such as a Department or, in the case of non-departmentalized Faculties, the Faculty.
2. By electronic publication on a website maintained by an instructor, a Department or a Faculty where every student registered in a course will have equal access to the material.

### §52.8.5 Exemptions

Particular courses or entire departments can be exempted from this policy at the discretion of each Faculty Council, provided that the Faculty has a policy which ensures that the evaluative material to be exempted is not permitted to leave the classroom nor made available to students in any manner outside the classroom.

Faculty Council shall refer these exemptions, together with the minutes of that meeting, back to the Director of the Students’ Union Registries for information.

Where a Faculty Council has approved the withholding of evaluative material, it is encouraged to provide access to representative evaluative course material as provided in §52.8.4.

### §52.8.6 Other Provisions

No keys or answers to evaluative material shall be submitted to the Students’ Union Exam Registry, or published in any electronic format unless the instructor has made these keys or answers available to students. In that case the keys or answers shall be submitted to the Registry or published electronically along with the exam.

Moved to b. above.
they belong to according to the procedures described above.

The Students' Union Exam Registry shall receive a list of all course changes from the Registrar's Office.

The Students' Union Exam Registry shall only accept evaluative course material from students or students' associations, if access to the evaluative course material has been approved by the Faculty, Department or instructor.

The Students' Union Exam Registry shall be operated on a non-profit basis. In order to ensure that the exams provided by the Students' Union Exam Registry are representative of current exams, the Students' Union Exam Registry shall implement a policy of purging all but the three most recent exams of each type for each particular course and instructor from its files on an annual basis.

This policy shall be reviewed by APC three years after its implementation and amended as deemed appropriate.

### 52.9 Location

Examinations shall be conducted only in centers within the Province of Alberta except with the permission of the Registrar.

### 61. Grading System

**Note from the University Secretariat:** The Post-Secondary Learning Act gives General Faculties Council (GFC) responsibility, subject to the authority of the Board of Governors, over "academic affairs" (section 26(1)). GFC has thus established the Grading System, as set out below. The complete wording of the section(s) of the Post-Secondary Learning Act, as referred to above, and any other related sections, should be checked in any instance where formal jurisdiction or delegation needs to be determined.

**NOTE FROM THE UNIVERSITY SECRETARIAT:** GFC regulations concerning the grading system are contained in the Calendar with the exception of the following regulations. In accord with a motion passed by the GFC Executive Committee on November 9, 1992, the academic regulations contained in the Calendar may not be changed without GFC approval.

### 61.1 The Four-Point Letter Grading System (Also See Pass/Fail, 61.2)

**Purpose of the System**

During the 1965-66 Session, the General Faculties Council agreed that in September, 1966, a nine-point grading system would be introduced. The main purpose of the new system was to achieve a more uniform distribution of marks than had existed in the past between different courses and between different sections of the same course, so that there would be a reasonable degree of comparability between the marks in the courses. A number of changes to the grading system have been made since 1966. For instance, the grade of 3, which until 1986 will be a conditional grade falling between a pass and a failure, will be a failing grade beginning September 1986. GFC policy in effect from 1966-1985 covering the grade of 3 as a conditional grade may be obtained from the Secretary to GFC.

At its meeting on March 15, 1999, General Faculties Council approved the following motion: THAT General Faculties Council approve a proposal from the CAAST (Committee on Admissions, Academic Standing and Transfer) Subcommittee on Standards (SOS) for revised comments for the University of Alberta Grading system, described in Section 61.1 (The Nine-Point Grading System), Subsection A (Grading System Outline for

### Grading Procedure

**Overview of New Assessment Policy**

The Post-Secondary Learning Act of Alberta (PSLA) gives General Faculties Council (GFC) responsibility, subject to the authority of the Board of Governors, over “academic affairs” (section 26(1)). The PSLA also gives GFC responsibility, subject to the authority of the Board of Governors, over "timetables for examinations and for lectures and other instruction" (section 26(1)(d)) and to "consider and make decisions on the reports of faculty councils as to the appointment of examiners and the conduct and results of examinations in the faculties" (section 26(1)(e)). The PSLA gives faculty councils the authority to “appoint the examiners for examinations in the faculty, conduct the examinations and determine the results for them,” “… subject to any conditions or restrictions that are imposed by GFC” (section 29(1)).

### C. In addition to the grades described above, the University of Alberta currently records the following grades and remarks:

**Final Grades**
- AE: aegrotat standing
- AU: registered as an auditor
- AW: registered as an auditor and withdrew
- CR: completed requirements, no grade point value assigned
- EX: exempt
- NC: failure, no grade point value assigned
- IN: incomplete
- IP: course in progress
- IP*: withdrew from or failed course in progress
- W: withdrew with permission

**Remarks**
1. grade includes a mark of 'O' for final examination missed, or for term work missed, or both
2. grade includes a mark of ‘0’ for final examination missed, or for term work missed, or both, and deferred final examination granted
3. credit withheld
4. reexamination granted
5. failure (assigned to failing Graduate Student grades)
6. failure, grade includes a mark of ‘0’ for final examination missed, or for term work missed, or both (assigned to failing Graduate Student grades only)
7. failure, grade includes a mark of ‘0’ for final examination missed, or for term work missed, or both, and deferred final examination granted (assigned to failing Graduate Student grades only)
8. Disciplinary sanction for serious instances of inappropriate academic behavior
9. failure, disciplinary sanction for serious instances of inappropriate academic behavior (assigned in the same circumstances as the remark of 8 but to failing Graduate Student grades only)

### 61.2 Pass/Fail and Credit/No Credit Courses

Courses may be graded on a pass/fail or credit/no credit basis upon specific approval of the appropriate Faculty Council.

### 61.3 University of Alberta Marking and Grading Guidelines

#### General Principles

Both the insight provided by marking and the grades awarded are very important to students. Therefore, not only must grading provide a fair and accurate representation of performance, but it must also be understood to do so by the students receiving the grades. Grading systems should be made clear and marking should provide sufficient insight into the strengths and weaknesses of individual pieces of work to ensure that students understand the appropriateness of grades assigned. Students should feel that the instructor cares enough about them to be thorough and accurate in marking and recording at every stage of the evaluation process and that the instructor will be approachable if they have reason to believe that an error has been made. Consistency in evaluation across sections of the same course and from year to year should be maintained. Marks and grades must be treated with care and confidentiality. Posting of grades must be done by student ID rather than by name. Grades should not be posted in hardcopy format for classes with 25 or fewer students.

#### Weighting of Term Work and Final Examinations

In each course in which a final examination is held, a weight of not less than 30 per cent and not more than 70 per cent will be assigned to the final examination, except where a departure from this arrangement has been authorized by the council of the faculty in which the department offering the course is situated. The remaining weight for the course will be assigned to term work.

#### Course Requirements, Evaluation Procedures and Grading Parts are presented in the University Calendar (23.4).

The policies set out below are intended to provide instructors and their students with general course information. GFC, in approving these guidelines, expected that there would be a common sense approach to their application and understood that circumstances might develop, during a term, where a change to the course outline as set out in Section 61.6(a) of the GFC Policy Manual, made sense to all concerned. Such

*Replaced with the principles included in the Assessment Policy.*
Changes shall only occur with fair warning or general class content. Students concerned about the application of these guidelines should consult, in turn, the instructor, the chair of the department by which the course is offered, and the dean of the faculty in which the course is offered.

a. At the beginning of each course, instructors are required by GFC to provide a course outline which must include the following:

   i. a statement of the course objectives and general content.
   ii. a list of the required textbooks and other major course materials.
   iii. a list of any other course fees as described in the 'Student Instructional Support Fees Policy' and their associated costs. (EXEC 04 DEC 2006)
   iv. an indication of how and when students have access to the instructor.
   v. the distribution of weight between term work and final examination.
   vi. identification of all course activities worth 10% or more of the overall course mark.
   vii. whether marks are given for class participation and other in-class activities as well as the weight of such participation.
   viii. dates of any examination and course assignments with a weight of 10% or more of the overall course mark.
   ix. the manner in which the official University grading system is to be implemented in that particular course or section, i.e., whether a particular distribution is to be used to determine grades, or whether there are absolute measures or marks which will determine them, or whether a combination of the two will be used. Instructors should refer to the University of Alberta Marking and Grading Guidelines.
   x. an indication of how students will be given access to past or representative evaluative course material.

b. Every course outline should contain the following statement: "Policy about course outlines can be found in Section 23.4(2) of the University Calendar."

c. Every course outline should contain the following statement:

\[ \text{The University of Alberta Grading System} \]
\[ \text{The University of Alberta uses a letter grading system} \]

Note: It appears as though the remainder of this section as been tacked on to the end of the current §61 of the GFC Policy Manual, in error?
Grading reflects judgments of student achievement made by instructors. These judgments are based on a combination of absolute achievement and relative performance in a class. Some instructors assign grades as intervals during the course and others assign marks (e.g., percentages) throughout the term and then assign a letter grade at the end. Instructors must adapt their approaches to reflect the letter grading system. Grade distribution should reflect those shown in this document.

Illustrative Sample Distribution of Grades

These distributions are provided for guidance in your grading. It is not necessary for the grades in a particular class to follow any of the distributions exactly; rather, approximating the distribution for an appropriate level will ensure consistency in grading across fields of study and time.

Distribution samples to be revised and moved to Appendix to Grading Procedure.

This section reworded as introduction to Appendix.

Note: The above noted (revised) grade distribution in undergraduate courses was approved by the GFC Executive Committee, acting under GFC’s delegated authority, at its March 1, 2004 meeting. This scale, which appears in Section 61.6 (University of Alberta Marking and Grading Guidelines) of the GFC Policy Manual, is effective beginning Winter Term (WT) 2004.

### Procedures for Registering Complaints About Marking, Grading and Related Issues

**a.** Where the above guidelines have not been followed or where students have concerns about the instructor’s teaching, the student should make the concern known to the appropriate individual in the following sequence:

1) Instructor

2) Chair of the department in which the course is taught

3) Dean of the faculty in which the course is taught (some faculties have delegated this authority to departments)

**b.** A student needing advice on these matters should see the

---

**Duplicate of Calendar §23.4(3)**
the student advisors in the Office of the Dean of Students.

e. These procedures do not constitute a mechanism for appeals and grievances regarding the academic standing or individual grades of a student. Appeals and grievances of that nature are dealt with in §23.8 of the Calendar.

Cheating and Plagiarism

The University of Alberta considers plagiarism and cheating to be serious academic offences. Plagiarism and cheating can be avoided if students are told what plagiarism and cheating are and if possible sanctions are made clear at the outset. Instructors should understand that the principles embodied in the Code of Student Behaviour are essential to our academic purpose. For this reason, instructors will be fully supported by departments, faculties and the University in their endeavours to rightfully discover and pursue cases of academic dishonesty in accordance with the Code.

At the beginning of each term, instructors should review with their students the definitions of plagiarism and cheating which appear in the Code of Student Behaviour (Section 30.3.2). A sheet summarizing the appropriate sections of the Code is made available to all instructors at the beginning of each term. Instructors are also requested to inform students that when cheating and/or plagiarism occurs, a number of penalties can be imposed, such as lowering a grade or expulsion from the University (outlined in Section 30.4.2 of the Code).

University of Alberta Grade Summary Sheet

GFC policy requires that instructors complete and submit to the department chair with the final grades for each course section the grade summary sheet.

“The University of Alberta is committed to the highest standards of academic integrity and honesty. Students are expected to be familiar with these standards regarding academic honesty and to uphold the policies of the University in this respect. Students are particularly urged to familiarize themselves with the provisions of the Code of Student Behaviour (online at www.ualberta.ca/secretariat/appeals.htm) and avoid any behaviour which could potentially result in suspicions of cheating, plagiarism, misrepresentation of facts and/or participation in an offence. Academic dishonesty is a serious offence and can result in suspension or expulsion from the University.”

d. Nothing in any course outline, syllabus or course website may override or contravene any Calendar regulation
or GFC policy. In resolving any discrepancy, GFC policy and Calendar regulations will take precedence.

e. Instructors may indicate in the course outline the date, time and place on which the deferred examination for the course will occur, should one be required. See §23.5.6.

f. Instructors should discuss with the class their expectations with respect to academic honesty issues and outline both permitted and prohibited behaviour.

g. Instructors must follow copyright regulations as established by the University from time to time in the duplication of course material.

h. Instructors should allow students a reasonable time in which to complete an assignment, bearing in mind its weight.

i. Instructors should mark and return to students with reasonable dispatch all term examinations and, provided the students submit them by the due date, all course projects, assignments, essays, etc.

j. All projects, assignments, essays, etc. should be returned on or by the last day of classes in the course, with the exception of a final major assignment (which may be due on the last day of classes), which should be returned by the date of the scheduled final examination or, in non-examination courses, by the last day of the examination period.

k. Upon request, instructors are required to provide the method which was used to translate final and, where appropriate, term marks into grades.
